Mr. M. E. Buchan went to Presbytery at Beaver Creek on Tuesday, as the representative of the Worthington Church.

C. M. Swan, Esq., a leading attorney of Sioux City, Iowa, made us a pleasant call on Tuesday.

Mrs. Alex. Holley, after a brief visit with her father's family, returned to Sioux Falls on Saturday.

Among the guests at the Worthington Hotel this week were the following: W. I. Baldwin, Wm. E. Weate, C. M. Swan, Dr. M. Suman.

Miss Martha Flors is engaged to teach in Ellsworth for the summer, and will leave on Saturday to be ready to open school on Monday.

Call and examine the new designs in Wall paper at Warren's drug store before buying elsewhere.

The Advance returns thanks to our Representative, Hon. B. M. Low, for a copy of the Minnesota Legislative Manual.

A few croquet sets will be closed out at
WARREN'S Drug Store.

Mrs. Mann has rented the house in which she has been living to Mr. Morrow, and will move into her new home on Monday.

Among the guests at the Lake View in the early part of the week were the following: Chas. Huron, Robt. Lawson, Fred Hestling, Chas. Peterson, Minnie Dow, A. J. Wagstaff, W. G. Myer, and D. P. Miller.

A new Orchestra has been formed in Worthington, with Frank Crane as leader. The other members are: Ev. McManus, Chas. Nelson and Joseph Rasmussen. They made their first appearance on Monday night at the Masonic Hall, and made a creditable performance.

Mrs. E. B. Moore, the mother of Dr. Geo. O. Moore, arrived last week to spend some time with her son. Though Mrs. M. has passed her eightieth year, she is as bright, cheery and happy as in her more youthful days.

Books, stationery, and all kinds of choice literature at

ANNE M. GIBSON, Teacher.
We trust the people of Nobles County will not forget to prepare for Arbor Day, which is April 28th. It might be well to hold preliminary meetings in every town and neighborhood, to secure a general interest, and concert of action among all interested. Neglect will be more general than observation, unless some such consultations be had.

The Sunday School Board of the M. E. Church met on Tuesday evening and elected officers for the ensuing year:

Those wishing to purchase wagons should examine before buying elsewhere the handsome wagons for sale by the
NAMAKAGON LBR. CO.

We are sorry to learn that Rev. W. H. Hartzell has resigned the pastorate of the Presbyterian church in Worthington. The resignation is to take effect June 9th, 1899. We are not informed as to Mr. Hartzell's plans for the future, but we are sure that future will be bright with usefulness and prosperity, if the prayers of his many friends in Worthington are availing.

Mr. Hartzell is an able preacher of the gospel, clear and logical in his discussion of scriptural themes, and his dignified, manly and consistent life has well enforced his Sabbath teachings. Mr. H. is one of the many clergymen who, in their youth, served in defence of the Union, in the war. He has earned a good fame as a soldier for his country and also as a defender of the Christian faith.

What to do with the old School House has perplexed the Board of Education, very much to perplex the pupils once accommodated within its walls. It was out of place on the old grounds, and like a man on the ground outliving his usefulness, was no longer in proper place. Its hexagonal shape and great width forbade its removal through the streets, not wide enough to let it pass without removing the shade trees. At length the Board concluded to buy the lot owned by Mr. J. Samuelson, near the Lutheran Church, and the large structure is now being moved to its new location. It will be in place in time for the Spring term of the schools. When the new School Building is ready for occupancy the old structure will be more saleable or more readily utilized in the new location than if it had been allowed to cumber the School grounds.

JUVENILE PRANK.

On Monday night about 8 o'clock, the whistle of the engine at the Worthington Mills gave out a series of alarming, shrill reports, giving our people to fear it was fire or some other dreaded calamity. When some of our citizens arrived at the mill they could at first discover no visible hand letting on the steam. Investigation finally showed that some mischievous boys had mounted the roof and drawn up the whistle rope and attached a weight to it. To this they tied a rope which they fastened to the coupling of a freight car standing on the side track near the mill. When the evening train on the Burlington came in, it backed up against the freight car, severing the rope and leaving the weight suspended, causing the whistle to give forth a prolonged alarm. It was a relief to find that there was no worse calamity at hand than the prank of a few reckless boys.

"All's well that ends well," and we are not disposed to make too much of a boyish misdemeanor. But such pranks lead to some thing more serious if not met with a timely check. We suggest that every parent or guardian of boys see that their charges are at home after night-fall. If the boys must have nocturnal recreation, let the parent or guardian go with them. When a boy is not at school or at work, he should be at home, or if at play, let it be in play of such a character as his guardian has knowledge of, approves of, and is willing to be responsible for. It might be well to read to their children the admonition given by the village council to enforce the ordinances applying to such cases.

There will be no Prayer Meeting at the Congregational Church on this, Thursday, evening.

A good time at the Methodist Crazy Social last night. There was method in their madness. The receipts were about \$12.

A painful rumor came to this place a few days ago that Prof. R. F. Humiston, known to all as prominently identified with the founding of Worthington and the early settlement of this county, died recently in Boston, Mass., and was buried in Cleveland, Ohio.

This came in a letter received from Mrs. Wilson, of Minneapolis, by her sister, Mrs. C. W. Smith. As Mrs. W. is a near neighbor of Mrs. Stockdale, a sister of Mrs. R. F. Humiston, the rumor would seem to be authentic. Yet up to this time no other intelligence has come to his brother or other relatives living here. We hope it may prove to be a mistaken rumor. Prof. H. was in feeble health when his brother, E. R. Humiston last heard from him, but he hopes to hear that he is still alive. We wait to hear further before making such remark as would be demanded in his honor, if indeed his earthly career has ended.

Mr. C. L. Peterson, of the Swedish Mercantile Company's Store, has purchased the store of E. M. Blakeslee, at Round Lake, with the Lumber and Coal Yards attached. Leonard Ecklen will attend to the business for the present, but Mr. Peterson expects to go to Round Lake soon to superintend the business in person. We congratulate the rapidly growing community about Round Lake on the acquisition of such a live and reliable business man as Mr. Peterson. He will furnish them as their needs may demand, and serve them in a satisfactory manner.

ALMOST A FATALITY.
On last Saturday afternoon three children in the household of Mr. Wm. McLean were brought very near the gates of death by eating wild parsnips. The oldest child, a girl about nine years old, is an orphan, the daughter of Mrs. McLean's brother, the other two, aged six and four, respectively, are the children of Mr. and Mrs. McLean. The children brought into the house what Mrs. McLean supposed to be an article of food, and allowed them to eat it—eating a little of herself to assure her mind as to what it was. Soon Mrs. M. became slightly sick, and was astounded to find one after another of the three children falling into convulsions somewhat similar to those following the taking of strychnine. Dr. Barber was called in forthwith, and assiduously and skillfully devoted the night to saving the lives of the little sufferers. Assisted by Mr. Charles Sweet the physician employed the antidotes used in such cases, and was rewarded by success, in what seemed to be, for several hours, hopeless cases.

Mr. August Peterson, late Receiver of the Worthington Land Office, left on Tuesday for Albert Lea, where he expects to make his home for the present. We speak for our whole community when we say that his departure is deeply regretted. Not only was Mr. Peterson an attentive and obliging public officer, but a kind neighbor, a useful citizen and an honest man. Mr. Peterson says he regrets the necessity of leaving, and is not without hope that some day in the future he may find business here, so as again to be our fellow citizen. He is sure of a hearty welcome when he shall return, and meantime our hearty wishes for his prosperity, and that of his family, will follow him.

GASOLINE TANK EXPLOSION.

To-day, as we were going to press, we were startled by the report of an explosion at the Railway Station, of the Gasoline Tank, used to store the Standard Company's Oil, and to learn that Charles Marden and Joseph Hart, truckmen employed by Mr. Pannell, had been seriously injured. They had been sent for a barrel of oil to deliver to a customer. Marden opened the door to show Hart a new oil pump, and the tank immediately exploded, severely burning both men and blowing the roof off the building. Fortunately, there was not much oil in the tank, else both men would certainly have been killed. As it was they were able to walk to Warren's Drug Store, where Dr. Barber did all that could be done to relieve their pain. Marden is worse injured than Hart, but we hope that neither will be permanently injured. Their present pain is serious enough. They are hard-working men and have our sincere sympathy in their suffering, incurred while in the line of daily duty.

IS CONSUMPTION INCURABLE?
Read the following: Mr. O. H. Morris, Newark, Ark., says: "I was down with Abscess of lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."—Chicago, Ill., says: "Had it not been for Dr. King's New Discovery for Consumption, I would have died of Lung Trouble. Was given up by doctors. Took it in the best of health. Try it. Sample bottles free at C. W. Smith's Drugstore."

EPOCH.
The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such remarkable events are treated with the aid of the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So we feel that we owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of the kidneys, or liver, or bowels, or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 per bottle at C. W. Smith's Drugstore.

OKLAHOMA.
The opening of the Indian Territory for the settlement of white people is now being advertised throughout the country. Oklahoma Territory is to be called, it is one of the finest sections of the country. To those desiring full information respecting this country, we would call attention to the advertisement of A. B. & C. Co., McPherson, Kansas, sent elsewhere in this paper.

SPRING SHOE STYLES ARE TASTY.

It seems a little early yet, to be speaking of them, but spring shoes are ready, if you are.

The fashion range in shoes must needs be narrow, shapes vary so little. The makers ring changes on material and stitching, however, and have some new cuts that will be the "go." Hand welts, yellow sole stitching, will be the "fad" for a spring starter. We have them in all shapes and sizes, from the best makers.

A line of French kid manufactured in Paris, in Opera toe, and common sense beauties you will think.

A peep through this line will show you what you're in need of to be fashionable; this for ladies and misses.

In Gents fine shoes, we have some special novelties we'd like to show you. We make fine shoes a specialty, and this department is coming to be one of the most important ones. There are solid reasons for it, reasons that show in quality and prices.

The cream of the spring styles in fancy dress goods, will be here by Wednesday or Thursday. They are dainties. And those lovely spring jackets and beaded capes for ladies, are beauties.
