An Odd Record.
The late Miss Julia Moore, Sir John Moore's niece, like many very old people, was extremely proud of her age and lost no opportunity of showing it. When she was asked by a friend if she was going to see the coronation of King Edward VII she answered: "No, I have been out of London for the last three coronations, and I don't care to alter my record." What an exaltation one must feel at being able to say a thing like that!

Strength.
"Some scientists have declared that there is as much strength in three eggs as there is in a pound of beefsteak," said the observer.
"Well," replied the actor, "I met an egg once that would have eliminated the other two eggs from that proposition."—Exchange.

Praying For the Sister.

Men's Toggery

"Your clothes fit me better than any I can get made to order."

Many of our customers say this—we hear it daily.

We know it well enough, and often state it; but it's a great satisfaction to hear customers acknowledge it.

You can go to lots of places where you can get suits to fit you indifferently well, nothing particular to find fault with, and certainly nothing to brag about.

But that's not the kind of a suit you're looking for, and that's not the kind we offer you.

We will sell you a suit that will make you admire yourself, and make other people admire you, too.

You'll say our prices are modest when we quote you \$7, \$8, \$10, or \$15 for our kind of suits.

Early pickers will have the advantage and they will harvest the choicest crop.
