—Died—May 17th, Jessie, infant
son of Mr and Mrs. Andrew Wint-
erfield, age 5 months and nine
days.

Another name added to the long
list of the departed. True his
death teaches that sooner or later
we must all make that journey
across the mystic river. The
angel called and in the ways of an
all-wise Providence it was best
that he should go.

Shed not for him the bitter tear,
Nor give the heart to vain regret;
Tis but the casket that lies here,
The gem that fills it sparkles yet.

Ere sin could harm or sorrow fade,
Death came with friendly care;
The open bud to heaven conveyed,
—And had it blossom there.

This lovely bud so young, so fair,
Called hence by early doom;
Just came to show how sweet a flower
In Paradise could bloom.

To us for five short anxious months,
His infant smile was given,
And then he bade farewell to earth
And went to live in heaven.

Tis a little grave but O, have care,
For world wide hopes are buried there;
How much of light, how much of joy,
Is buried with our darling boy.

Jessie, yes our darling Jessie,
Closed his eyes at break of day;
And while friends stood weeping o'er him
His young spirit passed away.

Humming Bird 182.....	\$25 00
Goldendale 17595.....	\$25 00
Gayo 7502.....	\$20 00
Rom 14358.....	\$20 00

Terms cash at time of service, or
good note at 8 per cent.

HUMMING BIRD 182, pacing rec-
ord, 2:22, dark chestnut, stands 15 1/2
hands high, weight 1100, sired by
Tempest Jr. record 2:29 1/2. Sire of Gray
Harry, pacing record of 2:15 1/2, Monk-
ey Rolla pacing record of 2:15 1/2, Sil-
verdale pacing record of 2:16 1/2, Black
York pacing record of 2:18 1/2 and six
others in 2:30, and Dam Gordanale
by Gray Eagle sire of M K. pacing
record of 2:19 1/2 and others.

GOLDENDALE 17595 is a bay
stallion with black points, foaled in
1891, and in point of individuality is
an animal qualified to stand the high-
est test, having the size, finish and
conformation most sought for in
horses of his class. His breeding is
exceptionally high. Altamont, his
sire, is not only the most prepotent
stallion that ever stood in the North
Pacific country, but he is one of the
best sons of Altamont, having 26 per-
formers to his credit, and all race
horses of the best type. Altamont 33
is by long odds the best grandson of
Hambleton 10, and no sire that
ever lived is breeding no more unifor-
mly through his progeny than he.
On the maternal side Goldendale gets
the strong Knox and Morgan blood
that figures prominently in some of
the most sensational horses of the
present time. Goldendale's maternal
grand sire was Gen. Knox 140, who
not only sired a large family of per-
formers, but who got among others
the fast mare Lady Maud, 2:18 1/2, that
produced the world beating colt
Monbars 2:16 1/2, as a two-year old,
and 2:11 1/2 as a three-year old. Gold-
endale's pedigree will thus be seen
strong and symmetrical at all points,
well qualifying him to sustain the re-
putation of his illustrious ancestors.

GAYO, 7502, dapple Bay, 16 1/2 hands
high, weight 1300 pounds. This
Royal Bred Colt when 3 years old
won a race in 2:38 without much
training. His large size and stately
appearance should make his services
in great demand with those who wish
to breed Gentlemen's Drivers and
Fancy Matched Teams, and need only
be seen to be appreciated.

ROM 14358, bright bay 16 hands
high, weighs 1200 pounds, is bred from
speed producing lines from both
sire and dam as an examination of
his pedigree will show.

The above named stallions will
stand in Worthington, and can be
seen at the hay shed formerly occu-
pied by Hazard & Stout.
