Don't Worry - Don't Drudge

THE IMPROVED

IOWA DAIRY SAVES BOTH!

Are you worrying because the cows haven't paid? Are your hands sore, your nerves on edge and strength and patience exhausted through scrubbing a lot of pans and cans? Moments come when the worry and weariness caused by the old way of handling milk seems unbearable—when body and mind demand an easier, quicker, cleaner and more profitable way.

Has it occurred to you that the cows may be all right and the method of skimming all wrong—that the pans and cans you're using lose 25 to 50 per cent. of the butter fat? Have you realized that you need not wash those tin things—need not have the milk standing about in pans and cans—can increase your profits and decrease your work—can save your strength, have more time for sewing, reading or resting?

When you look for this easy way you will find it in the Improved Iowa Dairy!

America's bright country women like a separator because it is much easier and more profitable than doing without; because it saves work, worry, strength and patience; because it makes dairying pay.

They insist on the "Improved Iowa Dairy" because it is the lightest running, the easiest to clean and the best skimmer being sold today.

America's thoughtful farmers buy them because it pays. A good separator is a helpmate when you have a failure of crops. Many a farmer told us during our time in the creamery business that his cows and separator was the only thing that pulled him through. We may get another bad season. Protect yourselves in time of failure. The only thing that will do it is a separator. We always carry in stock a few machines, and at any time you are in the market for a separator, we will gladly place one with you on trial; if you are satisfied it is the best machine on the market, then we will make known our terms of settlement, which we know will be satisfactory. We also have in stock a few United States Separators which we have traded for. These machines were new last season and in very good repair. If you want a United States machine we would like for you to look them over; they range in price from \$65 to \$80, according to condition they are in.

When in town call and see us. We are located two doors west of Dieckhoff Bros. Hardware.

FOSTER'S WEATHER.

Well Known Pronosticator Issues Weekly Bulletin.

Washington, D. C., April 16.—Last bulletin gave forecasts of disturbance to cross continent 22 to 26, warm wave 21 to 25, cool wave 24 to 28. Next disturbance will reach Pacific coast about 28, cross west to Rockies by close of 29, great central valleys 30 to May 2, eastern states 3. Warm wave will cross west of Rockies about 28, great central valleys 30, eastern states May 2. Cool wave will cross west of Rockies about May 1, great central valleys 3, eastern states 4.

As we are approaching a period of very dangerous storms this disturbance will probably be one of the "hulls before the storm." The danger part will not come till May 9 to 12. High temperatures will prevail with this disturbance and the cool wave following it will not go to low temperatures. Not much rain may

be expected but that kind of weather that is first class for growing crops. Just previous to this disturbance will come a very cold spell of weather and during that cold weather, last days of April, will be the time to plant corn in latitudes where corn is planted about last of April. The warm wave following last of April will be very effective on corn just planted and will put it in excellent shape. About date of this bulletin a long rise in temperature will affect the whole of the continent east of the Rockies while very cool weather will go to west of Rockies.

A long warm wave will affect the whole continent during the next ten days—up to about April 26. And corn and cotton and oats and in fact all vegetation put into the ground about the week beginning April 18, will have the very best conditions for growth.

But let me warn you. There will be very considerable danger of frost not far from April 30 on meridian 90—about the north and south line of the Mississippi river—a day or two earlier west of that and a day or two later east.

The report that we gave last week that Wm. Holensted was sick was a mistake, but Mrs. Holensted has been very sick and had an operation performed for a tumor.

A surprise party was given last Saturday evening in honor of Miss Mary Christofer at her home. Dancing and games were indulged in until the small hours of the morning.

ROUND LAKE.

Dr. C. P. Dolan made a professional call here last Tuesday.

Martin Reistroffer, one of Diehn's genial clerks, is having a serious tussle with the measles. Sam Bach is taking his place in the store.

If competition is the life of trade, Round Lake people should see a good deal of the life from recent developments in our mercantile business.

Base ball talent in Round Lake is beginning to manifest itself in after supper exercising with the sphere. We should enjoy another game with the married men of Worthington, this year.

A meeting is called for tomorrow night at the opera house for the purpose of discussing whether or not to have Memorial Day observance at Round Lake this year and if so, to appoint committees and arrange other preliminary work.

The Royal Neighbors lodge here, had a famous meeting one week ago last night in which eleven new members, nearly all the young ladies of the town, were initiated. The Royal Neighbors of this place have always been a benefit to the community and it is a pleasure to see the order grow.

M. and Saturday and Sunday 10:30 A. M. and 8 P. M. each day. On Saturday and Sunday the Ladies of the church will serve free dinner to visitors. Several preachers from abroad are coming, such as Rev. C. F. Edwards, of First Swedish M. E. Church, St. Paul, Minn., Rev. A. W. Franklin, of Triumph, Minn. and Rev. P. Berg, of Windom, and Rev. N. M. Nelson, of Harcourt, Iowa, as well as the local Swedish Ministers, Rev. E. M. Erikson, of the Swedish Lutheran and Rev. Palmberg, of the Indian Lake Swedish Baptist Church have been invited to participate part of the time. A string Orchestra of the church will assist under the leadership of Rev. Moberg to help the singing. Rev. Edwards of St. Paul, is an old resident of Worthington having preached here for 9 months ten years ago, at that time holding meetings where the Village office now is and it is expected as many as possible may avail themselves of hearing him again, and a cordial invitation is hereby extended to all the Scandinavian people to come out to these meetings regardless of creed and antipathy, to come and be benefited spiritually as well as socially. All sermons will be in Swedish.

BANK MAN HERE.

B. O. Tupper, of Spencer, Iowa, who is to be cashier of the State Bank of Dunsmuir, has been spending some time in Ashland, awaiting the completion of the room for the bank, which will be in the new hotel fronting Pine street. The bank fixtures have been in the ware house several weeks as has also the house hold goods of Mr. Tupper; and the delay of opening the bank has been from the long continued bad weather, which prevented the contractors from finishing the work. Mr. Tupper took a run down here Tuesday evening and spent Wednesday in Dunsmuir taking in the situation and getting acquainted with people and surroundings. He will soon come down accompanied by his wife, when they will become residents. The bank will be open for business about May 1.—Dunsmuir, California News.

Mr. Tupper is a brother of banker Tupper and visited here on his way west.

BAD RUNAWAY.

Wednesday afternoon, Jos. Ullrich had a bad runaway. While his team was hitched in front of Dieckhoff Bros. store they became frightened at an automobile, broke loose from their fastenings and ran down 10th street two blocks and a half striking an electric light wire pole in front of F. L. Humiston's, one horse each side of the pole. Here the horses got loose from the rig and started for home. They were caught near the bridge west of Ager's place by Geo. Hurd, uninjured. Their harness was all torn to pieces. The buggy is pretty badly damaged. No one was injured.

NOTICE BOARD OF HEALTH.

In addition to calling the attention of the Public to ordinance number 73 relative to keeping premises free from manure and other rubbish, the Board of Health would urgently request each and every lot owner or occupier to see that their premises are fully cleaned up from all manure ashes leaves or any other rubbish at once. An inspection of the village will be made by the Board of Health on or before May 10th.

By order of Board of Health,
A. H. Clark, M. D.,
Health Officer.

BIDS FOR GRADING ROAD.
