

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.

JUST PUBLISHED

Webster's NEW INTERNATIONAL Dictionary, G. & C. Merriam Co., Springfield, Mass., surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The recent edition has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has become more than doubled. The etymology, synonyms, pronunciation, have received unsurpassing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness in size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases.

6000 illustrations.

2700 pages.

Ask your bookseller for the NEW INTERNATIONAL or write to the publishers for Specimen Pages. You will do us a favor to mention this publication.

The Review of Reviews

first, because it is a necessity—that is the rule in magazine buying of America's intellectual aristocracy. It is indispensable to the busy business man, who must keep abreast of the times, because it gives him the real news of the day in concise, readable form; it is invaluable to the thinking man, who demands only the truth and then draws his own conclusions, because it gives him just plain, straight facts.

It is helpful to the whole family. In it you will find a monthly picture of men and affairs by Dr. Albert Shaw, in his comprehensive editorial, "Progress of the World;" a clever cartoon history of the month; book reviews; the gist of the best which has appeared in the other magazines and newspapers of the world; pithy character sketches; and interesting articles on the all-important topics of the day. Authoritative, non-partisan, timely and very much to the point, it's a liberal education, is the way subscribers express it.

OUR 1909-10 CATALOGUE

of all American magazines is a money-saver. You can't afford to order for next year without first seeing it. If you appreciate superior agency service and demand maximum magazine value for the lowest dollar, write for it today. It's free to YOU.
