

The Transcript

AUSTIN, WEDNESDAY, March 25 1914.

C. D. BELDEN, Proprietor.

INCLUDING AUSTIN TIMES.

INCLUDING AUSTIN JOURNAL.

AND BROWNSDALE LEAFLET

Entered as second-class mail matter at the postoffice, Austin, Minn.

PROF. W. H. TAFT refused to be weighed while in Minneapolis last week. No need of it. Any one can guess within fifty pounds of his correct weight by looking at his picture.

A Fort Dodge woman put \$100 in currency and bills in the stove for safe keeping and forgot about it and kindled a big fire. If she had put it in a bank as she should she would not have lost it.

AGAIN corn usurps the throne of King Cotton. A Kansas chemist makes an oil from corn that is as genuine olive oil as that made from cotton seed. Minnesota will yet rival Italy in the product of "olive oil."

THE London papers on Friday came out with startling headlines "War in Ulster." We sincerely hope not. War of any kind is hell but when it comes to religious war between people of the same blood and nation it is of untold horror.

WILLIAM T. JEROME gets \$25,000 attorney's fees from the state of New York in connection with that state's efforts to get Harry Thaw back to Matteawan asylum. Nothing more be said. We understand his activity and continued efforts.

ON account of the active competition of the government parcel post service, it is now definitely announced that the United States Express company will go out of business as soon as its liquidations can be arranged. Where, oh where, is Tommie Platt gone?

WHEN you find a political opinion on governor in the Twin City venial papers, you may be pretty sure to guess that the very opposite is the real truth. That remark certainly applies to the statement that the state house gang is giving very little worry or attention to Lee's nomination.

DURING the quarter ended September 30, 1913, 211 were killed and 4,011 injured in railway train accidents, a decrease as compared with the corresponding quarter of 1912 of 77 killed and 587 injured. The record is an overwhelming proof of poor equipments and poor management.

THE Twin City press is in agony because the 1913 legislature failed to appropriate money for a state exhibit at the Panama exposition in California. It is one of the things for which the country is thankful to the legislature. It is purely a scheme to furnish fat positions for political loafers.

PRESIDENT WILSON expressly repudiates the Baltimore platform pledge which reads as follows: "We favor the exemption from tolls of American ships engaged in coastwise trade passing through the Panama Canal." The president is right and the platform is wrong dictated by monopoly ship interests.

MINNESOTA is due for a lean apple crop this year, according to Prof. Roger S. Mackintosh, horticulturist of the agricultural extension division at the university farm. Farmers who lost thousands of bushels of apples last fall because they could not handle the bumper crop will not have to worry over disposing of the crop for two years. We should worry.

BECAUSE the owners of dogs are responsible for the damage they do, so the owners of automobiles should be responsible for damages they inflict. Such is the argument on which the U. S. Supreme Court is asked to hold constitutional the Michigan motor law making automobile owners liable for damage inflicted by their automobiles. What do you think of that?

THAT "yard of argument for the republican anti-machine state conference," compiled from the primary election returns of 1912 brings out the fact strong that Eberhart was a minority candidate without a doubt. He carried five counties, as against eighty-one for the candidates opposing him. Everyone knows what the majority wish. The problem is to get the wish carried out.

THE personal property of Adolphus Busch, the St. Louis brewer who recently died, aggregates \$17,000,000 to say nothing of his immense real estate holdings. He worked out successfully the rule of getting a nickel apiece from millions of small contributors instead of getting a million apiece from a few large contributors. The nimble nickel makes a million if you keep it with sufficient profit.

SAM LANGUM of the Preston Times who has held office most of the time since he was weaned never gets over his hunger for public position so as to give others a chance. His latest greed is shown in his filing for representative

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-giving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less

HAUGAN'S PHARMACY, AUSTIN, MINN.

than one month."—Prof. C. J. Budlong, South Lyme, Conn. Ask any druggist today for D. D. D. Prescription. He'll tell you it always stops the itch instantly—and soon there are signs of cure. We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. soap especially for tender skins. We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

to the legislature from Fillmore and Houston counties. It would give many people who know of his capacity for office great pleasure to see him defeated at the primaries.

THE present city council are responsible for the crazy extension of paving in Austin last year. Instead of being reasonable they allowed over fifty blocks to be forced on the city considerable of it laid over newly filled ditches which are sure to settle and leave the paving bridging. Later we shall have a repetition of this paving breaking thru as so much on Water street has done. We are informed that this same council are all seeking reelection and if elected will feel encouraged to continue the paving craze extension with little regard to taxes or increasing city indebtedness. Are our citizens in favor of this?

OTHER EDITORS OPINIONS.

Washington Post: Sensational sermons on women's apparel indicate that some first-class tailors were spoiled in making some mighty poor preachers.

Cleveland Plain Dealer: Lives of young men show us plainly how few places they can get. When their fitness showeth mainly skill to roll a cigarette.

St. Paul Progress: We wish to say that in our opinion, very few people buy reproductions of the famous painting, "September Morn," because they appreciate the art that's in it but because they wish to make others believe that they do.

St. Paul Review: An Illinois doctor operated on a patient which resulted in death whereupon a son shot and killed the operator, taking one life as a forfeit for the other. When the media get up against this sort of a game, they may not so freely wield their lances.

Harmony News: It is reported that one of the old maids of Harmony ate a pound of cheese before retiring. She dreamed that night that she had a husband. Since she reported her dream at one of the meetings of the B. O. S. H. Club, the merchants of the town have been unable to keep a supply of cheese on hand.

Webster City Tribune: It will require a lot of nerve for any Californian hereafter to compare the climate of Iowa with that God-for-saken, flood-swept, earth-quake cursed and drought-ridden country lying for a stretch of seven hundred miles along the Pacific coast, immediately south of the good state of Oregon.

Blue Earth Post: John F. Rosenwald of Lac qui Parle county, has filed as a candidate for State railway and warehouse commissioner against Charles Staples, present member of the board. Certainly a voter can make no mistake in voting for Mr. Rosenwald as against Mr. Staples or any man now a member of that commission.

Windom Citizen: Since the election of last week Cottonwood county stands in a class by itself with possibly one exception. So far as we are able to learn only one other county in the state, Kandiyohi, is in the same class as ours—without a licensed saloon. That is the record of which we can boast. Is it not something to be proud of?

Mesaba Ore: The Carlton Vidette has decided that aristocrats of the town who send to the twin cities for their wedding stationery can look to the War Cry or The Police Gazette for the speils on the peculiar fascinations of the bride and merchants who advertise only with the traveling advertiser can write their own obituaries, so far as we are concerned.

Hokah Chief: The advertising which the Lax high school has been getting because its students smoke to excess might have been avoided had the mother in their home duties as the church and social functions and in care games. Mothers who neglect their boys to trot to the church parlors, the club or the party hall are making a serious mistake.

Princeton Union: The Union has positive information that several men were approached and urged to enter the field against Mr. Rines, and that one man in particular was guaranteed all expenses if he would file for state auditor. Has not the Union reason to "suppose or suspicion" that some parties are intensely interested in defeating Mr. Rines and will use money freely to bring about that result?

Wykoff Enterprise: A big movement is being agitated in Congress to standardize methods that will result in government buildings for cities that are entitled to them, and to prescribe their class. Art is being invited to take a back seat, and pork barrel methods are expected to decline in competition with the more modern idea of the maximum of efficiency in choosing sites and in the construction of buildings.

Albert Lea Tribune: Minnesota's progress is much impeded by ill advised public policies. It is time to change them, and to put at the head of the state government a man who will lead in the work of rehabilitation. Between the primary law vagaries that have come in under the shibboleth of "the

people's rule" and the growth of absurd feeling which dictates that no candidate can be chosen from the Cities, things are in a bad way.

Chicago Drover's Journal: Have you noticed that while farmers' boys are flocking to the cities to do clerical drudgery at little more than starvation wages, their city employers, the far-sighted business men, are investing heavily in farm property? We feel safe in asserting that more than half of the wealthiest business men of Chicago have bought or are buying farms. The fact is a significant one for young farmers to bear in mind.

St. Paul Progress: Right will triumph, although it takes years, sometimes, to bring it about. When the Indians were crowded away into far-off Indian Territory it was done because it was thought that the land was worthless but good enough for the Indians. At the time the Indians made a vigorous protest. In late years, however, this land proved to be very rich in oil, and today some of the best oil fields in the world are to be found in Oklahoma, formerly a part of the Indian Territory.

Fairmont Independent: William E. Lee, the honorable, upright business man, former member of the legislature and ex-speaker of the same, has a clean record. He has breadth of mind and firmness of character. He will be the next governor of the state, and he, not the brewers, the railroads, the grain ring or the win city influence, will be governor. He will be VISIBLE. The conference of the representatives of the people have done well, and made a good selection. The people will stamp it O. K. in November.

Emmons Leader: Albert Lea is infested with a set of men (and some newspapers) who attempt to tell our county board what to do—LOBBYISTS you might say. These lobbyists, practically the same bunch each time, told the board to employ an agricultural agent; told them to spend the county road money for Albert Lea's automobile owners on a road to Owatonna; and some time ago told the board to build a new home at the county farm and a new county jail. The board turned them all down, and will probably keep on turning down propositions for improvements put to them in the same way.

Canby News: Why do centralized creameries pay more money in Canby for cream than they do in St. Paul? Besides paying a higher price they pay about 2 cents per pound to the local agents for commission, also the drayage and transportation charges to St. Paul. Why do they pay four cents more to get the Canby cream than they can buy cream in St. Paul for? Is it because they love the local men so well they want to pay extra money to do business with them? or do they simply send smooth talking traveling men around who use local men as tools so they may buy the local creamery and the organized centralizers can control the price and situation to their own satisfaction?

Republican City Convention and Ward Primaries.

NOTICE IS HEREBY GIVEN that the City Convention of the Republican party of the City of Austin in Mower County, Minnesota, will be held in the Assembly Hall of the Fire Station, in said City of Austin, Wednesday, the 25th day of March, 1914, at 8:30 p. m., for the purpose of placing in nomination candidates for the following city offices: To-wit: Mayor, Alderman at Large, Treasurer and Assessor and to transact such other business as may properly come before said convention.

A primary election for the purpose of nominating two members of the City Council and one Justice of the Peace in each ward, and for the purpose of electing delegates to attend the said City Convention, will be held on the same day, from the hours of five o'clock to seven o'clock in the afternoon, at the following places, to-wit:

First Ward: G. A. R. Hall.
Second Ward: Ground Floor of Fire Station.
Third Ward: Third Ward Hose House.

The several precincts are entitled to representation in the County Convention as follows:

First Ward, 11 delegates.
Second Ward, 13 delegates.
Third Ward, 9 delegates.
Dated at Austin, Minnesota, March 4, 1914.

R. P. CRANE,
H. A. AVERY,
A. S. CAMPBELL,
Republican City Committee.

8:30 a. m. Arithmetic.
10:30 a. m. 8th Grade Composition.
2:00 p. m. Geography.

EUNICE L. RICE,
County Superintendent.

Day by Day. We live by days. They are the leaves folded back each night in the great volume that we write. They are our autobiography. Each day takes us not newly, but as a tale continued. It finds us what yesterday left us; and as we go on, every day is telling to every other day truths about us, showing the kind of being that is to be handed on to it, making of us something better or something worse, as we decide.—J. F. W. Ware.

Land in Bolivia. In Bolivia all vacant land belongs to the republic, and can be acquired by purchase or lease, subject to special regulations. The unit of measure is an hectare, which is 2.47 acres. One may acquire as much as 20,000 hectares, paying cash at the rate of 10 cents per hectare for farming and grazing lands.

Golf an Ancient Game. One of the few publications issued for extended circulation by the Brothers of the Book is entitled the Links of Ancient Rome. It is in Latin, and purports to show that the dignified game of golf was played on early Roman greens by characters who are famous in history. The Brothers of the Book is an organization of idealists in more or less widely separated cities. The headquarters are in Chicago.

'IN A BAD WAY'

Many an Austin Reader Will Feel Grateful for This Information.

If your back gives out; Becomes lame, weak or aching; If urinary troubles set in, Perhaps your kidneys are "in a bad way." Doan's Kidney Pills are for weak kidneys. Fred A. Laule, 303 Division street, Austin, Minn., says: "I have found Doan's Kidney Pills to be a fine kidney medicine. Three or four years ago I had more or less trouble with my back. I suffered from a steady, dull ache in the small of my back and I felt it severely when I stooped or lifted. If I moved quickly, sharp twinges darted through me. My kidneys showed signs of weakness and disorder. I attribute the trouble to my former work of railroading, as the jolting and rough riding rails on nine out of every ten men. Using Doan's Kidney Pills, I got quick and thorough relief. I have taken Doan's Kidney Pills since and they have always brought good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Adv.

How Did He Know?

Dad (meaningly)—Who is the latest boy in your class, Willie? Willie—I don't know. Dad—I should think you would know. Who is it sits idly in his seat and watches the rest instead of working himself? Willie—The teacher.—St. Paul News.

Not a High Flier.

Old Saw—Young man, you should hitch your chariot to a star. Young Buck—No, thanks. I never could see either money or sport in aviation. Chicago News

"One Piece or a Carload"

It's the Size That Counts!

If you keep chickens we want you to see the biggest and strongest chicks you ever saw in your life!

Come in and see these chicks while they are hatching and let us prove to you that a Buckeye Incubator will hatch bigger chicks, stronger chicks and more chicks than any old hen or incubator you ever owned.

The Buckeye Incubator is so simple that a beginner can operate it just as successfully as the experienced poultryman, and they are guaranteed to hatch every hatchable egg.

Made in 5 sizes—60 eggs to 350 eggs. Sold as low as

\$8.00

On the market 22 years—over 325,000 in successful operation. Ask for a Buckeye Catalogue.

Don't send away for an incubator when I can show you a line that will please you and do the work better than any machine on the market. Start your incubator and get an early hatch. They make the early layers.

Go To Hare The Feed and Seed Man

and let him show you.

We'll Help You

In building up a successful business it is always necessary to be in a position to have the influence and support of good people back of you.

The friendship of a good, progressive, modern bank will help you. A good deal depends on the bank you deal with. Our services are at your disposal and we invite your account. Our capital is ample, and the men associated with this bank are a credit to any community. Come and be one of us.

We pay FOUR per cent on deposits. We want Real Estate Loans.
