

ABE ROTHSCHILD'S CASE.

Application Made to Quash the Indictment.

Special to the Star. St. Louis, June 9.—A special from Marshall, Tex., says: The District Court opened at 8:30 yesterday, and after the minutes of Saturday were read Judge Booley called the case of the State vs. Abe Rothschild. District Attorney Spring requested the prisoner brought into Court, and at 9 o'clock Rothschild, in charge of two Deputy Sheriffs, was ushered through the crowded courtroom to the inside of the bar. He was dressed in a neat suit of black, and his face, except a light mustache, was clean shaven. The light step and bold, smiling countenance indicated to the close observer a degree of anxiety and unrest not likely to impress themselves at a first glance. The counsel for the State announced himself not ready, and applied for a postponement until next Monday to await the return of a material witness from the Chicago Convention and others from Marion County. Defendant's counsel resisted the application to postpone and insisted on an immediate trial or a continuance for the term. The Court intimated an intention to reset the case for Monday next, and thereupon the defense interposed a motion to quash the indictment on the grounds not considered by the Appellate Court in reversing the judgment, which has been argued and a decision will probably be rendered to day.

INDIANA DEMOCRACY.

In Convention Assembled at Indianapolis To-Day.

Special to the Star. INDIANAPOLIS, June 9.—The city is full of Democrats in attendance at the State Convention which assembles to-day. The Convention was called to order at 9 o'clock this morning by B. C. Shaw, Chairman of the State Central Committee, and the roll of the counties is being called by James H. Rice, Secretary, for the purpose of immediate organization. The Committee on Permanent Organization held a meeting at the Governor's office last night, and had no little difficulty in getting a Permanent President who would be agreeable to the different candidates for Governor. Governor Hendricks, who at first had declared that he would not serve, finally yielded, he being the only man the gubernatorial aspirants could agree upon. John W. Kern, of Howard County, was chosen Permanent Secretary. The Convention is in session at the Campaign Tabernacle, on Maryland street, half a square west of Kentucky avenue.

LAFAYETTE, IND., June 9.—Shortly before midnight a serious railroad accident occurred at this place, whereby one man named Valentine Zeigler was killed, three locomotives and twenty cars wrecked, while ten car-loads of grain were destroyed. A freight train was standing at the Chestnut-street crossing in this city, when a grain train with twenty-six loaded cars became uncoupled at the shops, three miles out, and came tearing down at forty miles per hour upon the freight train here, utterly wrecking everything. AN ARTIST'S DREAM. A Novel Attraction Proposed at the Zoo. Messrs. H. F. Farney and Matt. Morgan have for some time had in preparation the designs for a new attraction for the visitors to the summer night fetes at the Zoo. When all is complete, he will find himself transported to Venice. Where he is standing will be the place of St. Mark. At his immediate right will be the column of St. Luke, forty feet high. At his left will tower the column of St. Mark to an equal height. Further to the left, will be the sixty feet high, will represent the Doge's palace; opposite to this will be the library. Across the lake will be placed a high flat, 400 feet in length, painted to reproduce a scene in Venice, including the island of St. George, the Dogana, the Cathedral Della Salute, and in the background the Adriatic. The islands of the lake will be surrounded with gondolas, and in short the effect will be to reproduce a scene in Venice. On the lake, arranged on a large float, will be produced a series of tableaux, illustrating scenes from Shakespeare, the Doge wedding, the Adriatic, and pictures of Venetian life in the Middle Ages. The huge flat, with the Venetian palaces and the Cathedral, will be so arranged that they can be illuminated at night.

Iron Manufacturers' Strike Ended. The Iron Manufacturers met yesterday at Pittsburg and adopted the following resolution: "Resolved, That it is the sense of this Convention that those Pittsburg manufacturers desiring to run, and sign the boilers' scale, be permitted to do so." The scale referred to is \$5 50 per ton, at \$2 50 card rate or lower, and was presented by boilers June 1st, the time agreed upon for signing the yearly scale. The Cincinnati manufacturers upon learning of this action concluded to do the same, and as soon as they sign the scale their men will go to work, which will be shortly. This action is just in the nick of time, as the manufacturers of this city who use iron to a large extent were about out, and would have had to close if the mills had not done as they did.

Bean Superintendent, and all the other officers.

HOME CITY. We are pained to record the death of Mr. George T. McIntyre, which occurred this morning. He was born in Scotland, but for the last thirty-seven years he has resided in the Township of Delhi, where he was respected as an honest, upright man, and where he enjoyed the confidence and good will of all his acquaintances and friends. He leaves two daughters and four sons. We will announce the time his funeral will take place to-morrow.

GREENSBURG, IND. The Republican Congressional Convention met here yesterday, and the town holds many distinguished men of the district at present. Some of our best citizens are circulating a petition protesting against the employment of C. W. Harvey as Superintendent of the public schools of this place. The petition is being signed by a large number. The petition alleges various objections to Harvey, but the principal one is the lack of thoroughness of the graduates of the high school, for which he is responsible. It is the general talk that Harvey has too much ambition to make graduates regardless of qualifications. We think he has given satisfaction in other respects, and we venture our reputation as a prophet that the Board of Trustees will re-employ him regardless of the remonstrance.

RICHMOND, IND. Eighth-street Friends' Sabbath-school picnic at Glen Miller next Thursday, 10th. The Republicans of Richmond are all for Garfield. Albert sons are in half-mourning for prayers not granted. Jacob Mason, a highly esteemed farmer near Hagerstown, this county, was thrown from his wagon by a runaway team yesterday morning and instantly killed. Ada Blair, a handsome young woman, for some months an inmate of the Home for Friendless Women here, has been pronounced insane, and will be sent to the State Insane Asylum. Mrs. G. L. Perkins and Mrs. I. C. Doan and daughters will leave the city to-morrow to indulge for a week or two in "country living and country thinking" at the residence of their friend, Mrs. Carrie G. Foulke, near Pendleton, Ind.

OVER THE BRIDGE. COVINGTON. The infant child of Mr. Thomas Nolan died this morning. The marriage of Mr. Henry Holder and Miss Lizzie Niehaus is announced. Wm. Schatt, of Lewisburg, is mysteriously missing from his home, Gone West. Mr. Henry Wayman contemplates going to St. Louis to accept a lucrative position. Mr. Horace Kerchival and Miss Effie Finck were quietly married in Cincinnati last week. The concert of Miss Kate Schmidt and pupils, takes place at Odd Fellows' Hall this evening. The Republican Executive Committee meets at the office of J. E. Hamilton on Friday evening. A banner for "Samuel J. Tilden for President" is floating on the corner of Sixth and Madison streets. Judgment for \$500 was rendered in the Chancery Court to-day in the case of John C. Vogt against Christian Roedeg and others. There was a Garfield Club organized at Weaver's saloon last night. So far it has seven names, and it is hard to tell how they were obtained. John Shafer, arrested for adultery, was acquitted by Judge McLaughlin yesterday. The girl denied that there had been any improper intimacy between them. Steve Bates fell from a second-story window last night in Cathlamet alley, and fell on his head, breaking a pair of steps all to splinters. He then threatened to carve Jack Higgins into mince-meat. He was fined \$4. ENTERPRISE.—Ten minutes after the nomination of James A. Garfield for President the STAR bulletin board at Weaver's was ornamented with his photograph and a biographical sketch of his life. Yet the STAR that came to this side of the creek failed to contain his nomination. The Pittsburg iron manufacturers at Pittsburg, having signed the 2 1/2 per cent card, the puddlers of Covington and Newport are ready to go to work, and with them the other iron workers. Those at Swift's and the other Newport mills resumed work this morning. The Covington iron workers, as far as could be learned, have taken no steps to that end. POLICE COURT.—James Padin and Wm. Jones were fined \$5 each for bathing in day time. The police are determined to break this up and in the future all violators will be dealt with according to law. Henry Dickman, a wife beater and abuser, was fined \$25. He is a tough citizen and said the whole force couldn't arrest him, but Officers O'Hara and B-lan brought him to town. Blonde O'Hara has a sure shot on a free marriage. Yesterday Rev. Father Jones lost his dog and informed Marshal Goodson, and at the same time offered to marry the policeman's dog that would find it. Now here was a chance. Mike Bolan, Paddy Casey and Mike O'Hara started to gain the prize. Every nook and corner was searched, and the result was that Officer O'Hara came out on top and found his dogship in Lewisburg. Now if Blonde just could find a girl he would be fixed. REAL ESTATE TRANSFERS.—Lawrence Carberry and wife to Philip Rickett, 21 by 100 feet on the northeast corner of Ninth and Greenup streets; \$1,050. Rachel S. West, ex-member of the School Board, who has been dangerously ill, is much improved and able to be about. The Turner Society has elected officers as follows: Wm. List, President; C. Braun, Vice President; P. Misser, First Turnward; J. Brandt, Second; S. Spaeth, Secretary; C. Best, Treasurer. Thieves effected an entrance several nights since to the cellar of Mr. Trainer's residence, 20 Taylor street, and carried off a stock of provisions, consisting of sugar-cured hams, fruits, preserves, etc. Swift's rolling mill will resume operations to-day. The scale has been signed on the 2 1/2 cent basis. The Covington and Cincinnati mills will probably resume work next week on the same basis. The Water-works Board met last night and carefully considered the report of the experts in regard to the bids for the proposed new engine. The bid was awarded to the Cope & Maxwell Manufacturing Company at their bid of \$38,950. The Wallace Brothers, young men well known here, have opened up in a new field by starting a weekly paper—the Warsaw Independent, published at Warsaw, Ky. It is a thirty-six column sheet, very neatly gotten up and is well deserving of success. Mr. Chas. Bullett, a rising young artist, has just completed a landscape painting representing the Taylor flats at high-water, which attracts more than ordinary attention. The painting is on exhibition at Woolson's picture store on Scott street, Covington. GOVERNOR AT GEORGETOWN, will be home to-day. A. S. BEARY. And thus the curtain drops on the final act in this terrible drama. The law has been in a measure vindicated, and a woman's alleged wrongs righted. Al. Pryor and John Kilning, two lads living on Lewis street, were playing last evening when the former snapped a toy pistol in the latter's face, the powder of which burned him severely. Mrs. Kilning, mother of the lad, swore out a warrant for the arrest of young Pryor, but this morning when the case was called the mothers of the lads retired to a rear room and settled the matter amicably, and the 'Squire dismissed the case. Bellevue street west of Central avenue, when completed, will be the best made and finest drive in the city. The Schulte Roller that has been lying idle in the Court-house yard for years is being brought into use, and is doing excellent work on the street. The animal tumbled over yesterday, and it required the whole force to tumble her back again. Last evening, at the Church of the Immaculate Conception, occurred the marriage of Mr. Peter Klein and Miss Mary Morris, Rev. Father McNerny officiating. After the ceremony a brilliant reception was held at the residence of the bride's parents on Monmouth street. A number of invited guests were present, prominent among them being Miss Susie Estman, of Rising Sun, Ind., and Miss Lou. Kastner, of Aurora, Ind. The young couple have the best wishes of hosts of friends for a smooth and pleasant path through life. There is a time and a place for everything. The Highland House is a fit place for song and revelry, and the streets of Newport from one to three in the morning are not such a place. Persons living near the Railroad Bridge complain that on picnic nights there is not a fair division of sleep and song by parties coming home from the Highland. It is all song for the neighbors and no sleep. Herman Theis, the young son of Mr. Charles Theis, the hatter, was very severely injured about the face, head and arms by being run over by a heavy wagon on the railroad bridge. The injuries are not considered dangerous. The only provision made for the payment of teachers' salaries at the meeting of the School Board Monday night, was a promise made by W. H. Waters, President of the Board, that he would go to Frankfort in a few days, and endeavor to raise the amount. Mr. Brown made a motion that the Finance Committee be instructed to borrow sufficient money to pay the teachers for April and May, but was voted down by five to four. Mr. Brown understanding the situation of the teachers, most of whom are solely dependent on their salaries, went still further and notified the Board that he would borrow sufficient money to pay the arrearages and assume the responsibility himself until the Board could pay it back, but the President would not hear to this, and was voted down on the proposition. It is very doubtful if a member of the Board could conveniently get along, even for thirty days, without his salary, yet they are not willing to make an effort to pay those in their employ, who have not received a cent for nearly three months. The Board is too independent to borrow money yet it will stand by and see its employes, who are compelled to have their salaries cashed at the banks at a heavy discount. The names of the Board who voted against Mr. Brown's motion will be published for future reference. The census takers in their rounds run across some old-timers. Mrs. Strainer, a venerable old lady living on Southgate street, east of Columbia, has reached the advanced age of 97 years, and yet appears hale and hearty. COUNTY COMMISSIONERS. Fratz submitted his report for the quarter ending June 1st, as follows: Receipts.—For statutory fees as per auditorial distribution, February settlement, \$18,503 97. Penalties on delinquencies, \$891 01. Total, \$19,394 98. Expenses.—Paid deputies and other employes, \$5,038 07; Treasurers' quarterly salary, \$1,750. Total, \$6,788 07. The Commissioners will meet the Clermont County Commissioners next Tuesday, at Remington. A petition for a bridge over Sycamore Creek near White Oak was received and the matter referred to the Commissioners and Engineers for examination. The matter of improving the Paddock Road was discussed, and before it could be settled, the Commissioners adjourned. Board of Public Works. The Clerk was directed to advertise for sealed proposals to build a bridge over Mill Creek at Harrison avenue. Permission was granted to the Little Sisters of the Poor to grade off the lot next to their premises, being part of Eden Park property, the work to be done at their own expense and under the direction of the Engineer. A crossing was ordered laid on Liberty street, at the west side of Moore street. Marriage Licenses. GOVERNOR AT GEORGETOWN, will be home to-day. A. S. BEARY. And thus the curtain drops on the final act in this terrible drama. The law has been in a measure vindicated, and a woman's alleged wrongs righted. Al. Pryor and John Kilning, two lads living on Lewis street, were playing last evening when the former snapped a toy pistol in the latter's face, the powder of which burned him severely. Mrs. Kilning, mother of the lad, swore out a warrant for the arrest of young Pryor, but this morning when the case was called the mothers of the lads retired to a rear room and settled the matter amicably, and the 'Squire dismissed the case. Bellevue street west of Central avenue, when completed, will be the best made and finest drive in the city. The Schulte Roller that has been lying idle in the Court-house yard for years is being brought into use, and is doing excellent work on the street. The animal tumbled over yesterday, and it required the whole force to tumble her back again. Last evening, at the Church of the Immaculate Conception, occurred the marriage of Mr. Peter Klein and Miss Mary Morris, Rev. Father McNerny officiating. After the ceremony a brilliant reception was held at the residence of the bride's parents on Monmouth street. A number of invited guests were present, prominent among them being Miss Susie Estman, of Rising Sun, Ind., and Miss Lou. Kastner, of Aurora, Ind. The young couple have the best wishes of hosts of friends for a smooth and pleasant path through life. There is a time and a place for everything. The Highland House is a fit place for song and revelry, and the streets of Newport from one to three in the morning are not such a place. Persons living near the Railroad Bridge complain that on picnic nights there is not a fair division of sleep and song by parties coming home from the Highland. It is all song for the neighbors and no sleep. The injuries are not considered dangerous. The only provision made for the payment of teachers' salaries at the meeting of the School Board Monday night, was a promise made by W. H. Waters, President of the Board, that he would go to Frankfort in a few days, and endeavor to raise the amount. Mr. Brown made a motion that the Finance Committee be instructed to borrow sufficient money to pay the teachers for April and May, but was voted down by five to four. Mr. Brown understanding the situation of the teachers, most of whom are solely dependent on their salaries, went still further and notified the Board that he would borrow sufficient money to pay the arrearages and assume the responsibility himself until the Board could pay it back, but the President would not hear to this, and was voted down on the proposition. It is very doubtful if a member of the Board could conveniently get along, even for thirty days, without his salary, yet they are not willing to make an effort to pay those in their employ, who have not received a cent for nearly three months. The Board is too independent to borrow money yet it will stand by and see its employes, who are compelled to have their salaries cashed at the banks at a heavy discount. The names of the Board who voted against Mr. Brown's motion will be published for future reference. The census takers in their rounds run across some old-timers.
