

THE DAILY STAR

FRIDAY, OCTOBER 8

LARGEST CIRCULATION IN THE CITY.

No indications of any change the next twenty-four hours.

LOCAL BREVITIES.

DAVENPORT CLUB at Thoms' Hall to-night. THE Water-works fund in the Treasury is \$1,400.

A MOTION has been made for a new trial for Baker. It will be argued on Monday.

THE Hamilton and Dayton road will put on four new coaches on this next week.

H. L. MEKE was admitted yesterday to practice in the United States District Courts as an attorney.

At the Welsh Estate of Jackson, O., the Cincinnati choir has obtained a large majority of the parts would allow.

THE Union Bethel has received a donation of a year's free water rent from the city via the Water-works Trustees.

FRANK MENKHOUSE, for abusing his family, was sent to the Work-house by Judge Lindeman this morning for ninety days.

THE Water-works Board yesterday issued a certificate of indebtedness of \$2,000, to George W. Barger, the Eden Park Reservoir contractor.

COL. LEW. WEITZEL and Mr. Nat. Calowell indulged in a little state argument at the Grand Hotel last evening regarding bills on the election.

ED. CARSTIDY, charged with the larceny of a suit of clothes belonging to James McLaughlin, and his case came on this next Monday. His bond was fixed at \$500.

It is suspected that the death of Herman Rothheimer, mentioned in the STAR some days since, was the result of foul play. Rothheimer was the former Cincinnati, and died at Lexington, Ill.

ROBERT STICKNEY, Uncle John Robinson's celebrated rider, has deposited \$1,000 and a challenge against O'Brien, who wants to contest his claim to the position of champion leaper of the world.

ANN DORAN, a notorious pickpocket and shop-lifter, who yesterday stole a pocket book from the pocket of a Mrs. Stapleton, in a dry goods store on Fifth street, was taken to the Work-house for one month, and fined \$25.

THE Ex-Army Officers' Society has elected Col. L. M. Dayton, President; Colonel Brooke, Cherry and Merrill, Major Jones and General Force, Vice Presidents; Capt. J. H. Woodward, Secretary, and Major S. L. Hommedieu, Treasurer.

W. M. HOPKINS, who, on the 2d of July last, stole a gold watch and chain worth \$85, from a colored woman named Sarah J. Colston, a hair dresser at 29 1/2 Fifth street, was bound over by Judge Lindeman this morning to the Grand Jury. His bond was fixed at \$500.

JENNIE MILLINER, arrested on a warrant charging her with cutting a colored woman named Mattie Phillips with intent to kill her, was arraigned in the Police Court this morning. Jennie was allowed to plead guilty to a charge of assault and battery, and, as Mattie had only a few scratches to show, was sent to the Work-house for thirty days.

LOUIS NAPOLEON disgraced his illustrious namesake yesterday by setting on a tremendous spree. Nap is an Irishman, and a sailor by profession. He came to this city last night and wanted to go to New Orleans. He was arraigned in the Police Court this morning, but on his solemn assertions that he would never get drunk any more or come to this city, he was dismissed.

The celebrated billiard manufacturing firm of The J. M. Brunswick, Balke & Co. have been awarded the first premium at the Cincinnati and Indianapolis exhibitions this year for the most perfectly constructed and best billiard tables in all respects. They also received a bronze medal for the best billiard balls. This firm is one of the oldest and most extensive of the kind in the country, their tables being used in almost every quarter of the globe.

JAMES MARLETT, a canal-boat man, was arrested yesterday on a charge of petit larceny. The affair occurred last July. Marlett and a boon companion named Russ got on a jollification, and when the latter was stupor-stricken by drink Marlett went through his companion's pockets and abstracted \$14. This being accomplished Marlett disappeared, and was not seen since till the time of his arrest. Judge Lindeman this morning sent him to the Work-house for 30 days and fined him \$20.

MISS CARIE DAWSON, whose singular and perhaps fatal accident, in having the scalp torn from her head by a machine in the Fuller mills, was detailed in yesterday's STAR, yesterday underwent an operation which it is hoped may result in her recovery. Pieces of scalp were taken from the head of her sister and grafted into the unfortunate girl's head by Dr. Howe, and it is hoped that a new scalp may be formed and her life saved. A lady present asked to have the pieces of the forehead taken from her shoulder, which was done. The experiment has in numerous cases proved successful, and it is to be hoped has this it will be equally so.

The Red Men.

The chiefs and members of Minneola Tribe, No. 37, of Urbana, made an official visit to Wyandot Tribe, No. 5, of our city, last evening. After giving the Wyandots a sample of their adoption work, which was fine, they followed the trail to the wigwam of the Past Great Sachem, C. S. Betts, on Walnut street, where they partook of the hospitality of the Wyandots in the shape of an oyster supper.

The Epizootic.

The present attack of the epizootic, which has been reported as causing great trouble among the horses of our city and vicinity, we learn, by inquiry, is not nearly so bad as was at first supposed.

In all of our large car stables the greater number of horses have been affected by it, scarcely a single one escaping, but the attack has been very light, and nothing serious, as yet, resulted. To-day the disease is reported as rapidly disappearing.

Buy that Nag.

An amusing incident occurred the other day in Corryville. The firemen of that village determined to exercise their horses and to that purpose hitched them to the engine.

They came to Hammond street and attempted to make the ascent, which is a very steep one. The horses all of a sudden came to a stop in the middle of the ascent, blows and coaxing doing no good. They couldn't proceed upwards. A little lad who was driving a cart and horse happened along and saw the difficulty of the firemen. He stopped his horse and watched the exertions of the men to get the engine up the hill.

Finally he said in a triumphant voice: "Say, misters, my horse can pull that engine up." The firemen ridiculed the lad, but on his persistent replies that he could effect what he boasted of, the men unthinkingly engaged him to pull the engine.

The lad backed his cart to the tongue of the engine, and, after securing it, drove up the hill at a lively pace, cart, engine and all. This done, he again addressed the fire laddies as follows: "Bosses, you'd better buy this nag; he'd pull that engine all over the city for a year." The firemen are now contemplating an idea for petitioning the Fire Department to "buy that nag."

Amusements.

THE GRAND OPERA-HOUSE.—Quite a large audience witnessed Byron's justly celebrated play "Our Boys" last evening. The acting of the entire company was good throughout the evening. Messrs. Bradley and Roche being especially good among the gentlemen.

Mrs. Grattan's place in the cast was ably filled by Mrs. Nelson Knease, who is quite a fine actress, and would soon become a great local favorite did she appear in the cast often. "Belinda" was a great favorite with the audience, her appearance upon every occasion being the signal for a good hearty laugh. Her "stage business" was extremely good, excepting in one or two instances, when it was a shade overdone; her reading was a little monotonous, which arose from the voice being kept at the same pitch for too great a length of time. She is, however, a fine actress, and if not spoiled by battery will make something of herself. "Our Boys" will be given at the matinee to-morrow.

WOOD'S THEATER.—The "Naiad Queen" drew a large audience last evening. This piece has proved quite a success, never being without a good audience during its two weeks' run. The most beautiful scene on the stage was extremely beautiful last evening, calling forth a good round of applause from the audience. Messrs. Marble, Russell and Barton did as well as the lines of the parts would allow. Cora Adriana and Bonfanti carried off the honors, however, executing their beautiful and difficult dances in a simple and graceful manner. There will be a matinee performance of the "Naiad Queen" to-morrow afternoon. On Monday the dialect comedians, Baker and Farrow, will appear at this house.

THE NATIONAL.—There was a good audience in attendance at this house last evening. The same bill as at the opening of the week was given in a very creditable manner. Matinee to-morrow at two o'clock. ROBINSON'S OPERA-HOUSE.—"The Two Orphans" drew a large audience yesterday afternoon. In the evening Miss Kate Westendorf gave some selections from various standard dramas, assisted by her pupils and members of the Westendorf Dramatic Association.

COMMON SENSE vs. PREJUDICE. By R. V. FERRIS, M. D., of the World's Dispensary, Buffalo, N. Y. "The People's Common Sense Medical Adviser," etc., etc.

I am aware that there is a popular, and not altogether unfounded, prejudice against "patent medicines," owing to the small amount of which many of them possess. The appellation "Patent Medicines" does not apply to my remedies, as no patent has ever been asked for or obtained upon them, nor have they been urged upon the public as "cure-alls." They are simply some favorite prescriptions, which, in a very extensive practice, have proved their superior remedial virtues in the cure of the diseases for which they are recommended. Every practicing physician has his favorite remedies, which he often recommends or uses, because he has the greatest confidence in their virtues. The patient does not know their composition. Even prescriptions are usually written in a language unintelligible to lay but the druggist. A much secrecy is employed as in the preparation of proprietary medicines. Does the fact that an article is prepared by a process known only to the manufacturer render that article more valuable? How many physicians know the elementary composition of the remedies which they employ, some of which have never been analyzed? Few practitioners know how Morphine, Quinine, Podophyllin, Leptandrin, Peppin, or Chloroform, are made, or how nauseous drugs are transformed into palatable elixirs; yet they do not hesitate to employ them. It is not inconsistent to use a prescription, the composition of which is unknown to us, and discard another preparation simply because it is accompanied by a printed statement of its properties with directions for its use? Some persons, while admitting that my medicines are good pharmaceutical compounds, object to them on the ground that they are too often used with insufficient judgment. I propose to obviate this difficulty by enlightening the people as to the structure and functions of their bodies, the causes, character, and symptoms, of disease, and by indicating the proper and judicious employment of my medicines, together with such auxiliary treatment as may be necessary. Such is one of the objects of the People's Medical Adviser, forty thousand copies of which have already been published, and are sold at the exceedingly low price of \$1.50, and sent (post-paid) to any address within the United States and Canada. If you will patronize medicines, scientifically prepared, use my Family Medicines. Golden Medical Discovery is tonic, blood purifier, blood cleanser, and an unequalled cough remedy; Pleasant Purgative Pills, scarcely larger than mustard seed, constitute an agreeable and reliable physic; Favorite Prescription, a remedy for debilitated females; my Compound Extract of Smart-Weed, a magical remedy for pain, bowel complaints, and an unequalled Liniment for both human and horse-ditch; while Dr. Sargent's Catarrh Remedy is known of the world over as the greatest specific for Catarrh and "Cold in the Head," ever given to the public. These standard remedies have been before the public for many years—a period long enough to fully test their merits, and the best argument that can be advanced in their favor is the fact that their use was never so great as during the past six months.

AGAIN VICTORIOUS! CINCINNATI INDUSTRIAL EXPOSITION, 1875.—THE FIRST PREMIUM AWARDED TO THE J. M. BRUNSWICK & BALKE COMPANY, Manufacturers of the STANDARD AMERICAN NOVELTY BILLIARD TABLES (Patented April 21, 1875), with the celebrated Phelan and Colleder Patent Combination Cushions.

First Premium awarded for the most perfectly constructed and best Billiard Tables in all respects. MANUFACTORY AND WAREHOUSES, Nos. 8, 10 and 12 West Sixth Street, Cincinnati. The same Billiard Tables received the First Premium at the Indianapolis Exposition, 1875.

ALLEGRETTI REFRIGERATOR.

CINCINNATI INDUSTRIAL EXPOSITION. ONLY ONE DAY MORE To see the great ALLEGRETTI REFRIGERATOR, containing Meats, Fruits and Vegetables which have been kept perfect during the month at the Exposition.

[ASSOCIATED PRESS DISPATCH.] FOREIGN NEWS. GREAT BRITAIN. AMERICAN PEACHES FOR SALE IN LONDON. LONDON, October 6, 1875.—The experiment of bringing peaches, per steamer Canada, from New York, in boxes on deck, arranged on the ALLEGRETTI REFRIGERATOR plan, was a success, the fruit being delivered here in good condition, and eagerly purchased.

American peaches have at last crossed the Atlantic and reached London in good condition. They are much better than the tasteless and high-priced native product, and the success of the present enterprise will doubtless stimulate a larger export trade from our shores in coming years.—Editorial Cincinnati Gazette, October 6, 1875.

This Refrigerator has taken all the premiums offered at the present Exposition, and took the only premium awarded at the American Institute, New York, last year. The attention of Packers and Shippers of Meats is especially invited to this Refrigerator.

OFFICE, 55 W. FOURTH STREET. H. B. GIBSON, Agent.

CINCINNATI INDUSTRIAL EXPOSITION.

CINCINNATI INDUSTRIAL EXPOSITION! Last Day but One of this Unequaled Exhibition of Manufacturers' Products and the Arts.

MAGNIFICENT FLORAL DISPLAY TO-DAY! ALL THE FLORISTS IN FINAL COMPETITION.

Those of our citizens who did not attend on the Grand Floral Subscription Day, Friday, September 24th, and those who failed, on account of the tremendous crowd of that day, to fully examine the display, are expected to attend to-day, as the display of Floral Work will fully equal that of September 24th.
