WORTHINGTON, . . . . . MINNESOTA.

**GAME BY THE SECOND FOOTBALL TEAM.**

The Worthington 2nd high school football team went to Heron Lake Saturday and played the first High school team of that place and were defeated in score of 11 to 5.

The game was very fast one from start to finish as our boys were much lighter than the Heron Lake boys. Game by Halves.—First half, Heron Lake won toss and chose the south goal. Worthington kicked off and Heron Lake carried ball to Worthington's 20 yard line. Heron Lake was offside first play and fined 10 yards and did not gain the 15 yards so Worthington took ball on their 25 yard line and by sending Lester Franck around the end twice and Claud Ventioner through the line, twice they made a touchdown but Mott missed a hard goal. Score 5 to 0 in favor of Worthington. Heron Lake kicked off to Worthington. L. Franck carried ball in Heron Lake's territory and was downed on the 30 yard line. Worthington lost ball on rumble then Heron Lake started hammering Worthington's line and carried the ball to Worthington's 5 yard line where Worthington made a stand and held Heron Lake for downs and as Worthington got ball time was called with the ball in Worthington's possession on her 5 yard line.

Score at end of half Worthington 5 Heron Lake 0.

2nd half Heron Lake kicked off to Worthington. L. Franck caught the ball and carried it to center of the field where Worthington was held for downs and ball given to Heron Lake who started smashing Worthington's line and making end runs and made a touchdown but failed to kick the goal the ball touching ground and Worthington charged and blocked it. Score 5 to 5. Worthington kicked off to Heron Lake their full back who carried the ball

to the center of the field, teams lined up and Heron Lake started making end runs and fake plays and soon made a touch down and kicked an easy goal making the score 11 to 5 in favor of Heron Lake. Worthington kicked off Heron Lake's first half back catching and carrying the ball to Worthington's 52 yard line where he was downed by Tupper. Teams line up with ball in Heron Lake's possession. Heron Lake fumbled in first play. L. Patterson securing the ball for Worthington on her 25 yard line with less than 2 minutes left to play Worthington started making end runs with Harry Billington. L. Franck taking turns running with the ball and when time was called the ball was on Heron Lake's 3 yard line with a good chance for Worthington to make another touchdown. The game ended with a score of 11 to 5 in favor of Heron Lake. It must be said right here that Worthington had to play light substitutes and her mascot as all her players could not come.

Worthington's line up is as follows.

Left end	Loyd Patterson
Left tackle	Joe Franck (mascot)
Left guard	Claud Ventioner
Center	Glen Hedberg
Right guard	Perry Austin
Right tackle	Oakley Tripp (sub.)
Right end	Jay Volk
Quarter back	James Mott
Right half back	Harry Billington
Left half back	Orvol Tupper (capt.)
Full back	Lester Franck

The game was played in the morning and after the game the team was taken to the home of one Heron Lake's players and given a good turkey dinner which was enjoyed by members of both teams. The Worthington boys were treated in the best way by the members of the Heron Lake team and the citizens of Heron Lake.

The Worthington boys hope to meet the Heron Lake boys some time in the near future on their own grounds.

### Local News.

Earl Caldwell is sick with the measles.

Wanted—Chicken pickers. Kelley Bros. 13—d—3

Wm. Schrader was a Brewster visitor Thursday.

Two milch cows coming fresh in Dec., one giving milk and one dry. All kinds of farm machinery, wagon, one nearly new Deer Top buggy and lots of household goods. W—1t

### SEVERE ON THE MINERS' SLAUGHTERS THEM ALL

#### INDEPENDENT OPERATORS FILE AN ANSWER TO PRESIDENT MITCHELL'S STATEMENT.

#### WAGES AMPLY SUFFICIENT

Coal Barons Claim the Vast Number of Brutal Murders and Beatings in the Mining Region the Past Five Months Show That the Men Believed Themselves Justified in These Lawless Acts.

Scranton, Pa., Nov. 13.—The answer of the independent operators of the Lackawanna and Wyoming region to the statement of President Mitchell of the United Mine Workers has just been made public.

In response to the demand for an increase of wages they say that the present wages are such as to enable the diligent and skillful miner to earn more per hour than any class of labor, skilled or unskilled, in towns in which their mines are located, and amply sufficient to allow him not only to maintain an American standard of living and educate his children, but to lay aside something for his old age. That some miners' wages are small it is stated, is because they choose to exercise their option to work only a few hours a day.

In answering the contention that mining is extremely dangerous and unhealthy and tends to shorten life, the operators set forth a petition recently circulated in the interests of a candidate for mine inspector, which contained the names of 95 employees of one mine, 66 of whom had worked in the mine for 20 years or more, and 20 for 40 years, and 5 for 50 years, or more.

The demand for the weighing of coal and payment by the legal ton of 2,240 pounds, instead of by the fictitious ton of 2,750 or 3,000 pounds, is characterized as a thinly veiled effort to secure a 40 per cent increase in wages.

The answer asserts that 2,750 pounds of coal as it comes from the mine is hardly sufficient to produce a 2,240-pound ton of prepared coal.

**Scores the Mine Workers.** Regarding the declaration of the miners that labor unions improve the morals and discipline of their members, this comment is made:

"This may be true when applied to some organizations, but when applied to the miners' union, we enter a most emphatic denial and propose to introduce evidence showing that prior to the advent of the United Mine Workers of America it was considered bad form to kill or maim a citizen who attempted to exercise his constitutional right to sell his labor, and that the vast number of brutal murders and beatings during the past five months show that the teachings of the United Mine Workers have brought about such moral obliquity that its members believed themselves justified in these acts, also that officers of the union justified this course by furnishing bail and counsel for those who have been guilty of these atrocious acts.

"We believe to be able to prove such tremendous loss of life and money as the direct results of the methods of this particular union as to convince your honorable commission that it is inexpedient to do any act which may contribute to its continued existence."

#### REPLIES COMING IN.

Further Answers to President Mitchell's Statement Filed.

Washington, Nov. 13.—That the anthracite coal mine owners will resist to the utmost every effort to make the recognition of United Mine Workers of America an issue in the arbitration which is now in progress is made evident by the replies to the statement of President John Mitchell of the miners' organization, which have been filed with the strike commission. There are five of these answers in addition to that of President Baer, and all dwell with especial emphasis and marked unanimity on this point. They also agree in resisting the demands of the miners for an increase of pay for piece work, a reduction of hours for time work and for the weighing rather than the measurement of coal.

Recorder Wright left for the anthracite region during the day, taking these replies with him. In addition to the statement made for the Reading company by President Baer, the list comprises the replies of the Delaware and Hudson company, the Delaware and Lackawanna, the Lehigh Valley, the Pennsylvania and the Scranton Coal company.

#### Lunatic Kills His Brother.

Campbellsville, Ky., Nov. 13.—T. Pitman, an escaped lunatic from the Lakeside academy, killed his brother, Temple Pitman, near Merrimac, with a maul. The body of the dead man was found in the woods with his head beaten to a jelly. The lunatic will be returned to the asylum.

#### Chaffee a Guest of Honor.

San Francisco, Nov. 13.—Major General Adna R. Chaffee was a guest of honor at the annual dinner of the Merchants' association during the evening.

**Foley's Honey and Tar** for children, safe, sure. No opiates.

#### COLOMBIAN WARSHIP WITH AMERICAN CREW ENGAGES REVOLUTIONISTS.

#### FURIOUS BATTLE OCCURS

Every Rebel in Sight Killed by the Vessel's Fire, the Americans Losing One Man Killed and Three Wounded—Schooner Loaded With Rice Captured and Another Set on Fire and Is a Complete Wreck.

Panama, Nov. 13.—The first American casualties as a result of the revolution occurred during the day. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. The government warships headed for the place and on arriving there, the Bogota (formerly the Jessie Banning), manned by an American crew, commanded by Captain Marmaduke, lowered two boats with armed men, but as the schooners were aground they waited until high tide to attack them. In the meanwhile the revolutionists were discovered in ambush close to the beach and when the Bogota's boats pulled ahead the second time the rebels opened fire on them, killing the ship's armorer, Richard Kane of Washington, and wounding George Walker, who was shot through the legs. A seaman named Clarke and Lieutenant Vasquez were also wounded, but not seriously. The Bogota and Chucuito then opened fire on the enemy and killed every man in sight. One shot fired at a group of ten rebels, who were most actively engaged in shooting at the boat's crews, killed every one of them.

Gunner Cross of the Bogota thinks that from forty to fifty rebels were killed. One of the schooners, the Helvetia, loaded with rice, was captured, but the first shot at the second schooner set her on fire and she was completely destroyed with her cargo.

The body of Kane will be buried here with military honors.

Kane fought under Dewey at the battle of Manila. Gunner J. Cross of the Bogota falls from Cedar Rapids, Ia. He is only seventeen years of age.

#### FRENCH COMMERCE IN PERIL.

#### M. Etienne Gives His View of the Morgan Shipping Combine.

Paris, Nov. 13.—Eugene Etienne, member of the chamber of deputies, speaking at a banquet at the Union Solennelle during the evening, declared that the formation of the operation of the international Mercantile Marine company very greatly threatened French commerce, especially France's trade with her colonies. He said the best means of meeting this danger was to abolish the thousand and one formalities at present fettering France's exterior trade and follow the example of Great Britain as exemplified in the case of the Cunard Steamship company and subsidize the Compagnie Generale Trans-Atlantique sufficiently to enable it to meet successfully the competition of the Morgan steamship combine.

#### FIFTH INFANTRY STRICKEN.

#### Seven Men Dead and Many Ill From Cholera.

Manila, Nov. 13.—Cholera has made its appearance among the men of a detachment of the Fifth Infantry, which is stationed here. Seven men have already died and a number of others are seriously ill. The detachment of the Fifth Infantry in question had been placed on guard along the Maraguina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty.

It was believed that cholera had entirely disappeared from Manila and its reappearance has created feelings of apprehension.

#### GREAT LOSS OF LIFE.

#### Several Hundred Houses Burn at Kweilin Kwangai, China.

Victoria, B. C., Nov. 13.—Mail advices from China report a fire at Kweilin Kwangai, causing great loss of life and property. The fire, which originated in a fire cracker shop, spread and burned several hundred houses. Many Chinese were burned to death. The fire burned houses all around the Christian Alliance mission, which was unscathed. The result of this freak of the fire is that many Chinese have since come to the missionary to be baptized.

#### TO COERCE THE WAZIRIS.

#### Indian Government Will Dispatch Four Flying Columns.

Simla, India, Nov. 13.—Owing to a series of raids committed during the past two years by outlaws from across the border on the tract of territory lying between Bannu and Thal, in the Punjab, it has been decided to dispatch four flying surprise columns of 800 men each to coerce the Waziris, who are harboring the raiders on British territory.

**BANNER SALVE** the most healing salve in the world.
