HIGH SCHOOL NOTES.

Monday morning, the returned teachers gave us some fine accounts of state educational meetings at Minneapolis. Good times, beneficial results, vaudeville. We are not sure whether they profited more by the convention itself or by the good time. The two "little fellows" made several complimentary remarks about each other. Mr. Wilson made us feel good by telling us that he thought our business course was as fine as that in Minneapolis, especially in short hand and bookkeeping. Mr. French very cleverly, as usual, persuaded Miss Padden to sum up the whole matter. Miss Burgess also gave an interesting talk.

Shorty Varco visited us Monday afternoon, but he only stayed long enough to—(We don't dare.)

Some of our "healthies" dissipated too much last week. It certainly would not do to have two days extra vacation every week.

Two new students have entered our high school within a week. See us grow.

A cartoon in Saturday's Minneapolis Tribune labeled "Supt. H. E. Wheeler of Austin" caused much guessing among us. Couldn't see any resemblance to our popular superintendent.

Wednesday morning, we were furnished with excellent music by Thelma Knopf. Fine. Come again.

Nine times one equals nine, Geraldine.

The Duodecim banquet will not occur until next spring Birdie and many things may happen before then.

Chet and Vern continue to be as affectionate as ever.

Just look at our show when they are all Lynde-d up. A moose, a beaver, a Dahle, and a Newman. Extra on side show, a moose and a Taylor all in one. Poetry, please.

School seems worse than ever since our splendid vacation.

Did you say good roads between Austin and Albert Lea? Try them on Saturday nights and see.

Over \$100 worth of physical and chemistry apparatus has just been put in for our use and the chemistry class is starting experiments this week. We now have a practical and up-to-date course.

Ham and says it's better to be a busy little body than a little busy body.

One senior girl discovers that a person can be stung without having to handle the business end of a bee. That was a mean slam all right on one of our worthy A. H. S. girls, in fact a regular libel.

It isn't always fair to judge a girl by the Company she is compelled at times to entertain.

Simon says Chemistry looks just like Fourth of July.

If you want to see the best football game of the season, go to Fairbault Saturday with our team. Connections are fine from Austin and chaperones are plentiful.

Gert sure is clever but she cannot get ahead of the Bunch. We were right there, Monday morning, Johnny on the spot.

Our Austin teachers showed up with the best of them at the state educational meetings. Prof. French and Miss Ray had papers and our popular superintendent was strictly in it.

A number of seniors called on our former teacher, Miss Elizabeth Gill, at her home on Tuesday evening, 21st and spent a social evening. Miss Gill is soon to go to Iowa to engage in a Y. W. C. A. work. Lunch was served and a fine leather writing case was presented to her. She will carry with her the friendship and esteem of hundreds of her former pupils.

Simon promises to be good from now on as the result of the awful balling out he got for his conduct on a certain Saturday evening.

Wonder why Chappie's eyes are so dreamy Monday mornings? Let's see, Sunday comes just before Monday, doesn't it?

We hope that our teachers appreciate Hallowe'en and that they will refrain from giving us lessons to study between times.

The dances Wednesday and Thursday evenings sure were dandies; that's all we hear in high this week. Fires are great events up at school, but they always extinguish them so soon.

Rev. F. E. Knopf will speak to the pupils Wednesday morning on the Liberty course. Get your tickets for the course early.

All our teachers were on hand Monday morning after their two days vacation. Some visited other schools and some attended the state meeting and all claim that they were greatly benefited.

Prof. W. L. French has selected a lot of new lantern slides at the state agricultural school which will be used with our stereopticon here for the enlightenment of the Aggies.

Who says the Matterhorns are in the Rockies?

Highly exciting drama enacted on Kenwood Monday morning: The Man, The Girl and the Bunch. Never mind, Daisies won't tell.

Prof. French has decided he will be on time at the next convention or at any rate be there for election.

Funny thing, this world of ours. Eh, Simon?

Unexpected fire drill Monday. Kind of scared for a minute. We noticed Mr. Leker at the head, right on time.

Something doing all the time, vacation or no vacation.

Shorty says it is too bad if one girl catches a fellow that all the rest of them want him too. Whom can he mean? Wonder how many of these trying experiences he has gone thru.

MARRIAGES

FRISBIE-CONNOR.

Miss Zella, daughter of Mr. and Mrs. H. A. Connor, and Clayton Frisbie, were married at the home of the bride's parents at Park Rapids, Minn., at the stroke of seven o'clock Wednesday morning, Oct. 22, 1913, Rev. H. R. McKee, pastor of the Baptist church officiating. There were present from out of town Mrs. Longley of Little Falls, sister of H. A. Connor and Miss Pearl and Lawrence Longley and Mrs. G. D. Frisbie of Parker, Wash., and only a few of the immediate friends of the family.

The bride wore a dainty gown of hand-embroidered filmy white, trimmed with hand made lace; the groom in black. Both were unattended. After congratulations a sumptuous wedding breakfast was served. The young couple left on the morning train for Spokane where they will visit for a few days with relatives before going on to Parker where their new home is in readiness.

The Connor family have been residents of Park Rapids for ten years. Being a music teacher and having classes in neighboring towns Miss Connor had a wide acquaintance and many friends. For eight years she has been organist at the First Baptist church in Park Rapids; her services there will be missed by a large and appreciative congregation.

Clayton Frisbie was a resident of Park Rapids for about five years, living with his parents on the farm north of town. He was born and reared in Oakland village and has many friends in Austin and vicinity. After Mr. Frisbie died the family moved west and are now located at Parker, Wash. There Mr. and Mrs. Frisbie will make their home.

The best wishes of a wide circle of friends follow this popular young couple to their western home.

Mr. and Mrs. Levy left for Chicago last evening to visit relatives. The groom is an employe in the Milwaukee railway shops in this city. The bride came with her folks from Chicago about three years ago. She is a practical housekeeper and has many fine traits of character. We congratulate these worthy young people and wish them abundant joy.

BAUDLER-KENEVAN.

At the residence of the officiating clergyman, at high noon, Wednesday, Oct. 23, 1913, Otto Baudler and Miss Katherine C. Kenevan were married, Monsgr. E. H. Devlin officiating. They were attended by Carl Baudler and Miss Alice Kenevan. The bride wore a going-away gown of wine colored Bedford cord with hat to match. After the ceremony a four-course wedding dinner was served at the home of the bride's parents on north Kenwood. Mr. and Mrs. Baudler took the afternoon train for a trip to Minneapolis and Granite Falls. The groom is the son of the late William Baudler, one of the first settlers of Austin. He has been reared here, graduated from the Austin high school, class of 1901, and later from the law school of the state university. He commenced practice at Blooming Prairie but later moved to Austin to open an office here. For the past three years he has been an efficient county attorney. The bride is the youngest daughter of Mr. and Mrs. J. D. Kenevan. She graduated from the Austin high school, class of 1906, attended the St. Catherine's academy at St. Paul and graduated from the St. Cloud Normal. She has taught successfully for five years at Hinckley and Glencoe. They are highly regarded and their numerous friends are sure that the best is none too good for them. After Dec. 4, they will be at home in their new residence on north Kenwood, immediately adjoining the F. W. Kimball tract on the north.
