

Across the Continent In a Tourist Sleeper

That is the title of a special folder issued the Rock Island for California travelers. It is brimful of information about the trip, the cars, the rates, tickets, meals, baggage, etc. It is finely illustrated and contains complete map. Mailed on request.

The Rock Island has more tourist car lines to California than any other route. You can go from Chicago, St. Louis or Kansas City through Colorado, or southern route through New Mexico.

The folder will probably tell you all you need to know, but if you desire additional information ask the Rock Island agent.

LEAVENED BREAD

Miss Beem, Man's Constant Maid

Some writer has said that "The first miller emerging from his savage state, with no thought save hunger, plucked the wheat from the stalk, and, using his teeth for millstones, ground the first grist for a customer who would not be denied his stomach." Thus gaining experience by test in the food line, it would be only natural for this miller to lay up a quantity of grain against a hour of need. Just when he commenced grinding his wheat in the rude stone mortar, and moistening the flour preparatory to baking it in the ashes of his camp fire, and just when it was found that an old piece of dough in a fresh batch made it better or "leavened." It is beyond the reach of historians. Certain it is that though the principle was the same thousands of years ago as it is to-day, it has remained for the makers of Yeast Foam to supply a yeast with all the true leavening powers minus the properties that produce sour, "runny" or soggy bread. This is the yeast that took the first grand prize at the St. Louis Exposition, and revolutionized the bread making in every home where it is used because much better bread can be made with it from any flour.

Yeast Foam is purely vegetable, being made of the best malt, corn, hops and other healthful ingredients. The factory is also the cleanest and best equipped in the world. This yeast is the only kind that preserves in the bread all the delicious flavor and nutritive value of the wheat. The bread made with it is always sweet and wholesome, and stays moist until used. Forty loaves of bread can be made from one 50 package. The makers of Yeast Foam are giving out a new book called "Good Bread; How to Make It." This little book, invaluable in its way, has twenty-six illustrations in color, and tells how to make all kinds of bread, biscuits, buns and rolls, as well as containing other recipes which will be found invaluable in the home. The way of preparing the different recipes is very clear and comprehensive. The book will be sent free to any one sending their name and address, with a request for same, to the Northwestern Yeast Company, Chicago, Ill. Every woman who bakes should secure a copy.

Landlord Ward done himself proud in the service. The tables were palatable and delicious to the most fastidious epicurean.

The remarks by the toast master and responses were entertaining and interesting.

It was regretted that the vocal solo had to be omitted on account of not being able to get a piano in the room.

After the banquet the guests returned to the hall where, those who waited for buses, enjoyed a very pleasant social time.

Owing to the unusually stormy evening, buses called for all of those who desired to attend. This enabled the guests to get to and from the hall with very little inconvenience.

The occasion was pronounced, by all, to have been the most pleasurable one ever held here.

MRS. A. N. CHENEY DIES.

Monday Glen Baker received a message announcing the death of his sister, Mrs. A. N. Cheney in Arizona.

It will be remembered by our citizens that Mrs. Cheney went to Arizona about a year and a half ago for her health. A short time previous to her departure she was informed that she was affected with consumption and no time should be lost in removing from this climate.

Her husband at once took his wife and child to Arizona; after a short stay he returned and disposed of his store and banking business at Reading and devoted all of his time to the welfare of his family. They went to California. Their beautiful child died. They returned to Arizona and the wife followed her daughter.

Mrs. Cheney was the step daughter of R. F. Baker. She as a woman of lovely disposition and her friends were numerous.

The heartfelt sympathy of the people of this community and Reading is extended to Mr. Cheney in his hour of bereavement.

It is not known at this time where interment was made.

Mrs. Cheney was a member of the O. E. S.

DIED.

C. F. Sahlbom, aged 65, died Thursday, December 22nd, of pneumonia. Mr. Sahlbom resided a few miles southwest of Org and was an old settler in this county. He has been badly affected for years with asthma. This disease with pneumonia soon brought about death. The funeral was held last Saturday Rev. Mr. Moberg officiating. He leaves a wife, two sons and two daughters to mourn his loss. He was a good upright man and highly respected and esteemed.

DIED.

Charles A. Tillander, aged 69, died Sunday December 25th of cancer of the stomach.

Mr. Tillander lived about two miles south of town. He came here in 1871. He was highly respected and esteemed by all of the neighbors about him. He had been afflicted for some time and during the past three weeks prior to his death suffered considerable. He leaves a wife and one son. The funeral was held Wednesday, Rev. Mr. Eriksson and Rev. Mr. Muelhausen, officiating.

CARD OF THANKS.

To the members of the Presbyterian Church: I wish to express my most sincere thanks for their munificent and highly appreciated gift.

Mrs. A. E. Hart.

The following are the winners: Miss May Holland, First Prize. Miss Mammie Schuck, Second Prize.

Miss Ida Mahlborg, Third Prize. Miss Annie Peters, Fourth Prize. Mrs. Nels Martin Fifth Prize.

Another Bright Operatic Bill

A Most Artistic Production of "Olivette" by the Beggar Prince Company.

The Beggar Prince Opera Company made a great hit in Audran's bright little opera, "Olivette" at the opera house on Wednesday evening.

The audience was a good sized one much larger than on previous evenings, but had the house been packed it would not have been bigger than the merits of the production deserved. It was a most appreciative audience, too, and the artistic, finished work of members of the cast provoked round after round of applause. The entire piece was presented with a vim and dash that made it particularly bright and enjoyable. The costumes were brilliant and every scene was a pretty one.

The chorus work "Olivette" sparkles with mirth provoking incidents and in Wednesday evening's production the members of the cast made the best of every opportunity to amuse—it was truly two solid hours of fun and enjoyment.

F. A. Wade, as Coquelicot, was as usual the greatest favorite with the audience and richly deserved the plaudits which greeted him.

Miss Palmer and Miss Hutchinson shared the honors as Olivette and the Countess of Rosillon, respectively. Both artists were repeatedly recalled. Mr. Huntington in the difficult part of the Duke des Iffs was a decidedly successful conspirator. Byron Bronti made an ideal Captain De Merrimac. The remaining members of the cast gave excellent support. Every solo was prettily sung, and the company again demonstrated that it is one of the cleverest and the best balanced organizations that has ever appeared in Brandon opera house.—Brandon, Manitoba, Thursday, June 9-1904. Masonic Hall Tuesday evening, Jan 3rd. Seats at Morland's.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
