CHAMBER OF COMMERCE.

A well-attended meeting of the Alexandria Chamber of Commerce was held last night.

The Board-Armstrong Company was elected members of the organization and some routine business was transacted.

The proposed King street improvement was further considered, and the announcement made that the Board of Supervisors of Alexandria county were preparing to begin the work.

The chief business, however, before the board was the movement toward the improvement of north Washington street to the city limit, which has been before the City Council during the past few weeks.

A statement was presented setting forth conditions regarding city improvements. The statement announces the determination of the organization to continue their efforts for municipal improvements.

The statement is a protest against the course of the City Council in refusing to make the appropriation for the improvement of north Washington street, and a defense of the chamber's public improvement policy.

The following is the statement in full: A STATEMENT FROM THE CHAMBER OF COMMERCE.

The Chamber of Commerce of the city of Alexandria is incorporated under the state laws and thirteen is the necessary quorum for the transaction of business. It represents about eighty per cent of the freight tonnage and about sixty per cent of the entire payroll of this city.

The chamber was organized October 1st, 1896. About two years ago, the officials of the city held frequent conferences with the officials of the county, to secure the improvement of King street extended. Nothing was accomplished. Then the Chamber of Commerce appointed a special committee, from its body, to carry plans for the improvement of the aforementioned street to a successful conclusion.

At the last meeting of the chamber this special committee reported that a contract for the work had been given and the contractor had furnished bond. This improvement will cost eighteen thousand and six hundred dollars, of which Alexandria county has contributed five thousand dollars, (we commend the broad mindedness of the county officials); the balance, thirteen thousand and six hundred dollars, is now in the hands of the Chamber of Commerce and available. During the negotiations for this improvement, the county board of supervisors became active in the improvement of all its approaches to this city; notably a good substantial broken stone roadway from St. Elmo postoffice to the corporation line at Washington street. At the time this work was contemplated the clerk of the board of supervisors addressed a communication to the chairman of the City Council street committee, requesting that the city government continue the improvement of Washington street to the county line, there connecting with its road. The joint committee on streets and finance recommended to Council the appropriation of four thousand dollars for the permanent improvement of twenty-seven feet of north Washington street, from Wythe street to Madison street, and eighteen feet from there to the county line. This will leave thirty-nine feet to be improved at the same cost to property owners as was paid by others on the same street. Notwithstanding the endorsement of the joint committee, the bill was laid on the table. Tuesday night, the 9th instant, the bill was called up and a resolution from the Chamber of Commerce, with a list of the full membership, was read, giving facts as reasons why the appropriation should be made. After a great deal of discussion it was re-committed. The work of this chamber is in the interest of business, home and individual; and it insists that the interests of Alexandria city and Alexandria county are mutual, and that the actions of the council in defeating the permanent improvement of Washington street, through the introduction of resolutions to improve that, or another street with gravel or "just like a county road," is not good business and without the semblance of economy. The Chamber of Commerce emphatically claims the same right that should be accorded the least of our citizens, viz., that of appearing before the City Council. The affronting challenge in the words "It is time for us to step down and out if we are incapable of transacting the business that comes before us" is an injustice to any citizen appearing before any city official in the interest of public improvement. We, however, accept this, and challenge the statement that the financial condition of this city makes the improvement of Washington street impossible; any statement to that effect is misleading. This statement is ordered published by the Chamber of Commerce, to assure the citizens of Alexandria that the Chamber of Commerce will continue its efforts in behalf of municipal improvements, and will not use its membership to mislead, or its messengers to burden any particular business or interest. We believe that the streets of this city should be better than county roads, and that the liberal policy of the county supervisors should be met by the City Council with reciprocal legislation.

THE JOHNSON, PINES AND DORSEY CASE.

Mr. Samuel G. Brent, commonwealth's attorney of this city, yesterday held a conference with Governor Swanson, in Richmond, relative to the commutation of the sentence of death passed upon Calvin Johnson, Richard Pines and Eugene Dorsey, the three negroes awaiting execution for the murder of Walter F. Schulz, a Chicago artist.

Mr. Louis E. Machen, counsel for Calvin Johnson, will go to Richmond to present his claims for commutation of sentence. It is said that unless Mr. Machen can present strong reasons for further delay of execution the men will be electrocuted on the dates announced.

Mr. Machen will present two petitions to the governor—one praying for the postponement of the electrocution of Johnson until Henry Smith, the self-confessed participant in the murder, shall have been tried. The other petition prays for the commutation of the punishment in Johnson's case. The petitions bear the signatures of a number of representative Alexandrians. Mr. Machen expected to go to Richmond today, but as he says he is meeting with so much success in obtaining signatures to the petitions that he has concluded to postpone his visit until early next week.

The Richmond Times Dispatch of today says: "The governor again has under consideration the cases of the three Alexandria negroes who are under sentence of death for the murder of Walter Schulz. For this crime Calvin Johnson is to go to the electric chair on November 19, Dick Pines on November 26, and Eugene Dorsey on December 3. Commonwealth's Attorney Brent, of Alexandria, was in Richmond yesterday in connection with the case, and presented the evidence to the governor. Attorney Lewis H. Machen, counsel for the negroes, is expected to make an appeal for executive clemency. The Supreme Court recently declined a writ of error in the Johnson case which was appealed as a test case."

THE LAYMEN'S CONVENTION.

Quite a number of Alexandrians are attending the great convention of the Laymen's Missionary Movement in Washington. Tonight at the Continental Memorial D. A. R. FOG THIS MORNING.

A heavy fog enveloped this city and the river this morning.

The steamer Capital City on the way up the river ran aground a short distance south of Jones' Point about three o'clock this morning. The steamer Estelle Randall and a tugboat attempted later to pull the steamer into deep water, but failed. She will probably be floated at high water late this evening. At 3 o'clock this evening another steamer towed to pull the Capital City off the mud bank, but failed.

About six o'clock this morning, while the steamer Newport News from Norfolk was feeling her way through the fog, the lookouts saw what she supposed was a tow of barges a short distance ahead. Almost simultaneously with his discovery the steamer ran into a flock of several thousand ducks. The ducks, so suddenly surprised, flew against the windows of the saloon of the steamer and caused considerable excitement for a few minutes.

OPERA HOUSE TONIGHT.

Wilson's Minstrels, in their sixteenth annual tour, will visit this city tonight. This troupe consists of 24 people, and an excellent band of 10 pieces. It is larger, better, greater than ever. In the Dress Theatre, just under the Opera House, there will be excellent moving pictures, songs and short sketches, and "Jako" will be seen, as usual, to great advantage.
