Dr. Price's Cream Baking Powder for nearly half a century has been giving the people pure food—long before a pure food law was thought out for either state or nation.

DR. PRICE'S CREAM BAKING POWDER

Made from grapes—pure and healthful. No Alum—No Phosphates.

Chemical tests show that alum baking powders leave unchanged alum, an injurious metallic acid, in the food.

Be on your guard. Alum powders may be known by their price—10 or 25c a lb., or one cent an ounce.
