The election takes place on next Tuesday, the 24 day of November.

An appeal to the Republicans of Mower County.

The only foe we have to fear in the coming election is apathy. If every Republican casts his vote at the polls on next Tuesday, there is no danger. We can elect our County ticket by six hundred majority and send our Legislative and State tickets out of the county high and dry. There is but one great issue involved in the present campaign and that is this: shall we turn the State and County government over to a party which supported the rebels during the war, and strove with earnestness to destroy our Federal Government, which gives value and strength to our State and county organizations? If the Republican party since that time had proved false to the confidence reposed in it, and had betrayed its high trusts, and if the Democratic party had given evidence of sincere repentance, we might answer the question affirmatively. But this is not the case. The Republican party stands to day in the advance as the advocate of equal rights for men of every race; as the enemy of sectionalism and State rights, and the sworn enemy of every faction which aims at the destruction of the Union.

Reform is the honest payment of our debts, and in the manner as provided by the laws under which these debts were contracted; favors a faithful collection of the Revenue, and the restoration of law and order to that southern country which is kept in anarchy and rebellion by southern traitors and Democrats. The Democratic party has not advanced a step since 1860. It is now as then the bitter foe of equal civil rights. It is hand in hand with secessionists; and is ready whenever an occasion may offer to support any movement for the assertion of the superiority of State over the authority of the Federal Government. It nurses sectional pride; it excites the jealousy of the poor against the rich; it appeals to the passions and not to the patriotism of the people; it proclaims itself in favor of the repudiation of the National debt, and it is so indefinite as to its Government policy that it has a set of principles for every State which is arranged to suit the supposed wishes of the local majority. It is eager for peace and power only. The voters of Mower county know these things well, and we do not fear but they will repudiate this party on Tuesday next as they have done over and over again, in years past.

Reform is a favored catchword with democrats always before election, it is hurped upon by their editors and stumpers, great and small. The public money is being squandered, and they are just the ones to stop the leak; the public debt is not being reduced, but increased. This is their tune; they are out of office and want to get in.

Put them in and the whole thing is changed. They have not a word to say about economy or reform; not a word about the reduction of the public debt or the faithful collection of the revenues. But invariably under Democratic rule the expenses of the government, whether national or State, are increased. Who ever knew of a democratic administration to reduce a public debt? "Buy their frauds shall ye know them," and judged by this they have been found wanting.

The last Treasury Statement is a stunner for the Democratic orators and editors. They are as muzz as you please, they can't answer it. But it stands right before them, grim and ugly,

in such a solid array their batteries can't make the slightest impression upon. A decrease of the debt since March 1st, of \$56,968,187.90, being an average reduction of over \$8,000,000 per month under Republican management, is something they were not prepared to answer. It is an ugly thing for them to meet just on the eve of an important election, and our Democratic friends here are making all sorts of sour faces about it, since Judge Austin called their attention to the fact in his speech in this city last week.

We urge every man who desires to see the administration of GENERAL GRANT endorsed, and the power of the Republican party perpetuated, to so manage his business as to be at the polls on next Tuesday, long enough to deposit his ballot for the party of Justice and fair dealing.

Let every Republican be on hand at the polls on Tuesday next, and vote the straight Republican ticket.

THE COMING ELECTION! The Defeated Ring and their Followers Going over to the Democrats!

Suicidal Policy for Austin A WORD OF WARNING.

The majority of mankind are shortsighted. They view everything from their own selfish standpoint and in doing this become oblivious to what is really for their own interest. Infatuation is a characteristic of politicians and we are sorry that honor is not. Almost ever since its organization Mower County has been ruled by a half dozen men, most of these men have been and are now residents of Austin. To support and enrich them the people would have required only hundreds. These men have been greedy and mercenary in their demands. Their conscience has been more, MORE! They have coaxed and cajoled where these would serve the purpose, while threats and prescriptions have been their most telling weapons. Thousands have been whipped into their traces, and driven under their tyrannical lash. Professed friends of the village of Austin, their conduct has been most disastrous to the interests of the town. Once and for the first time these enemies of Austin and the people have been defeated, fairly, honorably, and effectually by their overthrow accomplished by the people. It was the spontaneous uprising of tax ridden citizens. Wise and honest Republicans would have accepted the result in a becoming manner, not with the Old Ring, unable to rule that at once determine to ruin. They bolt the ticket and go with the Democrats. But this is not the worst, not content with working their own ruin they seek to carry the voters of Austin with them. How? by raising a false and purely issue about Railroads and the fact that Austin ought to have a Representative. We are among those who greatly desired a Representative in the Legislature from Austin, but no inducement could lead us to forsake principle and the great Republican party to gratify a little local jealousy by voting for a Democrat. How do these old, fossil politicians now so headed and almost defunct, care anything about Austin? Every element of their little strength was thrown against Austin in the convention. Note then inconsistency. The truth is they are now endeavoring to induce people to vote for a Democrat simply and solely to gratify their own personal ambitions. The course they mark out, as it has done in the past will be suicidal to the best interests of the town. Austin can not afford to be constantly at war with the rest of the county. There is strength enough outside to manage her every time, if she places herself on hostile ground. Her policy should be to conciliate. Will bolting the ticket do this? No, but on the contrary will make the war more bitter. In their mad career this old ring are determined to ruin the town, and every Republican that votes for a Democrat next Tuesday helps them on in their work to ruin. We warn the Republicans of Austin to be wise for the future. Don't throw away your votes upon a Democrat and dig your own political graves doing it.

The Elections.

Pennsylvania, Ohio and Iowa have endorsed the Administration of Gen. Grant, Minnesota will follow suit on next Tuesday. Let every vote be polled and victory is certain. A full vote is a full victory.

REPUBLICANS OF AUSTIN! Rally to the polls next Tuesday! Roll up such a majority as has never been seen before. Don't go for the ring by voting for a Democrat.

Look out for Republican tickets with Democratic names on them.

READ your tickets and scratch off all names of Democrats and bolters.

We are credibly informed that Republican tickets will be in circulation next Tuesday, with the names of G. M. Cameron and Chas. Paddock Democrats on them.

Throw away such tickets.

The Regular Nominations.

We give below the names of the regular nominees of the Republican party in this County. Let every voter examine his ticket and see that it is straight.

For Treasurer—JOHN S. IRGENS. For Representatives—W. O. TELFER, H. A. BROWN. For Clerk of the District Court—JOHN F. ATHERTON. For Court Commissioner—E. O. WHEELER.

For Court Commissioner—E. O. WHEELER. Throw away every ticket that contains the name of Sherwood, Cameron, Wyckoff or Paddock. All such are spurious and fraudulent.

Do not be deceived or gulled by the Democrats. Vote for the regular nominees of the Republican party.

Another Sell.

The Ring sold their party, their friends and the people of Austin a year ago, and elected a Democrat Register of Deeds. This year they are again up to their old tricks. They dare not bolt openly, but they do what is very much more disgraceful. They are secretly endeavoring to sell the Republican party to buy votes for the little insignificant bolter, I. A. Sherwood. They promise all Democrats who will vote for this whisky distilled tool of the ring, that they in turn will vote for Wyckoff for Treasurer. Drowning men sometimes do meaner things than to catch at straw.

The candidates of the Republican party are all men who are well qualified to discharge the duties of the office to which they have been nominated, and will do it, the disaffected to the contrary notwithstanding.

Clerk of the Court.

L. A. Sherwood has been clerk of the District Court of this County about eight years. During this time, as every lawyer in the County knows, he has habitually neglected his duties and transacted the business in a most inefficient manner. He is a Ring man to the backbone. He swears by Allen, Smith & Co., and will do anything to serve them. He went into the convention and tried to beg and steal an election by scattering tickets broad-cast over the County with his own name in place of the regular nominee. This act alone is sufficient to condemn him and should deter any honest man from supporting him. No upright man would be engaged in such dirty work.

But what claims has he to the office? None at all. He pleads poverty and weakness. What bare-faced impudence to ask an office of the people of Mower County on the ground of poverty! Has it not already cost the County thousands and thousands of dollars to support and enrich this class of men? If there are any others who claim subsent at once to the poor farm and not be quartered upon a public office. It might not be amiss to ask what has improved this alms-seeking bolter? A true solution may be found in the causes which led to the early death and death of Lord Byron.

No—Mower County has no further use for this class of office-seekers. No true Republican will send a ballot with L. A. Sherwood's name on it.

The Railroad Dodge.

The sore heads of Austin are trying to induce Republicans to vote for Mr. Cameron the Democratic nominee for Representative. The argument used is that Mr. Brown is interested, in having the Southern Minn. R. R., go to Brownsdale and his acts will consequently be unfavorable to Austin. Now, gentlemen of the Republican party, just stop and ask what you are to gain provided you could do an impossible thing, and elect Mr. Cameron. He is more deeply interested in having that road go to Brownsdale than almost any other man and has so expressed himself within the last year. Nearly the whole of his property outside of a little homestead in Austin, consists of land near Brownsdale. The advantage to him of having a road to that point, would be ten times what it would if it ran to Austin. We most sincerely hope the Republicans of Austin will not be duped to throw away their votes by such subterfuge.

A Lie Nailed.

Some malicious member of the little sore headed old ring has started the story that Mr. Atherton the nominee for Clerk of the Court is not a resident of the State. This is a willful falsehood, Mr. Atherton has been a resident of Mower county several years, his property is here, his family resides here, and has for three years past, their only absence having been for a brief visit during the present summer. The Republicans of this county intend to elect Mr. Atherton by an over whelming majority. His only unfitness for office is that he never joined the old ring.

The old Ring felt at home with Democrats and will naturally vote that ticket.

How enthusiastic for the ticket is the Mower County Register (?) Poor boy where are his crumbs?
