CHICAGO.

Who the Captured Bank Robbers Are. By American Press Association to the STAR. CHICAGO, Sept. 22.—The bank robbers caught by citizens of Madella, Watonwan County, Minnesota, last evening, are undoubtedly the Younger gang. It is believed that Cole Younger is the one who was killed. Bob Younger, or a man supposed to be him, is dangerously, if not fatally wounded, as is another robber, name unknown. The three living men of the gang were confined in Madella Jail last night, but started under guard to St. Paul this morning. No detectives, and none but countrymen were engaged in the capture.

Heavy Loss by Fire. At midnight last night the furniture factory of Matucka, Craig & Co., on Canal street, was almost totally destroyed by fire with contents. Loss about \$80,000; insurance \$27,000, divided up among a large number of companies. The building was owned by the Frank Douglas Company and is insured \$10,000. Fully insured.

The Indians. Baird Littlefield, from Cooper Lake, W. V., has reported to Col. Brackett at Fort Sanders that the Indians have been in on Dutton and Cooper Creeks, and killed a man named Lomer on Dutton Creek on Sunday. He was scalped, his head cut nearly off, and his back slashed with knives in three or four places. General Sheridan is still at Fort Laramie.

New Railroad Scheme. By American Press Association to the STAR. LOCKPORT, N. Y., Sept. 22.—It was decided to-day that the railroad shall be built from Lockport to Buffalo, and there is great rejoicing in this city.

Terrible Railroad Accident.

SIX KILLED AND OVER THIRTY WOUNDED.

List of Killed and Wounded.

Special to the STAR. COLUMBUS, O., Sept. 22.—The limited mail on the Pan-handle Road, due here at 12:45 this morning, while running at a high rate of speed, left the track seven miles east of this city on a thirty foot embankment. The engine, baggage and mail cars remained on the track. The cars that went down the bank are in a terribly broken condition. The killed and wounded were at once brought to the hotels in this city.

Four men and two children were killed instantly, one of the men killed is the son of S. P. Bennett, of Cairo, Ill., and Lizzie Bancroft, of Philadelphia, three years old.

One of the unknown men killed is supposed to be from St. Louis, and one from Hamilton, Ohio.

Many of the wounded took their trains for home, so that the injured can not be definitely given.

There are probably between thirty and forty wounded.

The following wounded are at the Neil House: Mrs. W. H. Ellis and little girl, from New Orleans; Mrs. Ellis badly bruised about the head and chest, the little girl is unhurt. Samuel Leutz, Philadelphia, bruised about the body, not seriously. Two Max brothers, of New York, one a large, fleshy man, badly bruised about the body, the other unhurt; Edward Lord, New York, slight sculp cut.

At Davidson's Hotel are Geo. Olmer, wife and daughter, of Dayton, seriously injured; J. D. Briggs and wife, Springfield, Missouri, slightly injured; Mr. J. L. McCoy, of No. 374 Eighth street, Louisville, Ky., is seriously injured. He was lying quietly, but in such a condition that he could give no information.

At the Exchange Hotel are the following: C. Brazelton and wife, of Greenwood, Polk County, Iowa; he has serious cuts in the thigh and head; Mrs. Brazelton had one wrist broken and otherwise dislocated. Mr. and Mrs. J. R. Bancroft and four children are all injured. Lizzie Bancroft, three years old, had been killed, and was laid out in the room occupied by the parents. John Wolse, two cousins and two other gentlemen were bruised considerably. They are from Merton, Missouri.

The cause of the accident has not yet been ascertained. Railroad people and city physicians are rendering all the aid and comfort possible.

NEWS FROM THE METROPOLIS

Obsequies of the Late Bishop James By American Press Association to the STAR. NEW YORK, Sept. 22.—The funeral services over the remains of the late Bishop James took place at St. Peter's Methodist Episcopal Church. A large number of clergymen were present, and the services were very imposing. The body was inclosed in a handsome casket, bearing a simple inscription on the plate. Rev. Dr. Chapman conducted the services, and delivered a touching sermon. Addresses on the many virtues of the deceased, the spotless purity of his life, and his exalted character, were made by Bishop Simpson, Bishop Scott, Dr. Scott, Dr. Adams and others. At the conclusion of the services the body was laid in the church, where it remained until this morning, when it was conveyed to Greenwood Cemetery and interred beside the remains of Mrs. James, who died five weeks ago.

The Congressional Gold and Silver Committee examined a number of witnesses in secret session yesterday. Secretary Boutwell was closeted with the Committee for some time in the afternoon.

Yellow Jack in Baltimore. The Graphic says a Baltimore merchant who arrived here this morning acknowledges that the yellow fever exists in that city, but says citizens do not feel alarmed, believing they can prevent its spreading. Thus far there have been twenty-five cases and twelve deaths.

The Great Rifle Match between the Irish and American Teams, resulted in another victory for the Americans after a close and brilliant contest. The day opened beautifully, a light breeze blowing, and at an early hour the range presented a scene of activity and excitement. The crowds began to arrive early, and as the members of the teams appeared, they were greeted with prolonged cheers.

The total scores of both teams at each range were as follows: The Irish team scored 1,195. Irish team scored at 800 yards, 809; score at 900 yards, 809; score at 1,000 yards, 809. Total team score, 1,195.

Another View of the Tweed Arrest. In an interview to-day regarding the Tweed extradition, a Spanish representa-

tative here said that Tweed had been arrested by the Spanish Government, but he would not be sent to America. He is now imprisoned at the Fortness, at Vigo. The United States had nothing to do with his arrest, either directly or indirectly, nor had the detectives searching for him. He was arrested for informality in his passport in traveling under an assumed name in violation of the Spanish laws. His coming here was out of the question. The United States Government can not and will not extradite him. It would be useless to ask for it in the absence of a treaty. Neither, he said, would Sharkey be surrendered.

Moulton vs. Beecher. An argument was made in the case of Moulton vs. Beecher for \$100,000 damages for alleged malicious prosecution in the Supreme Court Chambers for a change of venue to the fourth Judicial District in the western part of the State. Beecher's lawyers arguing in favoring of the change to secure a fair trial of the case. After the argument Judge Westbrook took the papers and reserved his decision.

Transit. A Paris dispatch says, Leverrier, the celebrated astronomer, announces that the transit of the planet Hucion across the sun will be visible on the 3d or 9d of October.

The Shaking-up Next Sunday. Gen. Newton, Chief Engineer of the Hell Gate Explosion, publishes a letter to-day announcing that guard boats will be stationed at various points on the river on Sunday when the explosion will take place, to prevent all crafts from approaching.

He warns spectators to keep away from Astoria on Sunday. He deprecates the panic, and assures the public all will go safely. There will be no commotion in the air, and the underground effect will be sufficient only to jar buildings without ruining or cracking walls. Persons would do well to have doors and windows open and to look out for their ceilings. The best thing, he says, will be to stand outdoors until the explosion is over. The mine will be fired at 3:30 P. M.

FROM THE NATIONAL CAPITAL

What Judge Taft Thinks. By American Press Association to the STAR. WASHINGTON, Sept. 22.—Gov. Chamberlain, of South Carolina, did not put in an appearance at the Department of Justice yesterday as was expected, consequently the consultation over the situation in South Carolina did not take place. Senator Patterson, however, states that more troops will be sent to South Carolina, provided it can be made clear to the Attorney General that more are needed. For this reason he is anxious to have Governor Chamberlain and United States Attorney Corbin make their statement.

Senator Patterson affects the belief that both his life and that of the Governor are in danger. The Governor has, however, been at his post in the State and has not been hurt, and Judge Taft thinks the Senator need feel no apprehension so long as he remains in Washington. Judge Taft says so far as at present informed he does not think it necessary to send more troops to South Carolina.

Good News for the Chicago Crooks. The report of District Attorney Banks, of Chicago, in favor of certain members of the so-called whisky ring, was received from Long Branch yesterday morning, bearing the following indorsement: "DEPARTMENT OF JUSTICE, September 19, '76. 'Upon consideration of the report of the District Attorney in the case of Antony C. Hessing, George T. Burrows, H. B. Miller and Simon Powell, applicants for pardon, and the petitions in their behalf on file, all of which are particularly referred to in the within report, I recommend that the term of imprisonment of each of them be reduced to three months, and the amount of fine of each to \$1,000. [Signed] 'ALPHONZO TAFT, 'Attorney General. 'Approved Sept. 20, 1876. 'That time of imprisonment will expire on Saturday evening, by which time the official order of release, signed by the President, will reach Chicago. McKee and Avery. The cases of McKee and Avery are left for the consideration of Solicitor General Phillips and Judge Grey, the Federal Clerk of the Department of Justice, and there is very little prospect of any favorable action until after the November election. The pardon of Hessing and his friends caused the greatest excitement among the friends and advocates of McKee and Avery, but it is believed that they are powerless to bring about any speedy favorable action. Judge Taft leaves this morning for Ohio.

The National Reform Association yesterday issued a call to Union soldiers and sailors for a grand mass convention in Albany, New York, Tuesday, October 19.

Political. Ex-Treasurer Spinner writes from Mohawk, N. Y., that the State is reasonably sure to go Republican if Ohio and Indiana go right in October.

A prominent Indiana Republican here is stated to have said that nothing but the hardest work by the Republicans can prevent that State from going Democratic, and then it is doubtful.

The Nez Perces. Indians are threatening revolt in consequence of the whites breaking their treaties.

FOREIGN.

By American Press Association to the STAR. VIENNA, Sept. 22.—The Porte threatens to terminate the armistice unless Russia stops the influx of her soldiers into Serbia. The number of Russian soldiers now in the Serbian army is estimated at fifteen thousand, and it is claimed that at least four hundred soldiers from Russia pass daily through Gajina. The Turkish troops have evacuated Suitschar. Previous to leaving they set fire to and destroyed the place.

EX-QUEEN ISABELLA. MADRID, Sept. 22.—Ex-Queen Isabella will enter this city to-day, Friday. She will be given an official reception, and there will be a grand military display with illuminations, &c.

Another Bungling Hanging. By American Press Association to the STAR. CAYUGA, N. Y., Sept. 22.—The execution of John Young, for the murder of McDonald, took place here this morning at 7:15 o'clock.

The condemned man was led to the scaffold after prayer had been offered, and while in the middle of the Lord's prayer an attempt was made to spring the trap, but through some mismanagement the bolt could not be drawn and a hammer had to be used, causing a delay of five minutes.

The drop fell at 7:25, and without a struggle his spirit passed into eternity. James William Young, his brother, will probably leave for the Penitentiary to-day, his sentence having been commuted to imprisonment for life. The commutation of his sentence by the warden is received generally as satisfactory.

Another Highway Robbery. By American Press Association to the STAR. CHICAGO, Sept. 22.—As Dr. Mashor, of Six City, Ia., was on his way to visit a patient yesterday afternoon, he was overhauled by two of the James and Younger gang, eight miles northeast of that city, and held prisoner from 5 o'clock in the morning till last evening. The robbers compelled him to change his clothing, horses with them, and among the clothes they gave him was a pair of pantaloons with a bullet hole near the knee. He reports that the robber to whom the pants belonged is badly wounded just above the right knee and thinks he can not stand it to travel much further. It is thought the robbers headed southwardly toward the Chicago & Northwestern Railroad.

Springfield Items. Special to the Star. SPRINGFIELD, O., Sept. 22.—The 1st of October is quarter-day at the Savings Bank.

Mrs. Mary Barrett, of this city, brought suit for damages, under the Adair Law, against Charles Bradley and Andy Cottrell, fashionable saloonists on Market street.

BOSTON, Sept. 22.—The steamship Iatras, returned this port to-day from Liverpool, after experiencing very heavy weather in latitude 48 deg., longitude 49 deg. She passed through a group of icebergs, seventeen in number, the largest being about a quarter of a mile long and of great height.

Electing a U. S. Senator in Oregon. By American Press Association to the STAR. SAN FRANCISCO, Sept. 22.—A vote for Senator in the Oregon Legislature stood: Graver, 42; Applegate, 33; Nesmith, 14; Campbell, 2. One of Nesmith's votes went to Graver, but 3 of Graver's votes left him, 2 going to Nesmith and 1 to Campbell. It is impossible to predict the coming man.

The Soldiers' Reunion. By American Press Association to the STAR. INDIANAPOLIS, Sept. 22.—The procession yesterday started at 10 o'clock and is considered a great success. About four thousand men joined in the demonstration and the excitement was up to concert pitch. Everything passed off without a jar. The parade last evening was equally successful.

Smothered to Death. By American Press Association to the STAR. BALTIMORE, Sept. 22.—Wm. Kohler and John Roderich were smothered to death while digging a well at 464 North Gay street, by foul air from an adjoining sink.

LATEST LOCAL. GEORGE LITTLETON and Chas. H. Williams were discharged from the Workhouse to-day.

BLACK FRIDAY in the Marriage License office to-day. Not a single license issued up to noon.

MAYOR JOHNSTON leaves this evening for Portsmouth, Ohio, where he will be an honored guest of a few prominent citizens, who have invited his Honor to spend a few hours with them.

Of course, those cases of Jim Davis and Jim White, of the Sun Saloon, both of whom are accused of bribing a witness, was continued a few days longer. In the case of Davis, his bail of \$1,000, furnished by the professional bail, Mark Burns, was declared forfeited, and a capias was issued for his arrest.

A LARGE and enthusiastic Democratic meeting was held last evening at Calhoun, Ohio, under the auspices of the Tilden and Hendricks Reform Club. Able, eloquent and convincing speeches were made by Hon. M. F. Wilson and Hon. P. Mallon, of Cincinnati, Ohio. A number of Republicans were present and seemed to be deeply interested. Robert A. Johnston was present, but declined to speak, as he was a candidate for Judge.

Hartwell, one of the Vice Presidents of the Chamber of Commerce, acting as Chairman in the absence of the President, the following Committee was appointed to solicit subscriptions in aid of the sufferers by yellow fever at Savannah, Ga.: Jas. H. Long, Geo. F. Davis, Howard Eckert, Sam. V. Reid, and Chas. H. Kellogg.

The motion that the Chamber head the subscription with \$500 was carried unanimously. Mr. Benjamin F. Brown, a prominent banker of the city, has already sent in his check for \$100, and other gentlemen have signified their intention to subscribe to the fund with the same liberality.

Ruffianism on the Avenue. The last car which left the city on the Spring Grove avenue last night was assaulted with rocks by a crowd of Cumminsville roughs, and the passengers, among whom were a few ladies, were thrown into a complete panic. A young son of John Delaney, of Cumminsville, was struck with a missile on the knee, and it is feared that his injuries may cripple him for life.

The assault was made near the Stockyard Hotel. No arrests were made. Mr. Bates says that if he is given no protection by the police, he will be compelled to withdraw the late cars from the route, as this is not the first time the like has occurred. The cars last night showed marks of a terrible bombardment.

A Timely Warning. MAYOR'S OFFICE, Sept. 22, 1876. Col. Ira Wood, Superintendent of Police: The present political campaign indicates the prevalence of much partisan excitement, which may, if not promptly checked, lead to disorder and violence. It is therefore essential that every precaution should be taken to avoid street collision. I suggest you issue orders to the police under your command to promptly arrest all who interfere with public assemblages or processions either by assault or insult. It is the inalienable right of all citizens to peaceably assemble in meetings, march in procession, and enjoy the freedom of speech, provided the same is not inflammatory. It is necessary that every measure should be taken to protect all who desire to participate in the enjoyment of these political privileges, and also to preserve the usual good order of our city has maintained. G. W. C. JOHNSTON, Mayor.

BOARD OF PUBLIC WORKS.

Business Transacted by the Board This Morning. The Board met in regular session, four members present, and Mr. Baker in the chair.

Jones to extend Street Railroad Route No. 13 be referred to the Chief Engineer, with direction to report practicability of laying single or double track on Hunt street from Montgomery Road to Oak street with a lighter rail; also to furnish this Board plat with delineation of the line of track or tracks as may be recommended, with the view of securing to the general traveling public adequate use of said street."

Adjourned.

Having plenty of apples and pears, but having no dog, a resident of Cass avenue stuffed an old suit of clothes and stood the effigy up in his back yard to scare the wicked boys away. The plan seemed to be perfection for a while, but yesterday morning the "man" was discovered suspended to the limb of a tree by a rope tied to his heels. The coat tails were cut off, the mouth filled with weeds, and the eyes and ears with mud, and the following note was pinned to the body: "This ere feller has got the kolic afflu bad."

The bell pears and the rosy red apples had been thinned out until it looked like an off-year for crops, and the boys were far away.
