

DRY GOODS.

Alexandria Gazette.

THURSDAY EVENING, AUG. 18

LOCAL MATTERS.

Sun and Tide Table. Sun rises tomorrow at 5:36 and sets 6:52. High water at 6:29 a. m. and 7:01 p. m.

Weather Probabilities.

For this section unsettled weather, with showers tonight or Friday; not much change in temperature; moderate east to south winds.

SOUTHERN DISPUTE SETTLED.

Memoranda of the settlement of differences between railway telegraphers and their employer, the Southern Railway Company, which nearly caused a strike last March, and which were settled by arbitration, were formally filed yesterday with the District of Columbia Supreme Court, as required by statute. The board of arbitration, J. S. B. Thompson, of Atlanta, assistant to the president of the Southern Railway, and John J. Dermody, of Cincinnati, representing the telegraphers, and W. R. Vance, chosen by the Interstate Commerce Commission, acted under supervision of Commissioner of Labor Neill and officers of the Interstate Commerce Commission. Their findings which were made public several months ago, were that 10 consecutive hours inclusive of a meal hour, should constitute a working day in offices employing only one man each; nine hours in offices employing two, and eight hours in offices employing three or more; that the men should have Sundays and legal holidays off with pay, and that wages should be increased, practically 8 per cent. Mr. Dermody, for the men, dissented from some of the details of the settlement.

JOY RIDERS COME TO GRIEF.

Two young white men of this city, accompanied by a woman living in the northeastern section of this city, hired a carriage from a livery stable yesterday afternoon and drove through many of the streets of the city at a high gait attracting considerable attention. They had the horse on a gallop at times. Officers Nicholson and Reid intercepted the trio in the southern section of this city, returned the horse and carriage to the livery stable and conducted the men and the woman to the station house, where the latter left collateral for her appearance before the Police Court this morning. Her companions, not having the necessary wherewithal, were locked up. When the case was called this morning the woman failed to appear, and forfeited her deposit. The men were fined \$10 each, and one of them, against whose charge of vagrancy had been urged, had twenty days in jail added to his sentence. This was the only case before the court.

DEATH OF M. B. SELF.

Mr. Milford B. Self died about 4 o'clock yesterday afternoon at the home of his father, Mr. Compton S. Self, 604 Princess street. He had been a sufferer from typhoid fever. Mr. Self, whose home was at 329 north St. Asaph street, became ill about a week ago while his wife and two young children were in the country, and he was staying temporarily at his father's home. Mr. Self's 9-year-old son, Courtney, is said to be threatened with typhoid fever also, and his father is confined to his home by illness. The deceased was a member of Alva Aerie, Fraternal Order of Eagles. Mr. Self was until recently an employee in the office of the Mutual Ice Company in this city. He was 36 years old. Besides his widow he leaves two children.

THE RELIEF COMPANY.

A meeting of the Relief Hook and Ladder Company was held last night at which the final arrangements for participating in the firemen's parade next week were perfected. The organization decided to turn out in a body on that day and march at the head of the truck, preceded by a section of the Marine Band. An appropriation was made to aid in entertaining the visiting firemen at the truck house next week. The following delegates to the firemen's convention were elected: J. H. Trimyer, F. C. Spinks, E. S. Smith and Thos. A. Fisher. Alternates, W. H. Wildt, J. W. Hoy, A. C. Hullings and Charles Clarkson. Vice President R. M. Latham will be the representative of the company at the convention.

IN PERIL FROM BULLETS.

Farmers and other residents near Edsall, Fairfax county, about six miles south of this city, have for several weeks been entering complaints at the War Department against the target range practice by troops of the Fifteenth cavalry on the government range near that place. The complainants say they are in constant danger of their lives because of bullets from the high power army rifle. The farmers say they and their families are held in state of terror throughout the summer because of the target practice. They say that for about half of each day they are unable to work because of fear of being wounded.

LUNACY TREATMENT.

Drs. Gorman and Klipstein and Justice Thompson yesterday evening held a commission at the alms house on Scott Dabbs, colored, who is charged with insanity. He will be sent to an asylum for treatment.

FRIENDSHIP VETERANS.

A meeting of the Friendship Veteran Fire Association was held last night at which the final arrangements were made for the participation of that organization in the firemen's parade in this city next week.

CARDINALS vs. S. E. Y. M. C. A.

Saturday afternoon on the old fair grounds the Cardinal Athletic Club will line up against the Southeast Y. M. C. A. of Washington. This club has one of the best baseball teams in Washington, and a close and interesting game is looked for.

Shoes less than half price—200 pairs Misses' Shoes that cost to manufacture \$1.50 and \$1.75, and sold at \$2.00 and \$2.50, will be sacrificed at 95c per pair. John A. Marshall & Bro., 422 King Street.

FIREMEN'S CONVENTION.

There was a meeting of the general committee on arrangements for the Firemen's Convention, which meets in this city next Wednesday, Thursday, and Friday, held last night in the rooms of the Chamber of Commerce, president of the Virginia State Firemen's Association J. R. N. Curtin, presiding.

Encouraging reports were read from practically every chairman.

The report of the decoration committee for the illuminating of King street with red lights from Fairfax to Payne, and on the squares in front of each engine house was adopted and an appropriation was made for the work.

A committee, consisting of the captains from each company, George W. Petty, chief, and J. Y. Williams and A. D. Brockett, was appointed to wait upon the Fire Wardens and urge them to permit an exhibition run among the local companies.

The work of building the band stand and judges' stand will be commenced in a few days. The band stand will be erected on the corner of Washington and King streets, and the judges' stand on King, between Columbus and Alfred streets. Suitable signs will be placed at the Chamber of Commerce, the headquarters of the general committee, and at the Young People's Building, the resting place for ladies.

Mr. M. T. Dwyer's office will be the headquarters for the visiting reporters. The judges of the parade contest will be appointed at the next meeting by the contest and prize committee.

The judges for the band concert, which takes place on the corner of Washington and King streets, on Thursday evening at 7:30 o'clock, will be appointed by the music committee.

The following were added to the decoration committee: Wm. Cleveland, chairman; K. W. Ogden, W. M. Glasgow, A. D. Brockett, and M. T. Dwyer.

The committee on decoration request all citizens along the line of march of the big parade to decorate for the occasion.

A large force of decorators will be in town in a few days to put the old town in dress clothes.

H. Friedlander was made chairman of the reception committee.

Secretary Sullivan is still receiving acceptance of invitations daily from the departments of the Old Dominion.

All important matters were settled at this meeting and nothing remains unfinished except a few minor points.

There will be a meeting of all chairmen of the different committees in the rooms of the Chamber of Commerce on Saturday evening at 7:30 o'clock.

There will be a meeting of the general committee on arrangements on Monday evening in the rooms of the Chamber of Commerce at 7:30 o'clock.

STEAMER TO BE REPAIRED.

The stern paddle-wheel steamer Fortuna, which has been lying in the upper end of Aquia creek for the past year, has been towed to the shipyard at this port where the boat will be repaired. The vessel is owned by a trust company of Philadelphia, which had the boat built for debt and took title to her. A purchaser has been found for the steamer. The Fortuna was built in Chicago in 1903 as a steam houseboat for a wealthy man. For a year or two she was used as a pleasure craft on the Mississippi and in Florida waters. She was subsequently put on the Delaware river as a passenger and freight steamer. Later she ran on a route between Norfolk and points on the Carolina sounds, and was finally brought to the Potomac with the idea of using her to run pyrites to Alexandria and for other freight work. The Fortuna made two trips to this port with lumber. She is to be remodelled, made faster and adapted for carrying freight and passengers.

Bristow Answers Cannon.

Salina, Kans., Aug. 18.—Speaker Joseph Cannon's mild thrust at Kansas insurgency, in his speech in Iroquois county, Ills., yesterday afternoon, brought forth today an answer equally as gentle from Senator Bristow, who returned to his home after a speaking tour of Wisconsin.

The Kansas declared he considered the statements of the speaker in regard to Kansas as "the petulant remarks of a childish old man."

"Kansas republicans," continued Bristow, "insist that the party shall keep its promises. The people of Kansas do not approve of the arbitrary and domineering methods of Mr. Cannon, who seems to think he is the republican party. The only thing he stands for in the public mind is the machine rule of the House of Representatives, and the people of the west, especially Kansas, are against that method of conducting public business."

Mayor Gaynor's Condition.

Hoboken, N. J., Aug. 18.—Despite the fact that disquieting rumors about the condition of Mayor Gaynor continue to be circulated, the doctors in attendance reiterated today that he is progressing satisfactorily. The 8 o'clock bulletin was as follows: "The mayor has passed a comfortable night and is sleeping soundly at this hour. Pulse, respiration and temperature are normal."

Secretary Adamson said: "The mayor is doing remarkably well. He was very much better last night and this morning. While it is true that the mayor had a partial paralysis of the right side of the throat, caused by swollen glands, it has greatly subsided and has almost entirely disappeared."

When asked about the possibility of an operation in the near future, Adamson said that the doctors did not seem to think there was any immediate necessity and would probably take out the bullet at their leisure.

New York Stock Market.

New York, August 18.—Stocks generally ranged at a substantially lower level at the opening and in the early trading today.

Although the market rallied for a time after the denial of the rumors concerning John D. Rockefeller's health, the influence of this rally quickly passed away and renewed pressure became evident all through the list.

A firmer tone developed in the late forenoon, and at midday many of the important issues recovered a good part of the early losses.

100 pair ladies fine shoe worth \$3.50 and \$4.00. They are our best makes, but a little off as to style, 98 cent. J. A. Marshall & Bro., 422 King Street.

LOCAL BREVITIES.

The committee on public property of the City Council has purchased several Berkshire breed hogs which will be placed at the alms house.

Lillie S. Reid, of Alexandria, has purchased the house and lot No. 652 Hobart street, northwest, Washington, for \$3,000.

Officers Nicholson and Talbot this morning arrested William Fountain and James Carter, both colored, charged with loitering on an upper King street corner.

At a special session of the Police Court held yesterday evening a young man who was charged with using a gasoline boat without the owner's permission, was dismissed.

There was no meeting of the Board of Police Commissioners last night, only two members—Messrs. T. A. Fisher and Robert S. Barrett, appearing.

Hard Crabs, Soft Crabs, Deviled Crabs and Crab Salad.

At JACOB BRILL'S RESTAURANT foot of King Street. Open until 10 p. m. apr 7 fm

PERSONAL.

Mrs. Wm. A. Moore has returned from a visit to Shusan, N. Y.

Miss A. S. Henderson has returned from a few weeks' visit to Atlantic City.

Mr. Floyd G. Saunders and family have returned from St. George's Island, where they spent the past few weeks.

The many friends and acquaintances of former Chief James F. Webster will regret to learn that he is critically ill at the home of his daughter, Mrs. Kate Pulman, in Fairfax county, near this city.

Mr. J. D. O'Neil, conductor on the Southern Railway, has returned from a delightful trip through the south. He spent several days in Norfolk and Richmond and at several other places, including his old home on the hill, near Burnleys, Va.

Mrs. Florence Lyles has presented her husband, Mr. Lewis Lyles, with a fine baby girl. Both mother and child are doing well.

Mr. Raymond Hixson has resigned as train dispatcher for the Southern Railway and left Saturday for Chicago.

Mr. Thomas Kelly, who has been at Colonial Beach during the past two weeks, has returned.

The Cholera in Italy.

Rome, Aug. 18.—The charge is openly made today that the authorities are trying to conceal the gravity of the cholera situation in southern Italian cities on or near the coast of the Adriatic. In the department of Apulia there are said to be several hundred cases already under treatment, with probably several times this number that have not yet been brought to the attention of the health officials, owing to the ignorance and superstition of the people.

The disease was introduced from Odessa, and is of the greatest malignancy. Messages from Roumania say the disease has broken out there.

The latest advices from Russia say the virulence of the disease is increasing there, and that more than fifty percent of the cases are proving fatal. In many Russian towns the death list is so heavy that the authorities are unable to bury the victims. Many villages are said to be filled with decaying corpses.

Francis Joseph an Octogenarian.

Schl., Austria, Aug. 18.—Emperor Franz Josef is 80 years old today and the anniversary is being celebrated with great enthusiasm not only by the 74 archdukes and arch duchesses who have gathered here for the affair, but by the people at large.

The programme began with an eight o'clock mass at the chapel. The aged emperor, in the best of health and spirits, spent the morning in receiving the royal visitors, most of whom were of the Austrian imperial house and relatives of the emperor.

The birthday dinner, termed a "family affair," was served at 2:45 and the table was graced by the greatest gathering of royalty ever seen at a banquet held in Austria. After the dinner the emperor appeared on the balcony of the place and greeted the populace, expressing his appreciation at the kindly demonstration in his honor.

Tonight there will be an illumination of the city and a wonderful display of fire works.

Failed to Reach Canada.

Philadelphia, Aug. 18.—Although failing in their attempt to reach Canada, Dr. Thomas E. Eldridge, pilot of the balloon Philadelphia II, who with two companions, ascended from Point Breeze Tuesday night, returned here today with another local record to the balloon's credit. By remaining in the air twelve hours and 35 minutes it broke the local time record. During its flight the gas bag attained an altitude of 14,000 feet and the members of the party were subjected to severe cold weather as they crossed the Alleghany Mountains. The balloon landed on Negro Mountain in Western Maryland after a flight of 331 miles.

Two Weeks' Strike to be Proposed.

Copenhagen, Aug. 18.—A two weeks' strike of every sailor and stoker in Europe will be proposed at the international congress, sailors and firemen, which will begin its sessions in this city next Tuesday. The scope of the proposed strike, which is to force higher wages and other reforms, is outlined in today's Politiken. Havelock Wilson, president of the British sailors' union, will lead the strike.

Mayor Receives Threatening Letter.

Wilkes-Barre, Pa., Aug. 18.—Mayor Louis P. Kniffen, of this city, received today in the mail a menacing letter written in red ink and threatening him with the same fate as Mayor Gaynor, of New York. The letter follows: "Wilkes-Barre, Pa., Aug. 18, 1910. Mayor Kniffen: Some time ago a relative of mine who was employed by the city lost his job through your approval and now he is out of work and starving daily. I am determined to get even, and your fate may be similar to that of Mayor Gaynor, of New York. I am not a black hand member, but I swear to get even. REVEXXO."

In a race of 23 miles on the Zambesi river at Cape Town today, Richard A. Frost, of New Zealand, beat Ernest Barry, of England, for the world's sculling championship.

STRIKE LOSS \$150,000,000.

A new move was set on foot yesterday by which members of the Clink, Suit and Skirt Manufacturers' Protective Association of New York expect to rush their work through his spite of the strike. The executive committee of the association, after a meeting at the Hoffman House, reported that over twenty of the manufacturers had opened factories in towns not far from New York, in New Jersey and Connecticut. They had no difficulty in securing operators, it was said, while in New York many who might be willing to go to work stayed away for fear of being attacked. The employers' statement added:

"The effect of the 6 weeks which they have been without work is beginning now to make itself felt among the strikers. The seventy thousand men employed in the trade earned, before the strike, a weekly wage of about \$1,500,000. Their loss now amounts to \$9,000,000 in wages, while the loss to the community through the inaction of the cloth factories amounts approximately to \$150,000,000."

TAFT AND SHERMAN.

For nearly three hours yesterday afternoon at Beverly, Mass., President Taft and Vice-President Sherman talked over the defeat of Col. Theodore Roosevelt by the New York State Republican Committee yesterday and the selection of Mr. Sherman over Mr. Roosevelt as temporary chairman of the Saratoga convention. Mr. Sherman said he had no intention of withdrawing in favor of Mr. Roosevelt and drawing in favor of the stories that there might be a fight to repudiate the action of the State committee in the convention. The vice-president talked with the President regarding the congressional campaign. He wants the fight to be waged along the old lines.

"A straight-cut republican fight on the republican platform and the record of the party, including the tariff," he put it.

At Mr. Sherman's solicitation President Taft agreed to point the way in the campaign by writing a letter which is to be made a part of the campaign text-book of the republican committee.

While the fight, apparently, is to be directed along the lines of the past, it can be said authoritatively that the feature of the party reorganization plans which call for the retirement of Speaker Joseph G. Cannon will be strictly adhered to.

President Taft will begin work at once on the letter which is expected to be the keynote of the congressional campaign. He will address the communication to Representative William H. McKinley, of Illinois, chairman of the republican congressional committee.

The Nebraska Election.

Lincoln, Neb., Aug. 18.—Mayor Jim Dahlman, of Omaha, may have been defeated. The early primary returns from the eastern and more populous counties of the state indicated that the "cowboy executive" had snatched the democratic gubernatorial nomination from Governor Shallenberger.

Dahlman's lead in the "wet" counties was 8,000 or more. This margin promised to carry him through, making him the nominee, and the mayor devoted most of yesterday to receiving congratulations.

Last night the situation assumed a different aspect; the rural districts led drift toward Shallenberger. The figures early today indicated no change in the Shallenberger tide. The governor is now running neck and neck with the Omaha mayor and promises to overtake and pass him.

Dahlman's managers, however, still claim his nomination and concede nothing. Congressman Hitchcock has run far ahead of Richard L. Metcalf's and has been nominated by the democrats for United States Senator beyond doubt.

The nomination of United States Senator Burkett and Aldrich for governor, by the republicans, also is a certainty.

COURT DISMISSES WRIT.

Clerk H. Stewart Jones, of the Supreme Court of Appeals, yesterday received notice from the clerk of the Supreme Court of the United States of the dismissal of the writ of error in the case of the Penn Iron Company against the receivers of the Trigg Shipbuilding Company.

This was one of the suits arising from the failure of the shipbuilding concern, which had contracts for the construction of vessels for the United States navy. The receivers won in the Circuit Court of the city of Richmond in 1907, the iron company appealing to the State Supreme Court, which affirmed the judgment. The United States being a party to the suit, an appeal was taken to the highest court in the nation, which granted a writ of error last November. This writ is now dismissed before argument could be had.

While the reason for this action is not given, it is presumed that lack of jurisdiction was the cause. The litigation is thus finally determined.—(Richmond Times Dispatch, Aug. 18.)

Dog Raid at Sausage Makers.

Bridgeport, Conn., Aug. 18.—Barks, yelps and howls came with such frequency from the farm of Charles Muller, a sausage maker, at Stratford, that neighbors made a complaint to the authorities. Sheriff Charles Stagg yesterday visited the farm to investigate. He soon discovered that immediately after a flight of thirty cents, Funder joyfully when he took them to the protection of the town pound. The dogs will be held at the pound until their owners secure licenses for them, the fees for which range from \$3 to \$7.

Epidemic of Infantile Paralysis.

Springfield, Aug. 18.—Owing to an epidemic of infantile paralysis, the opening of the public and parochial schools of Springfield has been ordered postponed for two weeks, until September 19, by the board of health. There have been 110 cases of "anterior poliomyelitis" in Springfield, and physicians are caring for forty at the present time.

THE ANNEXATION OF KOREA.

The long-awaited annexation of Korea by Japan is about to become a reality, according to dispatches from Seoul published yesterday by the Tokio press.

The dispatches announce that the final negotiations for the annexation were begun Tuesday by Lieut-Gen. Viscount Terauchi, the Japanese resident-general in Korea. The resident general outlined the conditions upon which Japan will sign the agreement for annexation. It is believed that the negotiations with the members of the Korean Cabinet will be closed in two or three days, and that an early conclusion of the act of annexation may be expected.
