#### M. W. A. PICNIC

Worthington, Wednesday, June 20th.

Worthington is making extensive preparations to entertain the Woodmen on their third annual picnic. The town expects the visitors will be of a pleasure seeking character and will leave no stone unturned to see that every guest is provided with amusement and has a good time. The ball game between St. James and Sioux Falls has been much talked of and the teams have been eager to meet each other for some time, so a most hotly contested game is looked for. Several bands are expected to take part in the contest, for which liberal prizes have been offered, so there will be no end of music. Drill teams of various camps are preparing to be present and are diligently practicing the maneuvers that they may carry off the cup and cash prizes. Small sports that every Woodman will enjoy, will be pulled off. Dancing will be a feature. Excursion rates and trains. No Woodman in southwestern Minnesota should miss this celebration but prepare at once to attend this picnic.

#### Wilmont.

Mr. Frank Peterson and Jessie Bean were county seat visitors Tuesday.

W. J. Corvett took train for Worthington Monday returning to Wilmont Tuesday.

Montreal, Canada.

Patients treated by correspondence and medicines sent to all parts of the United States and Canada. Address with stamp for reply, Dr. Rea & Co., Boston Block, Minneapolis, Minn.

Consultation and examination to those interested, one dollar.

#### NO HOPES OF A RESCUE.

Another Explosion Occurs at the Port Royal Mine.

West, Newton, Pa., June 13.—Another explosion took place in the Port Royal mine at 4 o'clock p. m. in No. 2 shaft. It sent up a whirlwind of oil, dust and smoke, and proved conclusively that the gas is still active in the mine. It will probably be 24 hours before the mine inspectors can get together for the purpose of deciding as to the advisability of making another attempt to recover the dead in the mine before flooding it. Coroner Wynne of West Moreland county commenced an inquiry into the cause of the disaster at this place during the afternoon. Only two witnesses were examined when adjournment was taken. The inquest will probably occupy several days, as the jury, which is composed of well known business men, seems determined to get at the cause of the disaster if it can be learned from any living person.

Will Christen the Cleveland.

Cleveland, June 13.—Miss Ruth, daughter of Senator Hanna, has accepted an invitation to christen the cruiser Cleveland, now being built at Bath, Me. The Cleveland, it is understood, will be launched within a short time.

Pultney Captures Boers.

Pretoria, June 13.—General Pultney's division has captured a party of Boers, including a brother of Acting President Schalk Burger, on the Swazi land border.

Hopes the Treaty Will Pass.

London, June 13.—The Daily Mail publishes an interview with Lord Pauncefoot, who declared he knew nothing of any rumor that he would not return to Washington. When asked concerning the prospects of a ratification by congress of the proposed Hay-Pauncefoot treaty he replied: "Negotiations regarding the treaty have barely begun to be considered, yet I have great hopes of its ultimate passage."

#### NEW BANK.

Purchases a Central Building Location.

Tuesday morning a deal was closed whereby C. T. Tupper, of George, Ia., promoter of the new Citizen's National Bank, secured possession of the Otis Bigelow property, corner of 10th street and Third avenue, now occupied by Miss Cheney as a music store, consideration \$4,000. This is the best location in town for an institution of this kind.

The directors of the bank are G. W. Patterson, J. D. Humiston, O. G. Grundsten, W. W. Loveless and C. T. Tupper. At their first election, Mr. Patterson was elected president, Mr. Humiston vice president and Mr. Tupper, cashier. N. T. Burroughs, president, and W. A. Sanford, vice president, of the First National Bank of Cherokee, are stockholders.

The new bank is organized with a capital of \$25,000 and a paid up capital of \$10,000 which is more than is required but this large amount gives them unusual prestige in financial circles.

The board of directors is composed of some of our most successful and conservative business men. Men who have an irreproachable standing in all circles in this vicinity and their associations with this institution will enable it to gain favor.

Mr. Patterson has had twelve years experience in the banking business and Mr. Tupper nine, so the institution will not lack for men of experience.

Mr. Tupper has had this town under consideration for three years and is induced to locate here because of the excellent schools, modern improvements of the village, enterprise and thrift of the people and the outlook for future commercial progress.

He will locate here permanently and identify himself with every feature tending to advance the interests of the community.

The erection of a two-story brick building will be commenced just as soon as possible, there being a lease on the property until August 1st. It is expected the bank will be in position to do business this fall.

Mr. Tupper will purchase a residence here if one suitable can be secured and move his family about July 1st.—Daily Advance, Worthington, Minn., June 11, 1901.

#### BIG STORM

Adrian Suffers from Wind.

About midnight Monday a heavy wind, hail and rain storm passed over this section of the state. So far Adrian appears to have the worst. At that point reports state that the front of Mrs. Peterson's restaurant was blown in, also LeGross furniture store, C. A. Sauds' hardware store, a wrecked, shingles torn of Marr's house, Cooper's barn blown down, Klondike barn wrecked, new church steeple wrecked, railroad company's windmill blown down and trees torn up by the roots. Jno Cox's barn, a mile north and two miles east of Adrian, blown down and two horses killed. Several school houses near Laverne blown down. A barn of Dan Shell's near Reading blown down.

In this town, windows in the west side of houses in all parts of town and some store fronts were broken. At the school house it is estimated that \$25 damage was done to window glass. John Hansberger had a piece of flax and rye destroyed. Reports from the country west announce the breaking of window glass but very little damage to crops, owing to their not being very far advanced.

Later—The Cooper barn was located in Leota township, a lot of sheep were killed by the wrecking of it. Three more horses in the Cox barn were so badly injured that they are not expected to live.

Walter Paine's house and barn, about three miles northeast of Worthington was moved from their foundation. Unconfirmed reports indicate the storm has done more damage.

#### For Sale.

One National Cash register, No. 89, one bedroom set, one Acorn heater, used one year, one small Jumbo stove, one two-burner gas line stove, chairs, wa hmg machine and numerous other articles. Call and see them at any time. Room over Dillman's pool hall. C. E. Winegar.

A surgical operation is not necessary to cure piles DeWitt's Witch Hazel Salve saves all that expense and never fails. Beware of counterfeits. F. A. Grozinger & Co

#### JURY IS INVESTIGATING

REPORTS OF FRAUD IN THE COMMISSARY BEING PROBED AT SAN FRANCISCO.

#### A DIVERSITY OF OPINION

Local Detectives Say Uncle Sam's Losses Will Reach Hundreds of Thousands of Dollars—General Shafter Does Not Think the Affairs Amounts to Much—Startling Arrests Are Promised.

San Francisco, June 13.—General Shafter and Colonel Mauns, inspector general of the department of California, and the federal grand jury, are investigating the many reports of fraud committed in the commissary branch of the army service in this city.

Some interesting disclosures followed the arrest of Lewis Abrams & Sons, dealers in secondhand clothing. The extent of the alleged frauds has not been determined and there is a diversity of opinion on the subject.

Captain Seymour of the local detective force, who is assisting the federal grand jury, said:

"The government had unquestionably been robbed for a long time past, and I believe the amount of the losses sustained by Uncle Sam through the treachery and dishonesty of some of his army officers and others will reach into the hundreds of thousands of dollars. I believe arrests will be made that will startle the community."

Major General Shafter said that the matter had not been fully investigated, but admitted that thefts of clothing have been going on. He claimed there was no shortage in any department, however, and expressed the opinion that the affair did not amount to much. He said:

"Recruits, perhaps, or soldiers, being hard up, have sold to peddlers about the camps shoes, blankets and other stores issued to the forces by the quartermaster's department. An example is needed to stop the traffic."

For months past various stores about the city have been exhibiting signs "government goods for sale here."

Three big wagonloads of goods have already been taken to the hall of justice, and in every instance the men from whom they were seized have admitted buying the goods from Abrams and his son.

It is also stated that upon an investigation of the supplies furnished for the army horses it was found that the "rake off" some people secured amounted to 200,000 pounds of grain.

#### RUMORS OF CYCLONE.

City of Ironwood, Mich., Said to Have Been Destroyed.

Milwaukee, June 13.—A rumor to the effect that the city of Ironwood was destroyed by a cyclone is in circulation in this city, but all attempts to verify the rumor have proved fruitless. At the offices of the Wisconsin Central railway it was said at midnight that a violent storm early in the evening had blown down their telegraph wires and that no communication had been had with any point north of Stevens Point for several hours. The telephone wires were also down and messages for Ironwood were only taken by the telegraph company subject to delay owing to "interrupted communication."

#### WAS PREVIOUSLY REWARDED.

Navy Department Explains an Omission From the List of Honors.

Washington, June 13.—The recent brevetting of Captain Hall for gallant conduct during the siege of Peking, where he was temporarily in command of the legation guard, has led to some criticism of the navy department's action on the ground that Captain Myers, who was in permanent command of the legation guard, was not similarly brevetted. To clear up this point a statement was made at the navy department showing that in a previous list of honors for Chinese service Captain Myers was not only brevetted but was advanced four numbers for his gallantry at Peking.

#### DON'T WISH TO RETURN.

Large Number of Regulars Desires to Stay in the Philippines.

Washington, June 13.—Adjutant General Corbin has received the following cablegram from General MacArthur at Manila:

"A large number of men in regular regiments ordered United States wish to remain here." Authority requested transfer those desirous to regiments remaining."

General Corbin has cabled a reply to General MacArthur granting him the authority requested.

#### Didn't Marry for Money

The Boston man who lately married a sickly rich young woman is happy now for he got Dr. King's New Life Pills, which restored her to perfect health. Infatigable for jaundice, billi-ness, malaria, fever and ague and all liver and stomach troubles. Gentle but effective. Only 25c at drug store.

The dreaded cyclone may strike you next. Insure with Edwin C. Wilson agent. d3 wtf.
