

Alexandria Gazette

THURSDAY EVENING, SEPT. 13, 1906.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:39 a. m. and sets at 6:12 p. m. High water at 3:29 a. m. and 4:12 p. m.

Weather Probabilities.

For this section thunder showers tonight and Friday; cooler Friday; fresh southwesterly west winds.

Death Due to Accident.

That death was due to an unaccountable accident was the verdict returned by a coroner's jury which investigated the circumstances of the death of Hugh Murphy, the engineer on the Southern Railway, who died at the Emergency Hospital at 9 o'clock Tuesday night as a result of injuries received an hour and a half before, when his engine was scalded at Sixth street and Maryland avenue south-west.

The exact cause of the wreck has not been determined, but railroad men are of the opinion, judging from the appearance of the rails, that the drag of the heavy train coupled with the strain of the curve, caused the track to spread, thus releasing the front wheels from the track. The train was running about 15 miles an hour.

The remains of Mr. Murphy were brought to his home, No. 918 King street, last night, and his funeral will take place from St. Mary's Church tomorrow morning, at 9 o'clock.

The Weather.

The humid weather of the past few days has been very oppressive—as much so as in midsummer—and the discomfort occasioned by it has been the subject of much comment. Generally the weather in about this time of the year is comparatively comfortable, especially after dark. The temperature, however, during the past week has been oppressive during most of the night, or until after midnight. Last night conditions were humid and oppressive and continued so until an early hour this morning, when there was a perceptible fall in the temperature. Today the weather has been warm with threatening conditions at times. The Weather Bureau predicts cooler weather, but the mercury at 3 o'clock this afternoon registered 87°. The newspapers are recalling the weather of September, 1881, when sultry conditions prevailed during the entire month. The atmosphere was hazy nearly every day, the sun assuming a yellowish hue.

Alarms of Fire.

The alarm of fire about six o'clock yesterday evening was caused by smoke issuing from the Messrs. Ribicell's planing mill, corner of Wilkes and Royal streets. The fire department was soon on the spot, but its services were not needed, as the fire was soon subdued. A hot box of one of the machines was the cause of the fire. On January 13, 1903, there was a disastrous fire in this mill which necessitated the practical rebuilding of the structure.

The alarm sounded about 10:30 o'clock this morning was caused by the discovery of a fire in a small frame house on north Royal street, occupied by colored people. The flames were soon extinguished and the damage was slight.

Why She Was Sacrificed.

LeRoy and Meyers' original production of "Why She Was Sacrificed" will be seen at the Opera House on Saturday next. This drama is one of the strongest dramatic plays ever written and is enacted by a company of well known artists. "Why She Was Sacrificed" tells a story of heart interest. Love and hate, laughter and tears are woven around a most interesting plot. So real to life are the characters portrayed and so realistic the characters and scenes that one witnessing the performance finds it hard to realize that it is not part of their every day life. High class vaudeville will be introduced during the performance and all can depend upon seeing an exceptionally good drama.

Held for the Grand Jury.

The case of Annie Green, colored, charged with the murder of Jackson Boney, colored, of Washington, came up before Judge Thompson, in Alexandria county yesterday, and the woman was held to await the action of the grand jury, and remanded to jail. Boney, with a bullet wound in his head, was found dead on the night of August 23, in a buggy on the Long bridge. Annie Green had been Boney's companion in the afternoon, and, when arrested, declared that they had been held up by a highwayman.

The Alleged Assailant.

There was no excitement in Alexandria county last night notwithstanding the many reports in circulation during the day that "Cap" Turner, colored, suspected of assaulting on Sunday night Miss Mabel Risley and Mr. Forrest Gooding near Luna Park was to be summarily dealt with. It is denied in all quarters that any such procedure was contemplated. All the suspects that have been arrested in connection with the attacks at Four Mile Run have been released except Turner.

The Electric Lights.

There was trouble with the electric lights last night. The lamps went out on both circuits early in the night and the city was in darkness for about two hours, after which the southern circuit was lighted. Mr. L. S. Kirby, the city electrician says, she shaft in the armature became hot which caused all the difficulty. He worked on it until 2 o'clock this morning, endeavoring to remedy the difficulty. He hopes to have the line in working order by tonight.

The Hansborough Case.

The trial of the suit of Mary O. Hansborough, administrator of the estate of her husband, George Hansborough, against the Southern Railway Company, is still in progress in the Circuit Court. The hearing was concluded yesterday and arguments were begun today. The case will probably go to the jury this evening.

School Permits.

The clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools and during the day issued 338 permits—155 to boys and 183 to girls. On the corresponding day last year 355 were issued—158 to boys and 197 to girls. Permits will be issued to colored children again tomorrow.

Personal.

Congressman J. F. Rixey, who spent the summer at Colorado Springs, has returned to his home at Brandy, Calpepper Md.

Police Court.

[Justice Edgar Padgett presiding.] The following cases were disposed of this morning: Lee Level, colored, arrested by Officer Garvey charged with disorderly conduct and fighting, was dismissed. William Level, arrested by the same officer on a similar charge, was fined \$5. A white man, arrested by Officers Garvey and Sherwood charged with drunken and disorderly conduct, was dismissed. Four men, arrested by Officers Nicholson, Knight and Lyles charged with vagrancy were dismissed. Henry Simpson, arrested by Chief Goods and Officer Jones as a suspicious character, was fined \$10. Alice Harris, colored, arrested by Officers Bell and Henderson charged with assaulting Annie Harris, was fined \$5. John Twyman, colored, arrested by Officers Garvey and Beach charged with larceny, was committed to jail for ten days.

American Agricultural Chemical.

In Boston the contest for control of American Agricultural Chemical Co. has been quietly going on for some time. There have been two sets of proxies in the field, one in the interest of the Boston people and the other interest of the Standard Oil people. Proxies for use by the Boston interests have been solicited in the name of Directors Robert S. Bradley, Samuel Carr of Boston, and Cord Meyer, of New York. Proxies solicited by the Standard Oil interests have been in the name of President John F. Gibbons, Vice President Albert French, and Treasurer Thomas A. Doe. The Bradley-Carr-Meyer proxies have been received in sufficient amount to permit of the statement that the Boston interests have wrested control from the Standard Oil people. After the election, September 18th, Peter P. Bradley, of Boston, will undoubtedly succeed the Standard Oil incumbent, J. F. Gibbons, as president. When the fertilizer trust was formed the Standard Oil people controlled the Liebig Mfg. Co., and they agreed to place the Liebig Co. in the combination under an agreement that they could assume the management of the new company. For some time the Boston interests have been opposed to the lack of aggressiveness in the New York management, and they have openly criticized some of the operating policies. The report for the year ended June 30, 1906, showed net earnings of 4.09 per cent. for the common stock, but likewise showed assets sufficient to allow \$100 per share for the preferred stock, and \$20 per share for the common stock. It is now claimed that the true earning capacity has been concealed, and that actual earnings the past year have been in excess of 6 per cent. for the common stock. The change in control means a more aggressive management and the placing of the common stock within sight of dividends.

Labor Officials on Trial.

Chicago, Sept. 13.—The trial of Cornelius H. Shea and sixteen other officials of the labor organization of Chicago, who were connected with the teamsters' strike of 1905, began today. The cases have been pending on the criminal court dockets since June, 1905. The indictment in each case charges a conspiracy to injure the business of Montgomery Ward & Co., during the teamsters' strike last year.

Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering endured for three months from inflammation of the kidneys," says W. M. Sherman of Cushing, Me. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood Disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by K. S. Lealbeater & Sons' druggist. Price 50c.

LOCAL BREVITIES.

A number of Alexandria fishermen left this morning to attend the Baltimore jubilee. A meeting of the male choir of St. Mary's Church will be held tonight. Prof. Wells, of Georgetown, will resume his position as director. Mrs. Elizabeth Burgess, of Hyattsville, Md., is visiting Miss Sadye Sullivan, on Prince street. Mrs. Stewart Jamieson has returned after spending the summer at various places in the State. Engineer James Curtin is ill at his home in this city.

Former Chief Webster and Officer Roberts yesterday recovered a lady's coat, two men's coats and a pair of shoes which had been stolen from a house in this city. John Twyman, colored, was brought before the Police Court this morning charged with larceny. He was committed to jail for ten days. While at the station house Twyman made a determined effort to escape, but was prevented from doing so by officers.

In the big railway "bill" over Neabco creek, now being made, immense quantities of earth dumped into the marsh at that point forced from its resting place of many years the hull of a schooner filled with pig iron. The hull has again disappeared. A delegation of gentlemen from Charlestown, W. Va., was in this city today looking at the Alexandria banks with the object of getting plans for a new bank to be erected at Charlestown.

Fitze-ald Council, Knights of Columbus, after their regular meeting last night, adjourned to the New Hotel Rammel, where they enjoyed an oyster supper and a smoker. The evening trips of the steamer James-town, which have been so popular this summer, will be brought to a close tomorrow, when this palatial new boat will make her final moon-light trip of the season. The last trip will be made at the accustomed hours, the steamer leaving the Prince street wharf at 7:30 p. m., returning at 10:30. The orchestra will be aboard, and there will be dancing as usual, the cafe will be open. The James-town will not stop here tonight, as the boat has been chartered by private parties in Washington for a sail down the river.

A freight car jumped the track in the Southern Railway yard in this city last night and was considerably damaged. "Greater Alexandria."—Ask Joe Drew. Fried Clams 20 cents a dozen. Oysters fried, steamed or raw. Clam Soup 5c, Vegetable Soup 5c. C. H. Zimmerman, Market Space. feb 20\*1

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use Dr. Williams' Pink Pills, he will look better and feel better in short order. Be sure you get Dr. Williams' Pink Pills. A safe and sure remedy for everything ails is used for, including piles. Sold by W. F. Creighton Co., 401 King street.

"Greater Alexandria."—Ask Joe Drew. Coal is comfort. We are delivering the best grades of newly mined coal, clean and the very best grade at the bottom summer price to be delivered before July 1st. Leave your orders at DeWILTON MITCHELL, 107 south Royal street. Both Phones 95.
