### To the American People.

New York, March 30th, 1893.

One year ago about this time, the Cook & Whitby Colossal English Show disembarked its throngs of horses and animals, hundreds of wagons and cars, and an army of employes in this city, and afterwards started on its grand triumphal tour of the United States, and its immediate and glorious success of 1892 is unparalleled in the history of amusement enterprise, in this or any other country. This success was due, we think, entirely to the superior magnitude and merit of this all-over-shadowing, all featured show. The quick-witted keen American public soon realized and appreciated the significance of the hundreds of thousands of dollars worth of magnificent show property displayed before their eyes, and by the liberal patronage rewarded, munificently, the great and unusual efforts we put forth to give them a high-class circus entertainment in every point, particular and detail, exactly the same as we have produced in the Old World, where for years prince and peasant, courtier and commoner young and old have together screamed with delight and approbation. We did not originally intend to remain longer than one season in America, but have concluded, in view of the warm appreciation of American friends, to tour this summer of 1894 in this most magnificent country in the world, which we will leave this fall, with keen regret that the manifold interests of an in-

The four standard bred and registered trotting and pacing stallions, will make the season of 1894 as follows.

Humming Bird 182.....	\$25 00
Goldendale 17595.....	\$25 00
Gayo 752.....	\$20 00
Rom 14358.....	\$20 00

Terms cash at time of service, or good note at 8 per cent.

**HUMMING BIRD 182**, pacing record, 2:22, dark chestnut, stands 15 1/2 hands high, weight 1100, sired by Tempest Jr, record 2:29 1/2. Sire of Gray Harry, pacing record of 2:15 1/2, Monkey Rolla pacing record of 2:15 1/2, Silverdale pacing record of 2:16 1/2, Black York pacing record of 2:18 1/2, and six others in 2:30, and Dam Garoldean by Gray Eagle sire of M. K. pacing record of 2:19 1/2 and others.

**GOLDENDALE 17595** is a bay stallion with black points, foaled in 1891, and in point of individuality is an animal qualified to stand the highest test, having the size, finish and conformation most sought for in horses of his class. His breeding is exceptionally high. Altamont, his sire, is not only the most prepotent stallion that ever stood in the North Pacific country, but he is one of the best sons of Altamont, having 26 performers to his credit, and all race horses of the best type. Altamont 33 is by long odds the best grandson of Hambletonian 10, and no sire that ever lived is breeding no more uniformly through his progeny than he. On the maternal side Goldendale gets the strong Knox and Morgan blood that figures prominently in some of the most sensational horses of the present time. Goldendale's maternal grandsire was Gen. Knox 140, who not only sired a large family of performers, but who got among others the fast mare Lady Maud, 2:18 1/2, that produced the world beating colt Monbars 2:16 1/2, as a two-year old, and 2:11 1/2 as a three-year old. Goldendale's pedigree will thus be seen

stitution 40 years established in another hemisphere, compel us to return. To those multitudes who visited us last year, it is unnecessary to address ourselves; we will merely say to them that we have added some distinctively American features to our faultless exhibition, which will be of great additional interest, and to those communities we did not visit, we will state that we are bringing to your very doors "the foremost show of all this world."

In magnitude unrivalled, in merit unapproachable, truthfully advertised honestly presented, honorably conducted and respectfully solicit your patronage, which we will earnestly endeavor to merit. Yours Respectively,  
COOK & WHITBY.

Will exhibit at Worthington, on Monday, June 4th.

strong and symmetrical at all points, well qualifying him to sustain the reputation of his illustrious ancestors.

**GAYO**, 7502, dapple Bay, 16 1/2 hands high, weight 1300 pounds. This Royal Bred Colt when 3 years old won a race in 2:38 without much training. His large size and stately appearance should make his services in great demand with those who wish to breed Gentlemen's Drivers and Fancy Matched Teams, and need only be seen to be appreciated.

**ROM 14358**, bright bay 16 hands high, weighs 1200 pounds, is bred from speed producing lines from both sire and dam as an examination of his pedigree will show.

During the prevalence of the Grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of La Grippe, but in all diseases of the throat, chest and lungs, and has cured cases of asthma and hay fever of long standing.
