ALEXANDRIA, VA., WEDNESDAY EVENING, AUGUST 15, 1906.

PRICE 2 CENTS.

The Best Guaranty of Merit is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y. has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine on a class of its own. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient cathartic.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

THE POPE'S ENCYCLICAL.

The Pope's encyclical to the archbishops and bishops of France prescribing their attitude with regard to the church and state separation law attracts widespread attention in Paris, and its probable effects are the subject of animated discussion by the press and public, and particularly by the clerical and official classes responsible for the execution of the law. A pontifical messenger arrived in Paris yesterday morning bearing the document to Archbishop Richard, who soon afterward gave out the document for publication. The entourage of the archbishop summarized their views in the following words: "The Pope has spoken, and we bow with submission and joy to his instructions."

While this reflects the general attitude of the hierarchy, yet a considerable element among the clergy receives the decision by the pontiff with disappointment and regret as being likely to inaugurate an era of religious strife. The decision causes serious confusion with regard to the practical carrying out of churches. The new law lays down specific provisions concerning the organization of cultural associations, but the Pope's decision appears to make it impossible for the clergy to conform to the law.

At the archiepiscopal it was stated yesterday that no steps have yet been taken to insure the continued operations of churches. It is understood that the encyclical was accompanied by instructions concerning the means the hierarchy should adopt.

The view generally prevails that the Vatican seeks to create a situation compelling the government to enter into negotiations for some form of church organization that will be acceptable both to the church and to the State. However, there is no indication of the government's willingness to move in that direction.

The government journals strongly disapprove of the encyclical.

Attempted Assault.

William Wright, aged 53 years, colored, was arrested yesterday at Arlington, Md., on the charge of having attempted on Monday afternoon to assault Mrs. Theodore Anders, of Pimlico road, near the Falls road, while she was alone in her home. The prisoner confessed his guilt.

The attack on Mrs. Anders was a most brutal one, and his object was thwarted through the woman's superior strength, by which she succeeded in breaking from the negro's grasp and running away to a neighbor's house. According to the statement made by Mrs. Anders to the police, the negro appeared at her home at 5 o'clock in the afternoon and said that her husband was wanted at the Rock Beach and Dye Works. As soon as Mrs. Anders got near the negro, she says that he grabbed her. The woman, who is strong and muscular, broke the negro's grasp and ran into the house and locked the door. The negro battered down the door and again secured Mrs. Anders in his grasp and made threats as to what he would do if she further resisted him.

The woman again broke from the man's grasp and ran screaming to the house of Harrington Hook, about 300 yards away. The negro followed, but as someone appeared in Mr. Hook's doorway, he changed his course and ran into a nearby woods.

Mrs. Anders was prostrated by her terrible experience.

Decline of Depew.

Mr. Depew's condition is worse than many of the reports allege. At a New York bank—an institution that helped him out with a loan when the life insurance disclosures compelled a swift return of large sums he had received for investment in the town of Depew—it is common talk that he is a complete wreck. He sits by the hour in unbroken reflection upon the fallen monument of his reputation. The attendants do not break in upon his musings—not even when meal time comes.

Of late Mr. Depew has developed a habit of talking to himself. As soon as he gets out of earshot of the attendant, who never permits him to get out of sight, he begins to harangue imaginary audiences or to debate with imaginary companions; and the themes are not, as might be expected in the case of an ordinary man under great mental pressure, topics afflicting him, but remote subjects—some of them dating back to the days and nights of oratorical triumph on the stump or at public banquets.

It is a sad wreck—the saddest in the history of modern public men of this country, and all the sadder because Depew seems to have been made a scapegoat by less scrupulous persons with thicker skins.—New York Commercial.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

NATURE SPARES

The Stricken Rose From Grief.

What fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker had at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cost a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 15c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Assaulted by a Negro.

A special to the Columbus, S. C., State from Greenwood says a posse of 1,000 men is pursuing "Bob" Davis, a negro, who yesterday attempted to criminally assault Miss Jeanie Brooks, the 20-year-old daughter of J. P. Brooks, a merchant and farmer near Columbia. Brooks had absented himself temporarily leaving the young lady in charge of the store. The negro, after making some purchases, grabbed up a meat knife and said: "You are what I want." The young woman made an attempt to defend herself with an iron bar, whereupon the negro slashed her across the throat, making a gash four inches long, and almost severed two of her fingers. If caught he will probably be lynched. Davis's brother was lynched 12 years ago for assaulting a white woman.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic is neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. P. Creighton & Co., 401 King Street.
