From The 15th.

CAMP MEADE, Pa., Sept. 20. The 15th Minnesota arrived at Camp Meade Sunday and immediately went into camp, and is now as much at home here as though it had always quarters here.

The regiment left St. Paul Thursday afternoon in three sections, one for each battalion. The first battalion went over the Omaha road to Chicago, and from there on Pennsylvania line. The second battalion went over the Minneapolis and St. Louis to Chicago and from there on the Pennsylvania. The third battalion, of which Co. H is a member, came over the Wisconsin Central and Baltimore and Ohio.

Our train was composed of twelve cars including one baggage car and one car of officers. Co. H had two cars which afforded ample room, as we only had 54 men, the rest being left behind in the hospitals or on sick furloughs. We had next to the smallest company, Co. G, the Laverne company, having only 46. We had fairly good sleeping cars, and had the best kinds of accommodations in the line of something to eat. Coffee was secured at different stops on the road and we had all kinds of canned goods, sandwiches,hardtack, etc., with us.

We broke camp at Snelling early Thursday morning, and by nine o'clock were ready to move, but we were compelled to wait until about noon, when we marched to the street car line and took the cars for St. Paul. At St. Paul we were splendidly treated by the citizens, who furnished us plenty of good things to eat at Smith's Park. We marched to the Union depot and boarded our train, which pulled out at four o'clock.

We enjoy a pleasant ride through Wisconsin, and arrived in Chicago Friday morning. Quite a lengthy stop was made there, and we put in about a half hour of drill on the platform of the depot there.

We passed through the states of Illinois and Indiana during Friday, and Friday night we crossed Ohio. All day Saturday we enjoyed the beautiful scenery of the Alleghany Mountains in West Virginia and Maryland. We stopped off at Graf-ton, W. V., for a few hours, and showing the natives how a well drilled battalion earns its bread. We succeeded in frightening all the live stock off the streets.

From Grafton our train was divided into sections, and we commenced the ascent of the Alleghany. The road over the mountains is so crooked that the train did not get straightened out all day. It is said that at one place the train pitched a shovel-ful of coal into the headlights of the engine, the curve was so great. I will not stand responsible for this statement, however.

At Cumberland, Maryland, the train was joined again, and we made the trip through Pennsylvania Saturday night, arriving at Middletown about ten o'clock Sunday. From there we marched to our camping grounds, a distance of about three miles.

Camp Meade now contains about 26 regiments. On account of the unevenness of the country, they are not all camped together, but extend over a distance of about ten miles. We camped next to the 8th and 8th, Pa., together with them we form the third brigade of the first division of the second army corps. We are camped in a good place surrounded by woods and hills and on high ground. The only thing we do not like is the soil. It is of dark red color, and is harder than seven-cent cents. And, talk about dust! It is the worst that ever happened.

It is rumored that we will move our camp tomorrow to another camping grounds, a short distance away. It is generally understood that the second corps will soon receive orders to go to Cuba, Porto Rico or some-where else, but we have been in the army long enough to know better than to place any truth in a rumored move until the move is completed.

We are located in a beautiful country, and the climate now is delightful except that the nights are quite cold. The boys are all well, except one or two, who are slightly indisposed. I must close now, but will keep you informed on our movements and mis-fortunes. ARTURO P. ROSE.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on Ray Humiston's Druggist, and get a trial bottle free. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

The way it Works.

Sheriff Cave was in town Tuesday serving summonses on a number of our citizens who one time were members of the Oddfellows Insurance Company, now defunct but who on account of excessive assessments dropped out. It is to force payment on these assessments that the company now brings suit. It will look like rank injustice should the courts hold them liable, inasmuch as the policies, by stipulation, were rendered null and void after first default in payment of premiums.—News, Hammond, Wis.

We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, is a blood purifier and nerve tonic. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Ray Humiston's Drug Store.

This congenial work will occupy Mrs. Leslie's exclusive attention. Under her skilled and sympathetic guidance, the changes inaugurated in the long-time illustrated family magazine will be in the line of development of the popular pictorial and literary features which have characterized it heretofore. At the same time, various novelties will be introduced. The tone and policy will be more than ever distinctively American, in the new, broad "imperialistic" sense.

COUNTY NEWS.

RANSOM.

R. Frideaux was here last week attending to business matters at the old homestead. We have five threshing machines in Ransom, owned here, and there have been as many more from outside, and all very good.

Miss Belknap, daughter of T. J. Belknap, of Minneapolis, is visiting with the Scott family. Co. Guernsey is putting up a new granary. The farmer who does not build a new granary this fall is out of fashion.

John H. Scott, who has just returned from Tama county, Iowa, tells me that small grain down there is poor, but that corn is a heavy crop.

Sheriff Anderson was in this neighborhood last week serving notices on jurors. Threshing is going along finely and the grain is now in fine condition. The yield is good, though somewhat below what people expected. Wheat yields all the way from thirty to fifty, twenty bushels, and often in oats both as to yield and quality. Some late oats struck early and were rather light, but the rusted varieties are of good quality and yielded well.

A soft snow turned away wrath, but grievous words stir anger. The wise man spoke few words worse than the ones quoted. Courteous words soothe even the wrathful man, while sour, biting words are ever "grievous" and "stir up anger." We often meet with people whose manner is so brusque as often to be offensive, and yet they rather pride themselves on it, and consider it a mark of honor. But if to be candid means to be unfeeling and rude, there is evidently something wrong with ourselves. We certainly cannot entertain a very high opinion of the man who is essential courtesy a sham. Politeness has been defined as "kindly feeling kindly expressed," not a bad definition. If we do not have any kindly feelings toward our fellows, we are to be pitied; if we do feel kindly toward them, it is both right and politic to show those feelings in the most pleasing manner we are capable of. It never pays to be unkind; it never fails to pay to be courteous. R. W. ROSE.

SPAFFORD.

We would just like to call the attention—briefly and incidentally—to our visitors and new-comers to the gilt-edge, nickel-plated weather, and cold-riddled, calendered roads that we have in southwest Minnesota—and state by the way of explanation that these are not exotic, but natural productions of this glorious country, and are of great utility at this time of the year, to our farmers who have such a large surplus of grain to market. Don't think we are bragging now or drawing invalid comparisons. We are just pinning our selves—a little.

Mr. Herbert, Gaskill, of Stewartville, Minn., has arrived and taken charge of school in Dist. 29. He has a first grade certificate and is a bright, good young man who we aspire will do good service.

Miss Mary Brown, of our town, has opened her school in Dist. 103 in Rost township. She has bought a nice pony and cart and drives to her school, enabling her to board at home. This is quite a large school and has been tendered to Mary as second term, being a strong endorsement for her capability as a teacher.

Miss A. E. Rogers, of St. J. Killian, has been visiting during the past week with Misses Clara and Emma Spafford. Miss Allie is a former resident of this town and her old associates are glad to meet her.

The people of this town were shocked at hearing the news of the death of Mrs. Richard Hakeck of Worthington on last Friday night. It was very sudden and unexpected. Mrs. Hakeck's family were residing at this town for a number of years and were much respected and all extend their heartfelt sympathy to the stricken husband and dear little ones, who are so suddenly bereft of a good wife and mother.

Mrs. Susan E. Barton is welcomed back to this neighborhood after a prolonged visit extending over a year her friends in Illinois, Michigan and Wisconsin.

Mr. and Mrs. Park, of Douglas Co., Illinois, are visiting with their daughter's family, Mr. and Mrs. A. F. Anderson. They sold out a pleasant home in Illinois and are on their way to Tennessee where they will make their future home.

Bigelow.

Mr. P. C. Fratts uncle is here on a visit from New York he is a fruit raiser, he is pretty well posted on fruit. He says our fruit here are scrubs. Mrs. F. E. Walker is on the sick list. Mr. Robert Bird is building a buggy shed for his new buggy that he bought of R. H. Wicks. J. C. Hanson from Sibley Ia. was up to Bigelow Wednesday. Mrs. J. Harrington and son Harry were down to Worthington. C. W. Hall, principal of our school was up to Worthington Friday to the teacher's state examination. D. C. Bear did not get the nomination for sheriff.

Mr. Markham is building on the restaurant for to give Wm. Gray more room. Miss Beech is getting along with her school first rate for the little ones like her.
