THE RACES.

The Crowd the Weather and the Winners

Notwithstanding the rain and the foreboding and gloomy aspect of the clouds, quite a large number of people were assembled at the Park this afternoon, among whom were many of our prominent citizens.

The grand stand was well filled with the beauty and the chivalry of the Queen City, while the public stand adjoining was occupied by a large number of spectators.

Betting was quite lively, and large amounts of money changed hands at the end of every heat, in addition to the sums dependent upon the summary or the race itself.

The larger portion of the crowd availed themselves of the cheaper and more convenient mode of reaching the grounds by the special trains on the Hamilton & Dayton and Marietta roads.

The infield, however, was well filled by carriages and vehicles of every description. The track was in splendid condition, the rain having done no material damage except to decrease the attendance somewhat.

FIRST RACE. Judges--S. T. Harris, James Bugher. Starter--Judge Vaughn.

First heat--Winning horse, Calix; second, Dream; third, Alberta; fourth, Little Boy; fifth, Empire; sixth, Kook. Time, 2:24 1/2.

Second heat--Calix, first; Dream, second; Alberta, third; Kook, fourth; Empire, fifth; Little Boy, sixth. Time, 2:30.

Third heat--Weber, first; Tom Britton, second; Calmer, third; Jeremiah, fourth. Time, 2:43 1/2.

Mr. T. H. FRENCH, agent and author of "Our Boys," which is now being performed at the Grand Opera-house, through his attorney, Mr. Thomas A. A decision will probably be reached this afternoon. It is, however, announced that the play will be produced this evening, whatever the decision may be.

THOMAS MURRAY, Albert Williams and John Carpenter, three gentlemen of color, were arraigned in the Police Court this morning on two charges of petty larceny. They are professional tip-tappers, and were taken in by Officer Ewing for relieving Luckey's bakery of about \$1 and Dawson's pawn office of a number of rings. Judge Lincoln sent all three out to the Work-house for sixty days each, and fined them respectively \$200. Mr. Dawson was also fined \$10 and costs for carrying concealed weapons, an ugly looking razor.

Democratic Executive Committee. The Democratic Executive Committee met this morning at their headquarters, No. 26 Vine street, President Wm. S. Brown in the Chair, and the Secretary, Mr. E. Kramer, as his post. Thirty-seven members answered to their names.

The minutes of the last meeting were read and approved.

Mr. Paxton, of the Campaign Committee, reported a continued success during the campaign.

General Cary, who was present, was called upon to make some remarks. He was greeted with loud applause, and addressed the meeting as follows:

My fellow-citizens of Hamilton county and gentlemen of the Committee--I have just finished one of the hardest campaigns that I have ever experienced in Ohio. I have spoken, on an average, twenty-four hours a week, that is four hours a day, making two addresses each day. Everywhere the feeling is first-rate, and the Republicans are joining us in numbers.

It needs any words that I do not want to be backed and bothered, but will give us a private vote pocket vote. I will be indeed surprised if Ohio does not yield us an overwhelming majority.

The enormous amount of money done by a subsidized press has really been effective only in our favor. The reports of the Commercial Gazette, Cleveland Leader, and others, draw out immense crowds of Republicans to our meetings. Numbers joined the Allen and Cary clubs. I have had larger meetings in my campaign at present than were ever assembled during the days of Van Hook.

The voters in the country are wise. There are whole townships, numbers of which I can mention, where the Republicans were accustomed to get the whole vote, which will not turn out a single Republican vote now. The influence of money and repeaters are what we must most fear. If a Republican wants you to vote and offers you a suit of clothes or money, take it, vote the Democratic ticket and send the man to the Penitentiary. It will make a man's heart ache to see the women in the country districts in rags and their husbands working at sixty cents a day under the Republicans.

They have nothing to eat but side-bacon and green corn. There are thousands of people who will starve, as they have no work. A prominent Republican, like a convert, attended one of our meetings, and after his adjournment stated: "I shall vote the Democratic ticket, and use all my influence for it." I have experienced more trouble about Hamilton county than the rest of the State. See to it that an Irishman is not at the ballot boxes, and then you will be swept with such a Democratic majority as will astonish this country.

The committee adjourned till next Saturday.
