"DROPS" taken internally, rid the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND

Of Brewster, Ga., writes:
"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall prescribe it in my practice for rheumatism and kindred diseases."

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a free bottle of 'DROPS,' and test it yourself.

The Imperial Cossack Troopers From The Steppes Of Russia.

Campbell Bros. Consolidated Shows, in perusal of their ambition to enhance the attractiveness of the Grand National and International Educational Amusement Institution, has, after many months of tenacious persistence, immense outlay of capital, combined with the consent and co-operation of both governments, secured a detachment of Imperial Cossack Troopers. This is the first appearance in America of a genuine contingent of Russia's Noted Light Horse Cavalry. They are natives of the vast Steppes, stretching from the base of the Ural mountains, and universally acknowledged the Hardest and Most Expert Military Equestrians in the World. Of an individuality not characteristic of any other company of cavalymen; in entirely original gymnastic feats of Horsemanship phenomenally unique and peculiar to themselves; mounted on the Light Horses of their Native Steppes, fierce and active as the Riders; armed with the Sword, their principal weapon, which they wield with an expertness that is marvelous; arrayed in handsome and sombre uniforms; performing numberless feats of fearless skill in conjunction with illustrations of Russian Cavalry evolutions will be one of the many new features that will participate, with other detachments from the armies of many nations, in martial pageants, dazzling reviews, amongst whom are the master horsemen of the universe, vividly reproducing modern military movements, portraying realistic scenes from historic battle fields, that eclipses in magnitude, intrinsic worth, instructive merit, all previous attempts of this unequalled exhibition. Will exhibit at Worthington Saturday, June 9th.

The Country Editor.

He is the hardest worked of men,
A busy chap is he;
He wields the hatchet or the pen
With great facility.
He chronicles that "Bessie Brown
Was married to William Goode,"
Then to the woodpile hustles down
And splits a lot of wood.
He writes two columns of advice
To cure the people's ills,
Then dons his apron in a trice
And prints a hundred bills;
And if some callers then there are,
His inky hands he'll wash,
And trade a year's subscription for
A "pumpkin" or a squash.
He states "Hi Higgins is in town
Upon a load of rye"—
And takes the upper cases down
And fixes up the "pi."
And when the "pi" is straightened out
The furniture he dusts—
Then sets a stick or two about
The tariff and the trusts.
His paper cheers us every week—
It does whate'er it can
To keep the slush off Freedom's peak
And save the rights of man.
So come ye freemen of his land,
And let's be thankful for
This bulwark of the nation,
The country editor.
