ELISHA KENT KANE.
A BIOGRAPHY—BY WM. ELLDER.
Announcing the Life of Dr. Kane, we are anticipating the wishes of thousands and tens of thousands of the admirers of that great man.
Having been a personal friend of the deceased, and enjoying a large share of his confidence, Dr. Elder is well qualified to do justice to the subject.
This work will be issued in one handsome octavo volume, and will equal in every respect the superb volumes of "Arctic Explorations," recently published. It will contain a new full-face portrait, executed on steel, as well as engravings of his residence, tombs, medals, &c.
In order to give this work a large circulation it will be sold at the low price of \$1.50. More than \$300,000 sold within 9 months.
DR. KANE'S GREAT WORK,
ARCTIC EXPLORATIONS.
Is now being read by more than two hundred thousand persons, old and young, learned and unlearned. It is just the book which should be owned and read by every American.
Five hundred newspapers have each pronounced it the most remarkable and marvellous work ever published. The Foreign Journals and the most distinguished savans of Europe are extravagant in its praise. It is more interesting than

ROBINSON CRUSOE;
Being a faithful account of privations and hardships, the narrative of which cannot be read without a shudder. Our most eminent men have vied with each other in extolling its merits. Two vols., octavo, superbly illustrated. Three hundred engravings—Price \$1.50.
DR. KANE'S FIRST NARRATIVE:
THE U. S. GRINNELL EXPEDITION IN SEARCH OF SIR JOHN FRANKLIN.
During the years 1850-51.
A personal narrative, by Elisha Kent Kane, M. D., U. S. N. One vol. 8vo., upwards of 550 pages, containing 200 Steel Plates and Wood Engravings, including a fine Steel Portrait of Sir John Franklin, being the only one ever engraved in America. Also, a Biography of Franklin, by S. Austin Affleck, Esq., \$3.00.
This work is totally distinct from the second Arctic Expedition, and embraces much valuable and interesting matter never before published. It should be by all who have purchased the last Expedition, as it makes Dr. Kane's works complete.

A PHOTOGRAPH OF DR. KANE.
Taken from Life by Brady of New York—Price \$5.00.
IN PRESS, COL. J. C. FREMONT'S EXPLORATIONS. Prepared by the Author, and embracing all his expeditions. Superbly illustrated with steel plates and wood cuts, engraved under the immediate supervision of Col. Fremont, mostly from Daguerreotypes taken on the spot, and will be issued in a style to match Dr. Kane's works. It will also contain a new steel Portrait, being the only correct likeness of the author ever published. Two vols., Octavo—\$5.00.

BRAZIL AND THE BRAZILIANS.
By Rev. D. P. Knowlton, of the Methodist Episcopal Church. By Rev. J. C. FLETCHER, of the Presbyterian Church. This new and splendidly illustrated work (one large vol. octavo, in uniform style with the superb volumes of Dr. Kane's Arctic Explorations,) is the joint effort of the above named gentlemen, who, as travelers and as missionaries, (and one in an official position as Acting Secretary of the United States Legation at Rio,) have had a long and varied experience in a land full of interest, whether we regard it in a natural, commercial, political or moral point of view. Price \$3.00.

TO THOSE WHO WANT FARMS.
A Farm within the reach of every Man.
THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.
The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the fertile soil of the west is unknown. It also has an abundance of the best quality of coal and iron. The price to buy it out is from \$20 to \$50, payable by installments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$300, payable \$6 per month or 124 acres payable \$4 per month. Discount for every acre of \$100 and under, paid in advance, and for over \$100 a discount of 10 per cent.
In considering the advantages of emigrating to this locality the following are presented:
First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has obtained its present great prosperity.
Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the Great Lake market, (according to the population and travel the greatest in the Union.) It has five workable veins of the best Bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value. The eminent geologist, Dr. Charles Jackson of Boston, has made a geological survey of the land, and analyzed the coal, the iron ore and limestone. This report together with maps will be furnished to inquirers.
Third—Three Railroads are laid out thro' this property. The Northern and Erie Railroad give a market for our coal to the lakes, and runs from Erie to Philadelphia. A large part of the Road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which are in the hands of the Erie and Lehigh, the Allegheny Valley Railroad connects with New York, Boston and Pittsburg. The Venango Road connects with the West.
There are already good Turnpike Roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.
There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate of the most healthy and salubrious nature. Few ever having been known to occur in this settlement. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, is to endure sickness and pain, and perhaps ruin his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw-mills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.
Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below Fifth, Philadelphia. Letters carefully answered giving full information.
Shares or tracts of land can be bought or secured by letter enclosing the first installment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantee Deeds given. Persons can also purchase from our Agents.
Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

SUFFER NOT, WHEN A PERMANENT CURE IS GUARANTEED in all stages of SECRET DISEASES, Self-Abuse, Nervous Debility, Stricture, Gleet, Gravel, Mercurial Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Ears, Ulcers upon the Body, Female Irregularities, and all other improper discharges, no matter of how long standing, or obdurate the case, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, after the skill of the most eminent physicians has failed, and the disease resisted all other means of cure. The remedies are free from color causing neither sickness nor inconvenience, and without mercury or balsam.
During twenty years' practice, I have restored to health over seven thousand patients, who were suffering under the worst form of all of the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on the earth; for the disease is becoming so common, and treatment so little understood, that a permanent cure is scarcely ever effected, as a majority of the cases fall into the hands of incompetent persons, who not only fail to cure the malady, but inflict a dangerous and often a mortal and dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently a rapid one; but should it not cause death speedily, it will cause a permanent and incurable disease, causing them to come into the world with scrofula, affections of the skin, eyes, throat, &c., and again terminate in consumption, and consign the victim to an untimely grave, between the ages of six months and thirty-five years. Self-Abuse is another formidable enemy to health; it destroys the nervous system, rapidly wasting away the energies of life, causing mental derangement, preventing a proper development of the system, and disqualifying its victim for marriage, society, business, and all earthly happiness. Female Irregularities, and other diseases of females treated in the most skillful and scientific manner. Medicines, with directions, sent to any part of the United States and Canada, by patients communicating their symptoms by letter.
