# HART'S

## 4th Annual Clearing Out Surplus Stock Sale

About \$5000 more stock on hand when our inventory was completed than necessary at this time of the year. Largest slaughter in prices we ever made. Must sell our surplus stock, some of our new spring stock now arriving and we want to clean up all we can to make room. We want to thank our loyal customers for the way they have stood by us. Largest increase in business of any of the four years and we appreciate the way they have over looked our faults. We are not perfect but want to do better all the time and will try to do so. Gain in sales for 1904 over preceding year 41 per cent. **MORE SALES, LESS PROFIT.** Start right this year. Do your trading with us for cash. Always have a surplus to put away at end of the year. No old store bills against you. Look at the slaughter in prices.

Sale Commences Wednesday, January 18 and Continues Until the Following Wednesday, January 25
