Mr. J. H. Frick's child, No. 734 Dock st., Philadelphia.

Wm. Barker, cured of Tetter of ten years. This case had been in the hospital many months, and discharged as incurable; he is now well and may be seen daily at our office.

Mr. David Girgen, Muddy creek, Hamilton county, Ohio, cured of Scrofula. This was a very severe case, and Girgen says that could money prevent, he would not undergo the same affliction for ten thousand dollars, and yet he was cured for a few dollars, by Dr. Cullen's Indian Vegetable Panacea.

Mr. John W. Haziemo, of Mullica Hill, New Jersey, cured of Tetter of ten years. He had used a few bottles of the Panacea.

Mr. Hiram Ridge, Attleboro, Bucks co., Pa., cured of Salt Rheum. This case had been pronounced incurable by some 12 or 13 physicians of the first standing; as a last resort he resorted to the Panacea, and was cured completely in a few months, after suffering 17 years—the disease had almost covered his entire person.

Henry Reeves, of Bridgeton, cured of the worst case of Scrofula ever seen in New Jersey, by 74 bottles.

Thomas Wainwright, of Manayunk, cured of Scald Head; the disease extended over the whole scalp until it was an entire mass of corruption; and yet one bottle of the Panacea cured him.

We might add case after case, ad infinitum; but we think it unnecessary, premising the afflicted will want more evidence than we can give in an advertisement; we again ask them to send to our office and get these certificates, from which you will learn the extraordinary sufferings of these persons, as well as the mode of cure.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS;

PREPARED BY DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE.

No. 120 Arch Street, Philadelphia. Will effectually cure Liver complaint, Jaundice, Dyspepsia, Nervous debility, Diseases of the Kidneys, and all diseases arising from a disordered liver or stomach.

Such as Consumption, Inward Piles, Fullness of Blood to the Head, Acidity of Stomach, Nausea, Heartburn, Distress for Food, Flatulency or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Headache, Dizziness, Fluctuating at the Heart, Choking, Spitting, Sensations of Heat, Burning Posture, Dimness of Vision, Drops or Webs before the Sight, Fever and Dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c.

It is a powerful medicine, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, you can bid defiance to epidemics generally. This extraordinary medicine we would advise friends who are at all indisposed to give a trial—it will then recommend itself to the mind, and in every family.

No other medicine can produce such effects of merit.

BEWARE OF COUNTERFEITS. This medicine has attained a high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article of the risk of the lives of those who are innocently deceived.

Look well at the marks of the genuine. We have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

For sale wholesale and retail at the German Medicine Store, No. 120 Arch Street, one door below Sixth, late of 278 Race St., Philadelphia. And by JOHN B. MOYER, Bloomsburg; and by respectful dealers generally.

READ THE FOLLOWING ARTICLE.

It appeared in the leading German Journal of Philadelphia—the Philadelphia Democrat. The Editor was personally acquainted with Dr. Hoofland, and prizing the services of this great man he could not quietly look upon the assurance of an impostor, without apprizing the public of approaching danger.

Christoph Wilhelm Hoofland.

Christopher Wilhelm Hoofland. One of the most renowned physicians, one of the greatest benefactors of modern times, was born at Langen Saiz, Germany, on the 12th day of August 1762.

After a careful scholastic education, he, like his father and grandfather, devoted himself to the study of Medicine, at Jena and Gottingen, and in 1783 obtained the degree of Doctor of Medicine, at the latter University. From 1793 to 1801, he officiated as Professor at the University of Jena.

From 1801 to 1803, he was Physician to the King of Prussia, Member of the Academy of Science, and upon the establishment of the new College at Berlin, Professor and Court Physician by the Ministry of the Interior. His characteristic profoundness and depth of knowledge, together with the theoretical and practical; to unite old and new systems; produce in common the practical and useful, and thus draw therefrom the results and necessary applications.

It was Dr. H. principally, who exposed and destroyed the "Bioscopium," which, notwithstanding the brilliant exterior, could not conceal its many imperfections, brought to light by Hoofland's noble impartiality, sound truths, and deep penetration. Independent of his practical and theoretical knowledge, he has earned a lasting fame for his superior knowledge in Materia Medica, as well as for his manifold works on Medical Jurisprudence, and on the Diseases of the Private Physician to the King of Prussia, and his numerous other Royal Orders and marks of distinction, he died on the 25th day of August 1836, (as the King of Prussia's private Medical Council) without any legitimate male heir or offspring.

Dr. C. M. Jackson, of Philadelphia, has had the means of obtaining the genuine recipe of the great medical councillor "Christoph Wilhelm Hoofland," and these invaluable medicines are prepared with the utmost care at the German Medicine Store.

The bitter mixture: Hoofland's German Bitters, is the result of many years study and experience by the great inventor, and known and prized in Europe as an infallible remedy for the cure of Liver Complaint, Jaundice, Dyspepsia &c. Dr. C. M. Jackson's preparation of this medicine has obtained the same celebrity in this Western World, as a full assortment and innumerable confirmations of thousands of the most severe and difficult cases cured, is ample proof of this. The medicines compounded by Dr. C. M. Jackson have produced the very effects and the same happy results, which the original inventor intended, and consequently may be prepared with scrupulous accuracy. In view of the above facts it seems singular, that any body could have the hardihood and impudence to abuse the name of this distinguished Doctor, who died thirteen years ago.

Dr. C. M. Jackson's preparation of this medicine is a characteristic of the real and genuine medicine, and to give a semblance of originality by affixing a fictitious name to the medicine, is indeed extraordinary! The public will understand what to expect, and what to do under such circumstances.

A number of German papers copied the above and are therefore entitled to our thanks. These bitters are worthy the attention of invalids. Possessing great virtues in the rectification of disease of the liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are vital, safe, certain, and pleasant.

OPINIONS OF THE PHILADELPHIA PRESS. "Our editor and others of this office have used the German Bitter, and can recommend it with confidence to our readers. As prepared by Dr. Jackson, it fully equals if not surpasses in its effects upon diseased Liver and Gallbladder, the fullest expectation of the distinguished physician."

The City Item, October 16th says: "JOY FOR THE INVALID.—How many of our readers are afflicted with diseased liver, stomach or nerves!—Many, no doubt, they are to be pined yet to all there a cure. Dr. Hoofland's German Bitters has already cured hundreds; and that it will cure, no one who uses it will doubt, if they use it as directed. It has established for itself an undying fame, which few have done out of the vast number, that has been thrown before the public. It is one of the most perfect preparations in use, and as a German contemporary has said, that as prepared by Dr. Jackson, it fully equals, if not surpasses, in its effects the fullest representation of the distinguished physician who first compounded it."

As a spurious article is now before the public, we would caution all against using any but that signed C. M. Jackson and sold by him at 120 Arch street. The "Common Democrat," the best paper in West Jersey, says, July 21. "HOOFLAND'S GERMAN BITTERS."

"We have seen many flattering notices of this medicine, and the sources from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing."

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, you can bid defiance to epidemics generally. This extraordinary medicine we would advise friends who are at all indisposed to give a trial—it will then recommend itself to the mind, and in every family."
