THE ENGLISH ELECTION.

The position of the parties in England last night after the second day's pollings in the general election is as follows: Government coalition—Liberals, 87; labor, 14; nationalists, 16. Total, 117. Opposition—Unionists, 116.

The results yesterday merely confirm the opinion formed, that from the results of Saturday's contest that the unionists now have no possible hope of replacing the liberal government in power.

The only question remaining is whether the liberals will return with a larger or a smaller majority.

To gain a bare majority in the new parliament the unionists must make a net gain of 62 seats. Thus far, with 130 pollings, they have gained 11 and the liberals 6 seats. The gain by the unionists on Saturday was 7, while the liberals gained 4.

Yesterday the unionists gained 4 and the liberals 2 seats. A continuation at this rate of progress would fulfill the unionist prediction that the Asquith cabinet would come back with a greatly weakened majority and would be more than ever dependent upon their Irish and labor allies.

On the whole it seems likely that the new House of Commons will meet with the position of the parties practically unchanged.

The question will then arise whether the king will feel justified in giving guarantees for the creation of liberal peers to force the veto bill through the House of Lords.

The peculiar properties of Chamberlain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by W. F. Creighton and Richard Gibson.

TO DRAIN SWAMP LANDS. Having for its ultimate purpose the drainage and reclamation of all the swamp lands in Virginia, a movement will be started at a meeting to be held at the State Capitol in Richmond on Thursday, December 15, at noon. Governor Mann has promised to be present and to give the proposition his encouragement, and Commissioner of Agriculture Koerner will speak. In addition, a number of influential citizens of the state have signified their intention of being present and others will be invited, while the National Department of Agriculture will extend its aid.

At this meeting it is proposed to effect an organization to take up in different localities the question of proceeding, under the law as passed by the last legislature, to establish drainage districts and to reclaim the land, dividing the cost among the owners.

It is estimated by the Department of Agriculture that there is considerably more than 1,000,000 acres of valueless swamp land in Virginia. Much of this is now hardly worth paying taxes on, and yet most of it is capable of a high state of cultivation, and property now worth nothing at all could be made, it is believed, to have an easy sale value of \$75 to \$100 an acre, when located not too far from railroads.

Some sanguine workers for the proposition believe that in many cases the drainage cost will not far exceed \$1 per acre.

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run until it becomes troublesome. Sold by W. F. Creighton and Richard Gibson.

ATTEMPTED SUICIDE. T. H. Walker, a carpenter, of Richmond, after an unsuccessful attempt at suicide Saturday night, yesterday stated that he would soon be able to try it again.

He swallowed a large quantity of laudanum in the presence of his wife and children, who thought he was drinking whisky. When he remained in a stupor all Saturday night and Sunday his wife sought a physician.

Walker yesterday talked freely of his desire to take his life. "Just to get myself out of people's way," he said. He confessed that he had tried many times and in diverse ways to end his life, but fortune was against him.

He went to Richmond with his family two years ago from Lynchburg, where he tried to kill himself by jumping from the high bridge. He is of large and powerful stature and appears to have a mania for suicide. Neighbors say jealousy is the cause.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by W. F. Creighton and Richard Gibson.

TERRIBLE STRAIN RESULTED NOT AMISS

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 84-page book, "Home Treatment for Women," sent in plain wrapper, on request.

THE SNOW.

The snow of yesterday and last night was general in Virginia and in the adjoining sections of the neighboring states. Reports give varying depths to the snow.

Four inches of snow fell in Lynchburg yesterday, the storm turning in the afternoon into a light rain, which froze on telephone and telegraph wires.

The first snowstorm of the season for the Woodstock section arrived yesterday, and almost six inches has fallen.

The first snowstorm of the winter, aside from very light flurries, fell in Richmond yesterday.

The first real snowstorm of the winter raged yesterday at Luray.

Snow commenced falling in Fredericksburg at an early hour yesterday morning and continued at a rapid rate until late yesterday.

WOMAN ASSAULTED. Mrs. Annie Smith was waylaid and beaten into insensibility about dusk yesterday on a quiet street not far from the business section of Richmond.

The thief rained blow after blow on her face, while Mrs. Smith clung desperately to her handbag, which contained only a few cents and a blank checkbook.

According to the victim's story, the thief grabbed the bag and she clung to it, but becoming unconscious from his blows fell to the street. She came to her senses later, and her screams brought help. The footpad had made off with the handbag, but Mrs. Smith's brooch, a muff, and other articles of more value than the bag were left behind. Her clothing was torn and pieces of it were strewn on the sidewalk.

She gave a good description of the thief to the police, but he has not yet been arrested. The woman's injuries are not serious.

The District of Columbia Court of Appeals yesterday affirmed the decision of Justice Wright that any admixture of colored blood makes a person "colored" in the eye of the law.

Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

PERFECTION SMOKELESS OIL HEATER Absolutely smokeless and odorless

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font.

It has an automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be quickly unscrewed for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.
