**In What Does Woman's Beauty Consist Which So Powerfully Attracts Men?**

By Face Which Charms, but the Bright Eyes, Glowing Cheeks, Vigorous Vitality and Exuberant Spirits. This Hint to Wise Women is Sufficient.

Beauty lies less in the features than in the condition and expression of the face. The Creator has endowed every woman with beauty, and every woman in good health, who is of a cheerful nature, is beautiful and comely to look upon. A clear, fresh, wholesome look is the result of the possession of good health, and no woman can be beautiful and attractive without good health. The dull, leaden, gnawing pain, the weakness of nervousness, and discouragement, the tired, listless languid feeling, the shooting pains, the aching head, the pain in the back, all these are symptoms of a disordered system, and all these are beauty-killers, producers of dull, leaden complexions, unnatural flushings, dark circles under the eyes and other disfigurements which detract from the natural gift of beauty.

Why be comely when you can be beautiful and attractive? Get good health and with it those looks and attributes which attract, please and fascinate. It is within your power to do so, for it is within every woman's power to be well and strong, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health.

Read what Dr. Greene's Nervura does for others. It will do the same for you.

Mrs. Mary Francis Lytle, of 2 Hunter Alley, Rochester, N. Y., says: "It was very pale and delicate—had no color. I took Dr. Greene's Nervura blood and nerve remedy, and now I am well and strong, my face is

plump and cheeks red, and my complexion pure."

Miss William Bartels, 239 East 87th Street, New York City, says: "Dr. Greene's Nervura made a wonderful improvement in my health, and that dark, sallow look left my face. My friends hardly knew me. I have gained in flesh and am like a different person."

C. S. Allen, of 128 Pearl St., Portland, Me., says: "There was hardly any more color in my face and hands than in chalk. Dr. Greene's Nervura made me well, and restored my natural color and complexion."

Mrs. Elizabeth Brown, of 236 Hartwell's Avenue, Providence, R. I., says: "My face broke out with pimples, and I was almost giving up in despair when I got Dr. Greene's Nervura. Now I am well and strong, thanks to this wonderful remedy."

Mrs. S. R. Berry, of Lebanon, N. H., writes: "Dr. Greene's Nervura has done wonders for me. I am strong again, and have got back my former looks and good color. A doctor told me a few days ago and said that I was doing wonderfully; that my eyes were bright, and that I looked well."

These are only a few of the thousands upon thousands of women who owe their present health and strength and consequently their beauty, vivacity and enjoyment of life to the timely use of Dr. Greene's Nervura, and if the reader is wise, she will not hesitate for delay using this really wonderful remedy, this great natural boon to womanhood.

If desired, Dr. Greene, 35 West 14th St., New York City, the most successful specialist in curing nervous and chronic diseases, can be consulted absolutely free of charge, personally or by letter.

**BRAMBLETON.**

Miss Sarah Corbell, of Nansmond county, who was visiting Miss Eva Jordan, of North Park avenue, has returned home.

Fine turkeys and other dressed fowls were brought from Princess Anne yesterday and may be seen at a number of grocery stands in the ward, where the best Sunday dinners may be catered.

The funeral of Mr. C. C. Waterfield took place yesterday afternoon at 3 o'clock from the residence of Mr. Samuel McKown, on Cranville avenue, and was conducted by the Rev. F. H. Martin, Black Hawk Tribe of Red Men, to which he belonged, was in attendance.

The interment was in Elmwood.

Miss Annie Dixon, of Baltimore, is visiting the family of her cousin, Mr. C. S. Mezzell, East Brambleton avenue.

The members and friends of Trinity Methodist church are more and more pleased with their new pastor, the Rev. Lloyd T. Williams, and his wife.

Young, of Epworth church, and Professor Martin, of the Fourth Ward school, have been engaged to speak at the social reform meeting to be held at McKendree next Friday night, under auspices of the Epworth League.

There will be every precaution employed by the Board of Improvement to have the contract to haul off garbage from the ward carefully guarded against any trouble. The matter of garbage is one that bears materially on the sanitary condition of Brambleton. At the next regular meeting it is expected the arrangement will be completed to meet this important issue.

**DEATH OF MRS. MARY CARROLL.**

One of the Oldest and Most Highly Respected Residents of Norfolk.

Mrs. Carroll was 78 years of age, and was one of the oldest and most highly respected residents of this city, having lived here fifty years. The funeral will take place from the Hospital at 3:30 o'clock this afternoon.

**FEAR AN UPRISING.**

Excitement in regard to Indian outbreak has not subsided.

Earlboro, I. T., Jan. 14.—Excitement is still intense here over the recent burning at the stake of two Seminole Indians, and the subsequent fear of an Indian uprising. United States Commissioner Walter Jones is holding court at Wewoka and the deputies of the court are busy issuing subpoenas and warrants in an endeavor to bring the lynchers to justice. As no attempt was made by the lynchers to hide their identity, it is probable that the leaders will be arrested by the United States authorities. They can only be tried on the charge of kidnapping and taking the Seminoles from the Seminole Nation. The killing of the Indians was under Oklahoma jurisdiction.

The Indians are said to be men who have lived with them for years, and that a general outbreak will not occur, but there is great danger that the Indians will avenge themselves by killing one by one the leaders of the mob.

Washington, Jan. 14.—Adjutant General Brock has received the following telegram from General Brooke, at Chicago, dated last night: "Major Eckridge telegraphed from Earlboro, I. T., that all is quiet there. Both sides have been excited and threatening. There is no hostile gathering of Seminoles. None is probable, and the whole thing was a grand scare, which is all over. In view of this information I do not deem it necessary to send any troops to the border between Oklahoma and the Seminole Nation as contemplated by your telegram of last night."

**GOLD NOTES FOR INDIA.**

Calcutta, Jan. 14.—Sir James West, and the Finance Minister of the Council, introduced a bill to-day providing for the issue of currency notes in India against gold.

**THE NAVAL RESERVES**

Norfolk Will Shortly Have Two Divisions of the Military Branch.

For Practice Purposes and Use as an Armory—Best Armed Branch of the Service—Organizations Here Increase Militia's Strength as They Are Composed of New Blood.

Norfolk will in the near future have two divisions of Naval Reserves. One of them is already organized and has been received by the State and Federal authorities. The other division, which has been raised through the efforts of Mr. J. DeCady Matthews, will probably be fully organized in a few weeks. All the papers bearing on the proposed division are now in the hands of the Adjutant-General of the Virginia Militia, and he is expected to approve and return them within a short time. The division will consist of some forty odd members, who have already signified their intention of becoming "militia sailors," as they dub themselves.

Both the divisions of Reserves which have been organized in the city are really additions to the military force of the State. They are not made up of men from other branches of the volunteer service, and have not detracted from the strength of existing companies. They are composed of new and liberal of men to whom the infantry, field artillery or cavalry offered no attractions, but who seized immediately upon the idea of becoming members of the reserve force of the United States navy.

It is somewhat remarkable that a Naval Reserve brigade has not been organized long ago in Norfolk. A city located as this is, in daily intercourse with the navy, with a navy yard at hand, the inspiration of the constant sight of the beautiful white vessels of war, which the Reserves would be called upon to man in the event of an emergency and the opportunity thus afforded for steady observation of the daily life aboard ship and of the thousand and one details which are better to be learned from experience and actual contact than in any other way, it would seem that the martial youth of the city by the sea would long ago have donned the white duck and blue blouse of the corps from whose ranks we may expect to see many future admirals arise.

However, the boys have awakened to a full sense of the opportunity at their hands and both divisions which are soon to be entered in the navy blue books, accredited to Norfolk, will be star organizations in point of membership.

The Reserves will be armed with regular navy revolvers and cutlasses. Lee Rifles, Jewellers and Cutters' guns. These equipments are supplied by the national government, but the boys have to buy their own uniforms.

The presence here of two large divisions will probably induce the Navy Department to place one of the old monitors, now in ordinary at the League Island navy yard, at their disposal for practice purposes and use as an armory. A cruiser will be detached from the home squadron each summer to give them practice in seamanship and modern gunnery.

**LUETGERT TRIAL.**

Evidence for the State Closed—Damaging to the Defendant.

Chicago, Jan. 14.—Direct testimony on the part of the State against Adolph L. Luetgert, the alleged wife murderer, was finished to-day, after 198 hours in court. Dr. Dorsey was the last witness, and his cross-examination by Attorney Harmon resulted disastrously to the defense, the sausage maker's lawyers bringing out emphatic retortations of matter material to the State's case. When Dr. Dorsey finished Mr. Harmon objected to the introduction of all the evidence and testimony which had been offered by the State, a motion which the court overruled, and then the lawyer, after excepting, asked that the State put Louis Luetgert on the stand, his contention being that his name was on the back of the indictment.

Assistant State's Attorney McEwen replied that when as a lawyer he produced a witness he vouched for his truthfulness, and that as he could not vouch for the integrity of Louis Luetgert, he declined to put him on the stand. The Court agreed with the prosecution, and then notified Mr. Harmon that he must be ready to proceed to-morrow morning.

**"JAPANESE TEA"**

For the Benefit of the Infant Sanitarium, Has Been Postponed.

We are requested to announce that in consequence of the appearance here of Sousa's band on the evening originally announced for the "Japanese Tea" at the residence of Mrs. Barton Myers, the managers of the Infant Sanitarium have yielded to numerous requests by advancing the date for their attractive entertainment to Thursday evening, January 20th.

**OPPOSES STATE BOARD INSPECTION.**

Capt. John L. Roper, president of the Roper Lumber company, said yesterday in an interview that he was most strenuously opposed to the boiler inspection bill introduced in the House by Representative Blaine of Portsmouth. It would work a hardship, he said, both to the Commonwealth and to manufacturers who have to pay at present for boiler inspection by the insurance companies.

**CONSTABLE BRANCH.**

Constantly W. W. Branch, of Suffolk, better known as "Hurricane" Branch, probably the most expert thief-catcher in the State, returns to Suffolk to-day. He has been working up a case down here and has finished the job. Mr. Branch was especially complimentary to the Norfolk Police Department and wishes to thank its members for services rendered him.

**A GRUESOME FIND.**

Shortly after midnight last night Officer Decker found the body of a newly born white girl infant lying on the Norfolk and Western track, between Highland and Brambleton avenues. It had evidently been placed there between 11 and 12 o'clock, but no clue as to the author of the crime. The child had been smothered to death before it was placed on the track.

**ELKS INITIATE NEW MEMBERS.**

Norfolk Lodge No. 28, B. P. O. Elks initiated seven members last night. The ceremony was assisted in by a large number of Elks. The gentlemen who were introduced to the goat were Messrs. Belote, Ridgwell, Samuels, Montague, Cooke, Gunn and Gregory. After the ceremony of initiation was over a short social session was held.

**THE SAKS STORES.**

All the year through we make it a point to sell the best Clothes we can find—and sell them just as low as they can be sold. But once in awhile it is good business policy to sell them lower than the profit mark. Now is one of those times. We are anxious to get the stock down to bare shelves. Must do it. We don't leave ourselves any alternative in the matter. It is a rule of the store—and that settles it.

We are not continually screeching "bargains" at the top of our lungs—so when we make an announcement like this you know something unusual is taking place. Put the Suits and the prices together and you'll find it decidedly interesting.

Remember—there are only 100 Suits—and none sold before or after the hours advertised—so do not miss the chance—and see a few of the specimens in the window display.
