DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The cause of the wrong treatment, but probably worse, a proper medicine like Dr. Pierce's Favorite Prescription directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One or three a dose. Easy to take as candy.

THE REVOLT IN NICARAGUA.

As was stated in the Gazette yesterday the people of Managua are in open revolt against Zelaya without check from the police. They are crowding the streets and giving vent to untrained denunciation of the administration. Shouts of "Long live liberty!" "Long live the United States!" "Long live Mexico!" "Long live Estrada!" are heard on every side.

The street demonstrations began Monday night, following denunciatory speeches in Congress, and the temper of the people was madly excited by the report that a battle had been fought and won by Vasquez, commander of the Zelaya forces around Rama, and that Vasquez had massacred a large number of revolutionists. With this report came the additional rumor that Vasquez had violated the armistice, and it was not considered likely that he would do so unless under instructions from Zelaya. These reports lost nothing in passing from month to month. As the Mexican minister was the guarantor of the armistice, it is stated that official will ask for his passports, unless satisfactory explanations are made. The whole country is in a ferment, Zelaya is denounced on every hand, but he is master of the situation, and the people fear a wholesale execution of political prisoners as a parting shot. The prisons are full of men, most of whom are in a half-starved condition, and doubtless would welcome death.

The people openly demand American intervention, and vigilantes have been organized to prevent the escape of the president.

A serious danger threatens, for the American concessionaire of the electric lighting declares that he will put Managua in darkness if money due is not paid before noon tomorrow. This bill amounts to \$109,000 pesos, and it is hardly likely that the demand will be met.

GAVE HER WRONG CHILD.

Melodramatic incidents make up the allegations in the action for divorce brought in New York by Mrs. Emma Bock against her husband, Henry Bock. The woman asserts she has lost her child, and says the husband took it ten years ago when they separated. He answers he gave the child to her and it died. Now Mrs. Bock says she received the wrong child—that hers was strong, with fair hair and blue eyes, and the one she received from her husband, on an order from the courts, had dark hair, dark eyes, and was sickly. She said she cherished that child, although she knew it was not her own. Finally it died.

WAR ON STEEL TRUST.

War was formally declared upon the United States Steel Corporation by the leaders of organized labor throughout the United States and Canada at the close of a momentous two days, conference in Pittsburgh yesterday. The decision to battle, long and hard, against the stand taken by the steel corporation in its policy of "open shop" was reached by the labor conference only after hours of debate and a deal of trouble.

At the conference which passed the remarkable battle decree Samuel Gompers, president of the American Federation of Labor, presided, and through him the measure was put upon the record books of the executive council of the federation.

The grievances of organized labor against the steel corporation as set forth in the resolution have been forwarded to President Taft and the United States Senate and House of Representatives. The governors of the states in which the United States Steel Corporation owns plants or has interests will also receive a copy of the resolution.

The resolution deals principally with the low wages paid the men in the employ of the steel corporation; the hours of work, and the general condition of oppression under which the corporation is alleged to hold its employees.

The resolution sets forth that a crisis in the affairs of labor has arisen and that the gigantic trust, the United States Steel Corporation, is using its great wealth and power in an effort to rob the toilers, not only of their livelihood, but of their right of American manhood, and of the opportunity to resist its further encroachments.

Fifty years' experience of an O.D. Nurse

Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been a used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child, it rests the mother. Twenty-five cents a bottle, oct 20 cent.

CHRISTMAS CHINA AND GLASSWARE

At no previous holiday season have we had so much pleasure in asking your respect of our stocks of Imported China and Glassware; never before had we been able to assemble such desirable merchandise.

The designers abroad and in our own land have outdone their previous best efforts to a noticeable degree; have made harmony of design more harmonious, and daintiness of shape more dainty.

And equally pleasing—to us as to you—is the uniform moderation of price that prevails.

The most prominent characteristic of this holiday exhibition, aside from its artfulness is completeness—comprehensiveness. Every taste and every purse have been provided for. Variety is here—generously; variety of decorations, of shape, of size.

Our connections and facilities are such as to insure close and constant touch with the foremost European and home centers, with the result that whatever is best in the world's markets find representation here—early.

We invite your inspection of the stocks in their entirety, believing the time thus spent will prove as profitable to you as it will be pleasant to us.

READ AND ACT NOW

Do you realize that Alexandria has in Rosemont a resident section second to none of the finest around Washington? Even Chevy Chase, Washington's highest class suburb, has not as fine improvements as Rosemont. Just think! In this its first season, Rosemont has completed sewerage, water supply, gas supply, fine sidewalks, perfect macadam streets, maple shade trees just set out on all streets, paved gutters, a station building costing \$1,500, with electric heat, modern plumbing and concrete platforms, six handsome brick residences owned and occupied, and ten more nearing completion, which you can buy on satisfactory terms, and electric current and street lights will be completed this month. There is also night police protection. Any money you invest there is BOUND TO INCREASE RAPIDLY.

See me at my home in Rosemont any evening or Sunday.
