

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

Quality in Childrens Suits

The remarkable development in the making of Children's Clothes is demonstrated here in a manner that admits of no dispute. Quality of material and thoroughness of workmanship are of course the dominating features, but aside from these the garments possess the utmost attractiveness, style and durability. We have selected our lines with much patience and care, only from those makers who progress daily and rise far superior to commonplace demands with every effort they make. Our exhibit is extensive, the styles correct, the fabrics pure.

This picture shows one of our Junior Suits for ages 3 to 10, at the left; two Russian Suits, ages 2 1/2 to 8, in the center; an Admiral-style, ages 3 to 10 at the right. The large Puritan collar of linen upon the Russian and the white pique front and cuffs on the Admiral make these garments extremely neat. Prices \$4.00 to \$10.00.

Also full line for Boys, 7 to 17.
