Wood. We should be pleased to take a few loads of wood, on subscription, as soon as other pressing work will permit of its being hauled.

Death of John Otharday. This noted Sioux Chief who it will be remembered saved the life of over 70 persons during the Indian massacre of 1862, died at his farm near Lake Traverse on the 29th ult., of Consumption.

From Le Roy. We are again in receipt of our items of news from Le Roy this week, which has been neglected to long by our correspondent. We hope he will not let us wait so long again.

Look Out For The Fires. It is now the season for fires and our citizens cannot be too careful. Let our readers examine their chimneys, keep them clean, and take all the necessary precautions to guard against this devastating element.

The Sligh House. To the farmers who are obliged to stay in town over night or get a meal the Sligh House has become a favorite with all. Charley is a good landlord, and his barn is presided over by an attentive and accommodating hostler whose only interest is to please the guests while stopping at the Sligh House.

Thanksgiving Day. Next Thursday, the 18th is Thanksgiving day, and as yet we have many a Turkey offered us. We would not object to a good fat goose, duck or chicken, if the turkey is not convenient, but we would remind our generous friends who contemplate such a thing as making the Editor a present, for his table on this day that our family is not very small, and it might take a pair of the two laster to go around.

Minnesota Ahead. Our Eastern exchanges state the snow fall at from twenty to twenty-two inches deep in New York and the New England States. A telegraph dispatch from Albany, N. Y., the 8th says a lively snow storm was in progress at that place during the forenoon of that day. We have not had more than an inch this season and that was only on the ground a few hours. The weather though clear and beautiful is quite cool and embracing.

For the Holy Land. Rev. C. G. Rowditch starts from New York on the 15th of next month for Palestine, whether he goes in the interest of the Scholar's Holy Land Society, for the purpose of securing authentic illustrations of Bible history. Mr. Rowditch is the first missionary of this kind the Society has had, and he may well feel proud of his being selected for such an agreeable journey. He will be absent a year or more.

Railroad Sale. We are informed that the twelve miles of road, belonging to the Milwaukee and St. Paul Railroad Company, on which track laying was commenced last week, has been purchased by the Illinois Central Railroad Company, which will finish the same immediately. It will take about ten days to finish the track ready for the cars on this side of the line and about six on the Iowa side. If such is the case we will have direct Railroad communication with Dubuque in a few days.

That Wagon. Mr. L. G. Bassford has just had manufactured to order one of the neatest and most comfortable wagons ever saw. It is one of those kind of dealers that always is to be ahead of all others; not only in having all kinds of family groceries to sell cheap as any of his competitors, but in having the gayest rig to deliver them to his customers, free of charge, to any part of the city. But Roy, we do not wish to make you blush, nor even flatter you; or have our readers think we are giving you a puff, but that is a nice wagon and splendid horse you drive about town now a-days.

Railroad Accident.

A young man by the name of Charles Barto, a brakeman on the W. & St. P. R. R., freight train, was run over by the cars at Rochester on the 5th inst., and instantly killed. It is supposed he fell from the train his head resting on the rail, the body lying across the track. The head, says the Post, was literally crushed to atoms, the brains scattered on the rail, the jaws broken into small fragments, teeth scattered around, hair stuck to the rail, altogether presenting a spectacle horrible in the extreme and one at which the flesh crawls and the blood chills. The remains of the unfortunate young man were gathered up and deposited in the depot, and Dr. Mayo being summoned, he found that besides the terrible grinding of poison of the head, there was scarcely a bone in the whole body unbroken.

The Heart and Home.

This excellent family weekly newspaper has issued another prospectus, and reduced its club rates. The Heart and Home has got to be one of our favorites; we think it one of the best family newspapers published. Specimen copies may be seen at this office.

To all who subscribe before next January, for one year at the reduced rates printed below, the Heart and Home will be sent from the date of their subscription to the end of this year free of all such yearly subscriptions will end January 1st, 1871.

Therefore those who subscribe earliest will get the most for nothing. Our only terms hereafter are below the reduced rates for 1870, invariably in Advance.

Single Copies, 5¢ Three "all at one time 9 Five " " " 12 All over Five Copies at same rate. Making Heart and Home, to a club of five subscribers at \$2.40 each, the cheapest, as it is the most complete Family Weekly Newspaper in the world.

The S. M. R. R. Regular trains on the Southern Minnesota Railroad now leave Ramsey Junction for Albert Lea every morning, and arrive at the same place from Albert Lea every afternoon. A new passenger coach was put on the road a few days since, and passengers can now enjoy a comfortable ride to our neighboring town on the lakes. It is the intention of the company, we learn, to run their trains through to the depot in this place in a few days, using the Milwaukee and St. Paul road from the Junction down. This is a good arrangement and will prove a profitable one for the company and very convenient for the passengers and Shippers.

George Francis Train. The Cincinnati Train says Train tells more truths in a lecture of two hours than people are in the habit of hearing in a whole year, and many truths that he only dares tell. He is booked for his second lecture this season in St. Paul on next Saturday evening. Why not have Train deliver a lecture in Austin this season. Will not some of our public men make an effort in this direction. Those who have heard him agree that in a lecture of two hours he gives more entertainment than any other man living.

PERSONAL.—We had the pleasure on Tuesday last of taking by the hand our old friend and School-mate, Capt. E. H. Kennedy. He, and ourselves were school boys together, eighteen years ago, and have blooded each others nose more than once; and it is a pleasure to meet and talk over the bitter and sweet of boyhood days with one who has partaken and enjoyed them with ourselves. Call again, Capt. we are always glad to see you.

A CASE of chronic rheumatism of unusual severity, cured by "Johnson's Anodyne Liniment," is noticed by one of our exchanges. A large bunch came out upon the breast of the sufferer, and appeared like part of the breast bone. The sweetest we in our language is health. At the first indication of disease, use well-known and approved remedies. For dyspepsia or indigestion, use "Parson's Purgative Pills." For coughs, colds, sore or lame stomach, use "Johnson's Anodyne Liniment."

THERE never was a time when those who are extremely nervous and debilitated, could procure a medicine so sure to relieve them, as at present. The country has been flooded with trash labeled Bitters, but Seward & Bentley, in the Constitution Bitters, have attained the pre-eminence, and to-day they stand as the greatest and most popular Bitters in the world, and used according to directions, will be sure to invigorate and thereby steady the nervous and debilitated sufferer.

The Fulton West Market. Mr. Joe McConnell has taken into partnership Mr. Gregson, a practical butcher and a good fellow generally, as Joe is himself. They are honorable business men and any of our readers who wish a nice stake, roast, or anything in their line can be accommodated, and honorably dealt with by them and be convinced.

Advertising. Some people don't believe in advertising—says an exchange—because they say "nobody reads the papers." But, let them get involved in some scandal, and they will find them flying around the newspaper offices with the request, "please don't mention that little affair, it's a mistake; I don't want my name published all over the country."

ANYBODY and everybody if you want anything below Austin newspaper quotations, go to Austin & Richardson's

THRESHING MACHINE BURNED UP.

On Thursday last, says the Levee Courier, a threshing machine working on a farm of Mr. Eran Jones, a few miles from town, caught fire from friction caused by quick running and burned up. Six or eight hundred dollars worth of grain stacked close by was also burned. A valuable granary in the immediate vicinity of the fire was saved by vigorous work.

One of the Salt Lake saints has for three of his wives a grandmother, mother, and daughter—in this way avoiding the unpleasantness of a mother-in-law.

MARRIED.

In LeRoy, Nov. 6, 1899, by the Rev. Walter Ross, Mr. HENRY H. PIERCE, of Danvers, Penn., to Miss MANNHA LARKENS, of LeRoy.

Private School.

Rev. James Bentley, and wife, recently from Iowa, will open a private school in the Court Room, in this place, on Wednesday December 1st, 1899. Pupils of all grades will be received, this will afford an excellent opportunity for the large number of young persons in our city, and vicinity who should be in school, but whose education has heretofore been neglected. There are many in the neighboring towns who will gladly avail themselves of the advantages of the school during the winter months. Mr. Bentley and wife are both teachers of large experience, and are prepared to give instructions in all the branches usually taught in high schools and academies. The prices of tuition will range from \$1.50 to \$2.00 per month, for English branches, Latin, Greek, French and Drawing extra.

Sunday School Convention.

A fraternal invitation is hereby extended to all pastors, superintendents, teachers, and lovers of Sunday Schools, in Austin and Mower Co., to meet with us in Convention on the third and fourth days of December next. We will cheerfully entertain, free of charge, all who come.

Messrs. LINDSEY BROTHERS.—We have lately been shown the formula from which this Pills are prepared, and find this and our experience in the use of them, can honestly pronounce them a good safe and reliable medicine. Being entirely free from all poisonous ingredients they can be safely used while performing their office, and by a fair trial you will see to see them and by a fair trial you will see to see them and by a fair trial you will see to see them.

THE LIVER.—Its office is to separate impurities from the life current, the blood, and to secrete it, and by so doing to keep the system in a healthy condition. If diseased, it cannot purify the blood, which, if sent to the lungs, brain and every part of the system, in a morbid condition, will produce jaundice, insanity, consumption, etc., and by withholding the stimulus from the intestines, produces dyspepsia, piles and many other disorders. Delicate females and weak children are made strong by the use of the Constitution Bitters. In fact, they are a family medicine, and can be given to the child of three months old, the indisposed female, or a person of three score and ten.
