Ransom.

Sunday last was one of the stormy days. It snowed about all the time for the greater part of the day, but as the snow melted some while falling it was not very deep on the ground when the storm was over. Some people tell us that in this country plenty of snow in October means plenty of it later on. Well, we shall see.

Chris Widman, a former resident of Bigelow township and well known to many of our people, was through this neighborhood one day last week. Chris moved to Cass county, this state, about two years ago, and he makes his home there still. Where he lives is a wooded section, and there is comparatively little farming done, the settlers depending more on lumbering and cutting cord wood than on raising crops. North Dakota furnishes a market for the cord wood. Chris would prefer Nobles county to Cass county if he had a farm of his own here.

Oscar Vosberg, one of the grain buyers at Bigelow, informs us that he has "taken in" fifty thousand bushels of grain this fall. This is but one of three elevators there and if the others have done equally well, and I presume they have, it is not a bad showing for a small village like Bigelow. No danger of starva-

tion just at present, one would think.

Stella Rowland, daughter of Mr. and Mrs. Levi Rowland, was married on Tuesday the 17th of this month. For many years Mr. Rowland owned the Northwest quarter of section 30 in this town and made his home there, and himself and family were known to almost every one in this section of country. The young couple were married at the Rowland home at Eau Claire, Wisconsin, at which place they have lived since leaving here. Stella's many friends here will be pleased to hear of the happy event, and will wish her a long and happy life.

The noted train, the Flyer, on this branch of the rock island was four hours late Tuesday. They had an extra car to haul, which accounts for the delay.

The attendance at church last Sunday was very small, owing to the inclemency of the weather and to the uncertainty of the pastor being present. Rev. Lanham, however, made the statement that he never let the weather interfere with his keeping his appointments so do not be afraid to come out the next stormy Sunday.

Did you pay your taxes?

The many friends of our former townsman A. N. Cheney, will be interested in learning that he has opened a bank in the town of Winlock, Wash. A letter received from him states that everything is favorable to a good business and he seems pleased with his new location.
