Railroad Accident.

PASSENGERS KILLED AND CATTLE ROASTED ALIVE.

NEW YORK, Sept. 14.—A private telegram has been received in this city from Toronto announcing that a frightful accident occurred on the Grand Trunk railroad this morning.

A train was thrown from the track and several of the employes on the train were killed. The whole train was a perfect wreck, and to add to the horror the cars took fire. A large number of cattle, which were buried under the debris, were actually roasted alive, it being impossible to extricate them.

The East Postal Train.

NEW YORK, Sept. 14.—The fast postal trains will commence running on Thursday next on the Pennsylvania and New York Central railroads.

MONTREAL, Sept. 14.—J. H. Nichols, stock broker, long and favorably known, has been killed, as has his son, who is a bank teller, and said to be \$50,000 behind.

For Effect.

NEW YORK, Sept. 14.—Numerous reports of failures are current on Wall street the last few days, but none of the firms have suspended. The rumors were for speculative effect. Schuchard & Sons' liabilities are \$1,200,000.

Receiver.

DANVILLE, ILL., Sept. 14.—Upon the application of C. W. Hervey, President, and several judgment creditors, Judge Davis, of the Vermilion County Circuit Court, has appointed Col. Dole, of Paris, Receiver for the Illinois Midland Railroad.

Postal Excursion.

CHICAGO, Sept. 14.—A number of local Post-office officials and others will leave town for Cleveland and Toledo, Wednesday evening, for the purpose of returning on the fast mail train. Among the number are Postmaster McArthur, C. S. Squires, and Special Agent Hawley.

Nebraska Republicans.

OMAHA, Sept. 14.—The State Republican Convention meets at Kearney on Wednesday. General Amsa Cobb, Geo. Lake and Daniel Gall will probably be the nominees for the Supreme Court. The two latter are the present incumbents. The first named is Mayor of this city and a former Congressman from Wisconsin.

Murdered.

DENVER, COL., Sept. 14.—At Trout creek, Lake county, yesterday, Jas. A. Woodward was shot and killed by Thos. Walker. Woodward was riding along the road going about his business, when Walker, who had some grudge against him, shot him with a rifle. The murderer is a member of the self-styled Committee of Safety, a gang of fellows who have taken the law into their own hands.

Counterfeiters.

NASHVILLE, Sept. 14.—Five more counterfeiters have been brought to Decatur from the vicinity of Tusculoosa, Ala. We are authentically informed that the band was up in the hundreds, extending through Missouri, Kentucky, Tennessee, Mississippi, Texas, and back north through to St. Louis, forming a complete circle ramifying all the States named. The band has a regular constitution and by-laws, and is composed of some of the most prominent men there.

The Crusade in New England.

Mr. Green's Trouble.

BALTIMORE, Sept. 14.—The trial of John Green, of this city, for perjury in personating David Eds and going security for Uddy Miller, alias Snyder, in the sum of \$3,000, on the 20th of August, for committing a burglary at the store of Perry & Bro., in Washington, in June last, took place yesterday afternoon before Commissioner Rogers.

Archibald Sterling appeared for the Government, and Mr. Radcliffe for the defense. Henry Barton and Henry Lucy, of Washington, testified to the fact that Green was undoubtedly the man they saw go Miller's bail on the day in question. Several other witnesses were examined, but their testimony had no direct bearing on the point at issue. Counsel for the defense obtained a postponement of the trial until Wednesday at 2 o'clock P. M., on account of the absence of a witness by whom an alibi was expected to be proved.

The Maine Election.

BOSTON, Sept. 14.—The latest advices from the Maine election give the vote of one hundred and thirty-seven towns. They foot up Connor, Republican, 29,171; Roberts, Democrat, 25,597; Connors majority, 3,573. The same towns last year gave Dingley, Republican, a majority of 6,900. In all the large towns the Democrats have gained heavily, their gain in Bangor being \$14. General Elvsted is elected to Congress, to fill the vacancy occasioned by the death of Mr. Herzog. Everything passed off quietly.

The towns to be heard from gave the Republicans a majority last year of 4,351, which indicated a Republican majority this year of about six thousand. The counties of Aroostook and Knox have gone Democratic. Cumberland, Somerset, and Washington are doubtful. Androscoggin, Franklin, Kennebec, Oxford, Penobscot, Penobscot, Hancock, Lincoln, Sagadahoc, and Waldo are Republican. Both branches of the State Legislature are Republican by a small majority.

LATER.

PORTLAND, ME., Sept. 14.—Gen. Conner has been elected Governor by 5,000 majority. The election for Congressmen is still doubtful. The Republicans carried eleven counties and the Democrats five—a Democratic gain.

Out-Door Sports.

THAT DECISION AT LAST.

PITTSBURG, Sept. 14.—Wm. Jackson, the referee in the Morris-Coulter boat race, says that no official time by a stop-watch was taken. He kept time by a common watch, but failed to time the start until twenty or thirty seconds had passed, and also did not time the finish until ten or fifteen seconds after Morris came in.

Taking the actual time of watch, and guessing at the last time he made the winning in 37 minutes, he says it might be half a minute or more out of the way, and in consequence of the facts decides all bets on time. Most of the betting was on time. The most reliable stop-watch time put the winner about 26 minutes 25 seconds.

JAMES WHEAT, a colored pedestrian of this city, beat James Wisler, a white man of New Jersey, yesterday afternoon, two yards in a running race of 125 yards. Wheat has run nearly a dozen races within the last six months, and always wins.

Late Foreign News.

TERRIBLE DISASTER IN FRANCE.

OVER SIXTY LIVES LOST.

PARIS, Sept. 14.—A water-spout, causing a terrible loss of life and destruction of property, occurred during the storm Sunday, at Montpellier, in the Department of Herault. Over sixty persons were drowned.

AN OPINION.

MADRID, Sept. 14.—Gen. Jovellar, the new Premier, has repeatedly stated that Spain's most urgent need is the end of civil war. The question of a new Constitution should be left to the Cortes, and the efforts of the Ministry at present will be directed to the pacification of the Kingdom.

The Dry Goods Trade.

The foreign dry goods trade for the present year has thus far been considerably behind the volume of the year 1874, and, in fact, the entire business of imports seems to be greatly reduced. Up to the middle of July the dry goods imports at the port of New York were in value \$53,400,640. This is a falling off of more than \$11,000,000 from 1874, upon the article of dry goods alone. In the latter year, up to the same date, the exports were \$69,758,324. The total imports at New York for the same period, were \$124,095,555. This is more than \$40,000,000 less than the imports of the same port up to the same time in 1874, which amounted to \$230,481,477. Herein there is an advantage. We are not running in debt so largely. If we exported more we would be in a happy condition, but it turns out that our produce exports are \$23,000,000 more of specie this year than we did in the last, showing that somehow, notwithstanding our economy in buying, we are still very much behindhand.

Journal approved. A resolution was adopted that the

clerk be instructed to advertise for proposals for the paving of side-walks in the several districts for the ensuing year.

Mayor Johnston moved that the Railroad Company be authorized to repair the Smith-street bridge, satisfactorily to the instructions of the Board. Adopted.

The following ordinances to establish grades were adopted: Wright alley, from Hamburg street to its eastern terminus, West Evans alley, from Fox street to South Wendell alley; North Wendell alley, from East Evans alley to northern terminus; South Wendell alley, from a point 650 feet north of the north curb of Mulberry street to West Evans alley; East Evans alley, from Rice street to North Wendell alley; to improve Wade street from Cutter to Jones.

The Engineer reported the following: "The subject of the repairing of a sewer under East Sixth street has been referred to the Engineer for report. On examination I find that the sewer gave way near a frame-house owned by Mr. Kennedy. The fracture is about two feet long and of a serious nature to Mr. Kennedy; but what the city has to do with a private sewer I am at a loss to determine.

"From all the information that I have been able to obtain on the subject, I am led to the opinion that the original proprietor of the land, the late Clark Williams, built the sewer, both under the house and the street."

Referred to the Sewerage Board.
