**The Greatest Physician of All Is Pure Blood**

When the Foods You Eat No Longer Seem to Do You Any Good—Look For the Danger Signals Which Denote Waste Products In The Blood.

**How to Clear Your Blood of Waste Products.**

The blood is the means by which all the tissues of the body are directly or indirectly nourished. You will at once realize that unless the blood is pure, some part of the body will soon become diseased.

Waste products in the blood are an element of danger. Ninety per cent of the people "below par" are suffering with waste products in the blood. When your blood is loaded with waste products, you become weak, nervous, irritable and easily upset. Other symptoms are pimples, boils, or some other skin disorder; loss of weight; and probably rheumatism.

Your blood is your fountain source of energy—therefore keep your blood rich and pure.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood

of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-719 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (with-out charge). He is helping people every day to regain their health and strength. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.
