R. V. Pierce, M. D. Dear Sir—"Having been ill a number of years, and having tried in vain almost every advertised remedy, as well as having paid nearly a hundred dollars to our local physicians, witsed me to send for your medicines. I accordingly sent for your 'Medical Adviser,' six bottles of your 'Golden Medical Discovery,' six of your 'Favorite Prescription,' and six vials of your 'Pleasant Purgative Pellets.' When I first began using these I could not stand on my feet. In ninety days I could walk a mile, and do light housework; whilst in six months I was completely cured, and my health has remained perfect ever since. I recommend you and your medicines wherever I go, and loan your 'Adviser' to my friends. Two of our most prominent physicians who have read your great work 'The People's Common Sense Medical Adviser,' pronounce it the best family doctor book they have ever seen."

I was induced by my step-daughter, Mrs. Warner, of Olean, N. Y., to try the 'Golden Medical Discovery.' The effects were marvelous. After taking three bottles I was entirely cured."

S. L. FISHER, Sidney Plains, N. Y., writes: "Dr. R. V. Pierce, Burialo, N. Y. Dear Sir—My wife suffered for several years from general debility. She be deed a confirmed invalid. The physicians who attended her failed to help her, and it seemed as if she must die. On reading one of your Memoranery' might help her. I have recommended it to several, and in every ease, it has produced good results. I can never feel too grateful to you for the saving of my wife's life."

TREATING THE WRONG DISEASE.

Many times women call upon their family physicians, one with dyspepsia, another with palpitation, another with backache, or nervousness, another with pain here and there, and in this way they all present alike to themselves and their casy-going and indifferent all symptoms caused by some uterine disorder. While the physician is ignorant of the cause of suffering, he encourages his practice until large bills are made, when the suffering patient is no better, but probably worse for the delay, treatment, and other complications of prolonged misery.

ABSCESS OF LIVER. ISAAC GIBSON, Kenwood, Pa., writes: "My wife is getting well fast. When she began to use your 'Golden Medical Discovery,' our best doctors in Indiana County said she would die. They said your medicine would do her no good; that she had an ulcer on her liver as large as half a loaf of bread. Constination and Ulagra.—Mrs. A. D. Johnson, Georgetown, Ky., writes; "The 'Golden Medical Discovery' relieved me at once. I had a very bad sore on the back of my left hand for five months, and it cured that, as well as constination and indigestion, from which I was suffering very much."

Thoroughly cleanse the blood, which is the fountain of health, by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength, and soundness of constitution will be established.

Golden Medical Discovery cures all humors, from the common pimple, blotch, or cruption, to the worst Scrofula, or blood-poison. Especially has it proven its efficacy in curing Salt-rheum or Tetter, Feven-sores, Hip-joint Discase, Scrofulous Sores and Swellings, Enlarged Glands, and Eating Ulcers. SCROFULOUS

Mrs. A. L. Corv, Hadley, Crawford Co., Kansak, writes: "My son, aged fitteen years, was taken down last January with swellings on his right shoulder, left hip and knee. He hay helpless for five months, when great abscesses formed, four of which continued to discharge at the time he commenced using your 'Golden Medical Discovery' under your advice. Now, after having used four bottles of the 'Discovery,' he is almost well and walks three-fourths of a mile to school every day. A scrofulous sore on his arm, which ran constantly for two years, has healed completely under the influence of the remedy named."

MARVELOUS

Rev. Sidney C. Davis, Gallen, Michigan, writes:

"I wish, in this letter, to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary medicines. When she began to take them, in January last, she could not encould stay up only about thirty minutes at a time. Now she not only sits up almost the entire day, but can walk around, call on her neighbors, two and three blocks away, and not feel any injurious effects at all. When we consider that she had kept her bed the greater part of the time for four-teen months, and would lose repeatedly the advance she had made, her progress now seems marvelous. We had almost lost confidence in medical practitioners, and advertised remedies, but have found in your Dr. Pierce's 'Favorite Prescription' and 'Pellets' the complete and final recovery."

Mrs. E. F. Morgan, of Neucastle, Lincoln Co., Mone, says: "Five years ago I was a dreadful sufferer from uterine troubles. Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room alone. I began taking Dr. Pierce's 'Favorite Prescription' and using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cured, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and inclusing a stamped envelope for reply. I have received over four hundred Etters. In reply, I have described my case and the treatment used, and have carnestly advised them to 'do likewise.' From a great many I have received second letters of thanks, stating that they had commenced the use, of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."

Mrs. Henry Patterson, of New York City, writes: "I had been under an eminent physician's care for eight months for what he called 'spinal disease.' I became worse during all this time, when, chancing to see a copy of Dr. Pierce's Medical Adviser at the residence of a, friend, I read that part devoted to 'Woman and her Diseases.' I soon became convinced that my disease was a uterine affection, which, as you say, caused simpathetic backache, inward fever, nervousness, and general debility. I commenced the use of Dr. Pierce's 'Favorite Prescription' and 'Golden Medical Discovery,' applying also the local treatment which he recommends in the Adviser, and in three months I was well and strong."

Mrs. Carodane Simmonds, Medina, N. Y., writes:
"I have been troubled with symptoms of malaria, with fever, for three years, but after using three bottles of your 'Golden Medical Discovery' and 'Pleasant Purgative Pellets,' I am happy to say that I am entirely cured, and to-day I am perfectly well and able to do my own work."

A Wonderful Cure.—Daniel Flercher, Esq. gloucester, Mass., writes: "Nearly five years ago, I was taken sick with a disease regarding which the three physicians who attended me were unable to agree. One of the foremost physicians in Boston called it a tumor of the stomach, and treated me for that, nearly killing me with physic; another, a homeopathic physicians thought I had consumption. When taken sick, I weighed 157 pounds. I suffered from a heavy cough, night-sweats, kidney troubles, etc., and was reduced so rapidly that my physicians gave me up. They were unable to help me in the lenst. At that time I weighed but ninety pounds, and had not been able to lie down, but had to sit up in order to breathe. I had been confined to my room for six months, expecting to die. I was so bad at times that I could not allow any one to come into my room, as I could not talk; nor was I able to walk. I picked up one of your memorandum books on the floor of the hotel where I was boarding, and after reading it I began taking your 'Golden Medical Discovery,' and the first bottle brought me around so that I could walk around the room all day. I soon began to build up, and gained so rapidly that it astonished me. I have taken no other medicine since then, and bave used perhaps twenty bottles in all of this medicine. I stopped taking it in August, one year ago. I feel that it has saved my life. I now weigh about 160 pounds, and I think, and my friends with me, that this medicine savekimy life. It certainly is worth its weight in gold, and I consider it a wonderful remedy from its effect in curing all my aliments."

While in this low state he made a visit to see his relations, and while in a distant town, he purchased a bottle of medicine called, 'Dr. Pierce's Golden Medical Discovery,' and took it, and by the time it was used he was as well as he ever had been. When I saw him, he looked to be in the bloom of health. His statement caused a great deal of inquiry, as he is a man of high standing."
