BISHOP MAY RESIGN.

If the Rt. Rev. Arthur S. Lloyd, bishop coadjutor of Virginia, accepts the presidency of the domestic and foreign mission board of the Episcopal Church to which he was elected Thursday afternoon at the general convention in Cincinnati, he will not probably give up his bishopric duties in Virginia. In fact, it is stated by Richmond churches that if he accepted he would undoubtedly resign his present office, owing to the arduous duties that go with the head of the mission board. He would, however, retain his title of bishop.

Official news of Bishop Lloyd's elevation to the head of the board, which has been reorganized during the sessions of the convention, reached Richmond Thursday night in a telegram to Rev. Dr. W. Meade Clark, rector of St. James Church, and member of the mission board, who returned home from the convention several days ago. The wire message stated that Bishop Lloyd's election created warm enthusiasm in the convention.

What action Bishop Lloyd will take in the matter is not known at this time, but it is known that he will give it his most serious consideration before reaching a decision.

Prior to his election as coadjutor to Bishop Gibson last year, Bishop Lloyd served for more than ten years as general secretary of the mission board, with headquarters at New York, and it was only after declining bishoprics in several other parts of the country that he finally agreed to become bishop coadjutor of Virginia at considerable pecuniary sacrifice.

Bishop Lloyd is regarded as easily the highest authority on missions in the Episcopal Church in America, and possesses executive ability in the highest degree. Last spring he was elected a member of the domestic and foreign board to fill a vacancy.

Before going into mission work he was rector of St. Luke's Church, Norfolk. Since returning to Virginia he has made his home in Alexandria. Hitherto the general secretary of the mission board has been in entire charge of the work. That office, under the reorganization, is now abolished, with the executive duties vested in the newly created office of president.

It is understood that the latter office carries a tenure of six years and that the president may succeed himself at the expiration of that time, if he so wishes.

In event Bishop Lloyd decides to give up his duties in Virginia, another coadjutor to Bishop Gibson would doubtless be chosen at the Virginia diocesan convention next spring, and it may be that a special session of the convention would be called for that purpose.

Bishop Lloyd has not yet reached his home in this city so his intentions on the above matter are not known here.

THE WEATHER.

The cloudy weather of yesterday brought rain during the night, and at an early hour this morning there were heavy downpours. The mercury in the thermometer at daybreak was hovering about the 40 degree mark. More rain followed later in the morning, but before noon the wind had veered to the northwest and clearing and cooler conditions set in.

The officers of the steamer Newport News which arrived at this port this morning reported a wild night in Chesapeake Bay. There were high winds and rain. The steamer, however, arrived on time.

The tide was abnormally high last night and this morning, the water having encroached some distance into King street. It spread over some wharves and was awash with others.

OFFICER RESIGNS.

Officer Herbert Knight today tendered to Chief Goods his resignation to take effect immediately. Later the chief turned the resignation over to the Police Commissioners who accepted it.

A meeting of the board will be held at 7 o'clock Monday night to elect a successor to Mr. Knight, at which time the commissioners request all candidates to present their applications.

The gutters on both sides of Henry street, between Wilkes and Gibbon, have been completed, but the new work was somewhat damaged by an automobile yesterday.

FOUR POLICEMEN SUSPENDED

Officers Nicholson and Roland Suspended for Ten Days—Officers Knight and Reed Put off for Seven Days.

An adjourned meeting of the Board of Police Commissioners was held in the chamber of the Board of Aldermen last night. Acting Mayor Marbury presided and all the commissioners were present.

The meeting had been called to take action in regard to a statement made by Commissioner Bryan at the meeting of the board last Wednesday night to the effect that he and Mr. Hubert Snowden, acting mayor at the time, had been unable to locate Officers Nicholson and Roland between the time three o'clock on the morning of October 9, the time the officers were supposed to have been on duty in the Third ward.

Mr. Snowden made a statement similar to that of Commissioner Bryan last Wednesday night, which has heretofore been published in the Gazette. Mr. Snowden, in prefacing his statement, said he met no officer from the time he left his home, northeast corner of Franklin and Lee streets until he reached the station house. This was between 12:45 and 1:05 o'clock in the morning. He and Commissioner Bryan, accompanied by Lieutenant Betts, went over a large area of the Third ward, and sounded whistles at nine different intersections without receiving any response until they returned to King street where the whistles were answered by the Fourth ward men.

Mr. Snowden further stated that Officer Knight, whom the acting mayor and commissioner had met on King street, had said the two officers who were being sought had followed the witness and Commissioner Bryan and Lieutenant Betts, out St. Asaph street along by Harrington's stable.

Mr. Snowden in his statement said he had told Commissioner Bryan that so many reports were in circulation concerning the inefficiency of the police force that he thought an investigation should be made in justice to the community, if the reports were true, and in justice to the police, if the reports were not true.

Commissioner Bryan followed Mr. Snowden corroborating in every detail all the latter had said.

Alfred Doll, colored, freeman on the Southern Railway, said he saw Officers Nicholson and Roland at 2 o'clock at the corner of Alfred and Queen streets on Sunday night, but he said he encountered them last Saturday night.

Mr. Marbury decided that the testimony of the witness amounted to nothing. Joseph Bradley, driver of a bread wagon, followed. He said he saw the two officers at the corner of Queen and Payne streets. This was about 1 o'clock. He saw them later at the lunch house on King street, near Alfred. Witness, however, persisted in asserting this was at an early hour last Sunday morning; consequently his testimony added nothing to the cause of the defense.

Officer Nicholson then took the stand, and stated that he and Officer Roland went on duty at 11 o'clock on the night of October 9. He described the route he alleged he and Officer Roland took which extended over a large area of the third ward.

While on Washington street, between Cameron and Queen, they thought they heard a police whistle, but did not answer it; when between Queen and Princess streets, they distinctly heard a whistle and responded to it. Officer Nicholson said he answered another whistle when between Queen and Cameron streets. This was between 2 and 3 o'clock. They also answered another whistle when they were near King and Alfred streets. At King and Columbus streets they met Officers Reed and Knight who told them Lieutenant Betts had gone out Columbus street. They never saw the acting mayor nor Commissioner Bryan.

Mr. Joseph Lowenback testified to seeing the two officers in the lunch house about 1:30 o'clock.

Mr. J. R. Caton heard a police whistle sometime during the night of the 9th instant in front of his residence, on Columbus street between Cameron and Queen. He later heard another about a square away.

Mr. N. S. Greenaway also heard a whistle in the same neighborhood. Mr. Snowden stated that the whistles heard by these witnesses were sounded by Lieutenant Betts while he with the acting mayor and Mr. Bryan were endeavoring to locate the officers.

Messrs. H. A. Lowe, Frank Chilcutt and A. H. Humphries, employed in the Southern Railway offices at the northwest corner of King and Alfred streets, also heard whistles between 2 and 3 o'clock in that morning.

Mr. W. L. Lipps, proprietor of the lunch room in the Cameron building, also heard whistles between 1:30 and 2:30 that morning. He also saw Officers Nicholson and Roland.

Mr. J. W. Kilby, driver of a bread wagon, also saw the two officers at Cameron and Patrick streets about two o'clock in the morning.

Officer Roland then took the stand and virtually corroborated the statement made by his partner.

Officer Knight followed. He stated that he met Officers Nicholson and Roland at King and Washington streets. They went north. He positively denied telling the acting mayor and Commissioner Bryan that the two officers had gone north behind them on St. Asaph street. He persisted in saying that he told them the two officers had gone up Washington street.

Messrs. Snowden and Bryan were equally as positive Officer Knight told them the objects of their search had proceeded north on St. Asaph street and that Officer Knight had further said they had passed Harrington's livery stable in doing so.

Officer Reed took the stand to explain why he was out off his beat on the night of the 9th instant. He said he was with Officer Knight at the time and when they reached King and Washington streets Officer Wilkinson, who had a warrant for Dick Cash, who lives in the neighborhood of the shipyard, asked Officer Knight where he would be likely to find him.

Officer Reed said he understood Officer Knight to say that Officers Nicholson and Roland had gone north on Washington street.

Lieutenant Betts also corroborated the statements which had been made by the acting mayor and the commissioner from the fourth ward.

Officer Knight gave the same reason

for having been off his beat as had Officer Reed. He insisted that the police rules allowed members of the force to leave their beats when engaged in business in connection with the department.

Officers Wilkinson and Rawlett substantiated the statements made by Officers Knight and Reed.

During the examination it was shown that the testimony of Officers Knight and Reed as to where they met the acting mayor, Commissioner Bryan and Lieutenant Betts on the morning of the 10th instant conflicted. Officer Knight insisted that he approached King street from Alfred, while Officer Reed stated that they came into King from Columbus. The acting mayor, Commissioner Bryan and Lieutenant Betts corroborated Officer Reed's statement.

The board subsequently went into executive session for the purpose of considering the charges which had been made against the four officers.

Later it was announced that the board had recommended that Officers Nicholson and Roland be suspended for ten days, and Officer Knight and Reed for seven.

Acting Mayor Marbury in accordance with the recommendation imposed the sentence. Officers Nicholson and Roland were relieved of duty this morning, and after expiration of ten days Officers Knight and Reed will be suspended from duty seven days.

The negro was brought before the Police Court this morning when he acknowledged taking the milk, but said he had offered to pay for it. He was fined \$10 for disorderly conduct and resisting the officer and \$5 additional for harboring an unlicensed dog, a charge which had also been made against him. This was the only case before the court.
