Weather Probabilities.

For this section unsettled weather, with probably showers tonight or Tuesday; not much change in temperature; light to moderate southeast and south winds.

FINED FIFTY DOLLARS EACH.

Acting Lieutenant Roberts and Officers Beach, Reid and Schoeni made a descent upon the old City Hotel yesterday for the purpose of unearthing an alleged speakeasy which they had reason to believe was being conducted in that building. The acting lieutenant found the door locked and bolted, and upon knocking was refused admittance. A voice from within asked under what authority the officers were acting, when a warrant was read to the men on the inside. The latter still refused to open the door, and after the acting lieutenant had demanded three times in the name of the commonwealth that it be opened, the officers resorted to force and gained an entrance. Four well-known Alexandrians were found in the place, and they and two others, alleged to be the proprietors, were taken to the station house. The officers found twenty dozen bottles of whisky and two jugs of whisky in the place. The two men who were believed to be operating the place were released on bonds of \$100 each for their appearance this morning, and the men found in the room were summoned to appear in the Police Court this morning, as witnesses. When the case was called the latter admitted that they procured lager beer in the place yesterday, but said they did not pay for it, as the room was rented for the purposes of a club and the members were assessed pro rata according to the amount they drank. One of the proprietors in his defense testified substantially as the witnesses. The two men, who were said by one of the witnesses to be the president and vice-president of the club, were fined \$50 each and announced their purpose of taking an appeal.

About the time the officers were at the City Hotel Officers Nicholson, Roland and Arrington were visiting a house at Wilkes and Alfred streets, conducted by a colored woman, who has been suspected of dispensing liquor without a license. They found 102 bottles of beer and whisky in the place. The liquor was taken to the station house with the proprietress. When she was brought before the Police Court this morning she stated that one bottle of whisky captured was given her last Christmas and the liquor in another was being used in the preparation of milk punches for her son, who, she said, was indisposed. The remainder of her stock, she testified, was to be used entertaining company. She further stated she was preparing to go to church when the officers arrived at her house. The accused was fined \$50. The woman will make arrangements to pay the assessment.

A PLEASANT SUNDAY.

The temperature yesterday was mild and by no means uncomfortable. The mornings and nights are now suggestive of early fall. According to the Weather Bureau, a chilly cool wave, preceded by a warm spell, will arrive in a few days. The cold wave was scheduled to start up in the northwestern states about today, and will work its way down toward this section, arriving about Friday or Saturday. Before the chilly wave gets to this vicinity it is predicted that the weather will be moderately warm.

According to New York sage, we will have an early winter this year. Like the augurs of old, he bases his prediction upon the flight of birds.

RESISTED THE OFFICERS.

Some excitement was caused on the corner of King and Royal streets about ten o'clock last Saturday night by a negro named Edward Johnson, who was resisting Constable Foley, of Fairfax county. The latter was attempting to arrest Johnson, but the darkey forced the constable to the pavement. Officers Garvey and Reid came to Foley's assistance, but the negro resisted them also. Officer Garvey struck Johnson on the head twice before he would submit to arrest. The darkey was brought before the Police Court this morning and fined \$5.

ASLEEP ON THE TRACK.

A few days ago a darkey, who lives near Quantico, visited this city. He proceeded to the union passenger depot in the evening for the purpose of boarding a train for his home, and, having to wait for its arrival, stretched himself on the southbound track and was soon dreaming of cake walks and waltzes. A southbound train appeared in the distance, and at this juncture Mr. L. O. Hardin, the baggage agent, saw the negro on the track with the train dangerously near the sleeper. The baggage agent, at the risk of his own life, seized the darkey and threw him several feet from the track, barely in time to save him from being ground to pieces by the train which was rushed into the depot.

YACHT AUGUSTA RETURNS.

One of the most pleasant trips ever taken on the Potomac was that of the Augusta to Colonial Beach, spending the past eight days. The party composed Admiral Calmes, Engineer Thos. H. Travers and Messrs. A. H. Travers, Geo. W. Bonte and Courtney H. Acton. They made headquarters at the beach, but cruised as far as Blackstone Island, Wakefield, Swan Point, Monroe and Pope's creek. Many Alexandrians were entertained on the Augusta while at the beach. Among the prominent visitors was Public Printer Samuel Donnelly, who with Mr. Wallace, his deputy, is spending a cruise on the lower Potomac on the handsome power boat owned by Mr. Chas. Bell, of this city, with Mr. J. Sidney Douglass as captain. They report fishing first class.

THE FIREMEN'S CONVENTION.

A meeting of the general committee in charge of the arrangements for the Twenty-fourth annual convention of the Virginia State Volunteer Firemen's Association will be held in the rooms of the Chamber of Commerce tonight, when the final plans will be formulated. A meeting of the chairman of the various committees was held Saturday night in the rooms of the Chamber of Commerce. All the details in connection with the meeting of the convention and the parade on the 25th were considered, and reports on the same will be made to the general committee at the meeting tonight.

Mayor Paff has issued a proclamation suggesting that the merchants of the city and other observe a half holiday Thursday. The work of decorating buildings in the city is in progress, and a number of stores and other buildings are already attired in gay bunting. Many electric bulbs and signs gleaming with electricity are to add to the decorations. As has been stated, the early part of Wednesday will be devoted to the reception of the firemen. At 2 o'clock in the afternoon the sessions will open at the Opera House. A recess will be taken, after organization has been perfected, until 8 o'clock in the evening. On Thursday the parade will be held. It will start at 1:30 p. m. On Friday the reel races will take place on north Washington street. Band concert will be held on the corner of King and Washington street Thursday evening. Apart from the visiting firemen several thousand visitors are expected in the city during the session of the convention and on the day of the parade and tests.

Mr. Roger Sullivan, secretary of the firemen's convention today received a letter from the Harrisburg Company stating that their company and band would reach this city tomorrow, Tuesday at 11:30 o'clock and would give a band concert at night from 8 to 9:30 o'clock. The band stand will be erected at the corner of King and Washington streets. The transportation lines have arranged to allow special excursion tickets for the convention. The reception committee has completed their preparations for receiving the guests.

CARDINALS, 16; LINWORTH, 8.

The Cardinal Athletic Club trimmed the Linworth Athletic Club, of Washington, on the old fair grounds Saturday to the tune of 16 to 8. Eighteen Sailors Drowned. London, Aug. 22.—Eighteen sailors of the British cruiser Bedford lost their lives in the grounding of the cruiser on Quepar Island, a part of Corea, lying at the entrance to the Yellow Sea, according to Exchange Telegraph dispatches today. The Bedford went aground yesterday, while en route with the British squadron from Wei-Hai-Wei to Nagasaki. Fitzhubert and had a crew of 67. The position of the Bedford is considered so perilous that the survivors have been taken off. The English cruiser Minotaur and Monmouth attempted to go to the aid of the Bedford, but were forced to put to sea owing to a heavy storm. It is feared she will be a total wreck. The vessel was built in 1903 at a cost of \$3,500,000. The hole torn in the Bedford when she struck was so large that the engine room, in which the deaths occurred, filled so rapidly that the victims had no chance to escape. Shoes less than half price—200 pairs Misses' Shoes that cost to manufacture \$1.50 and \$1.75, and sold at \$2.00 and \$2.50, will be sacrificed at 98c per pair. John A. Marshall & Bro., 422 King street.

The acreage is 450 acres, and the price paid was \$12,000. In addition to these there have been fifteen other sales of real estate in Loudoun county, most of the purchasers being from southwest Virginia and West Virginia.

LANGTRY WILL "COME BACK"

Lady De Bathe is to return to the stage after an absence of several years, and will appear in a new melodrama at the Drury Lane Theatre. This announcement has just been definitely made by the management. "We think ourselves very fortunate," said Manager Birch, "that a part in the new autumn drama has been accepted by Lady De Bathe, whom the public knows as Mrs. Langtry. Her former great successes in London augur well for the play, for every one will be glad to welcome her back to the boards. As all of her work is of high quality, her old admirers know what to expect. The part for which she has been cast will display her talents to excellent advantage. As Drury Lane is essentially the people's playhouse, I anticipate that this engagement will make her more of a popular favorite than ever."

Civil War in Persia.

Odessa, Aug. 22.—Civil war between the Kurds and peasants has broken out in the Urmiah district of Persia, according to despatches from there today. The Kurds, in revenge for the murder by the peasants of Miza Kervali a Kurdish chieftain, are ravaging the villages of the district and have killed hundreds of the peasants after subjecting them to the most extreme torture. The peasants have so far suffered the heaviest, though they have inflicted severe punishment on the Kurds. Troops sent to quell the disturbances were defeated by a Kurdish force and put to flight. A half dozen villages have been burned.

Torpedo Boat Destroyer Launched.

Bath, Me., Aug. 22.—Christened by Miss Emma C. Drayton, of Washington, a niece of the late Commodore Percival Drayton, the torpedo boat destroyer Drayton was launched today at the yards of the Bath Iron Works. The Georgia Election.

Atlanta, Ga., Aug. 22.—The betting today is 2 to 1 that Lou F. Livingston, congressman from the Atlanta district for twenty years, will be defeated in tomorrow's primaries by William Schley Howard, a young attorney, who made his campaign on the grounds that Livingston, a democrat, was too close to Speaker Cannon. A governor, ten congressman and the state officers are to be nominated in the democratic primaries, which will be equivalent to election. Hoke Smith, former governor and secretary of the interior, in Cleveland's cabinet, is a candidate against Gov. Joseph Brown, son of Georgia's famous War governor. Smith, who so overwhelmingly defeated Clark Howell, editor of the Atlanta Constitution and democratic national committee man from Georgia, was just as overwhelmingly defeated two years by Brown whom he had removed as railroad commissioner, and the Hoke backing. The race between Smith and Brown has been especially bitter.

New York Stock Market.

New York, Aug. 22.—The stock market started in today with a continuation of the heavy tone that has prevailed since last Wednesday. Initial losses ranged around half a point. The market then steadied and a moderate upturn followed. Large selling orders in a number of the most active railroad and industrial, including United States steel common, appeared with the trading element taking the bear side in the market as well as the loss of profits from a number of other points. Some further losses were sustained in the market, during the late forenoon.
