

THE DAILY STAR

MINOR LOCAL MENTIONS.

"How slim is Sara Bernhardt, pa, That shadow of a shade?" "My boy, she's just about as thin as picnic lemonade."

Officer Chard's six-year-old son was killed by a horse last evening and had an ugly gash cut in his head.

A boy named Richard Gegary narrowly escaped drowning yesterday by falling in the canal at Eighth street. He was fished out and rolled on a barrel.

The Cuvier Club yesterday received a consignment of Messina quail from the Mediterranean, which they intend distributing in this and adjoining States.

It was not Miss Smith, of the West End, who won the match at the Criterion Picnic, as stated in yesterday's Star, but Miss Mary R. Johnson, of Mt. Auburn.

Henry Hoche, a blacksmith, residing at No. 416 Main street, was overcome by the heat yesterday afternoon and had to be carried home, where, by the use of restoratives, he was brought to.

The jury in the case of the State against Charles Linck, charged with manslaughter, were unable to agree and were late last evening discharged. They stood eleven for conviction and one for acquittal.

The Alumna Association of the Mt. Auburn Institute has elected Mrs. Maria Hall Wright, of Mt. Auburn, President, Anna R. Walker, of Richmond, Ind., Vice President, and Miss Belle Hopkins, of Cincinnati, Secretary and Treasurer for the ensuing year.

To-morrow the Cincinnati & Portsmouth Narrow Gauge will run extra trains from Columbia to the camp meeting at Amelia, which has been in progress during the past week. The Little Miami Road will run a train to Columbia to-morrow morning to connect with the Narrow Gauge.

At the thirty-eighth annual commencement of the Cincinnati Wesleyan College will be rendered the following programme:

Sunday, June 13th, St. Paul M. E. Church, 11 a. m., Baccalaureate sermon by the President, Rev. David H. Moore, D.D. Oral examinations: Monday, 9:30 a. m., 2 p. m.; Tuesday, 9:30 a. m., 12:40 p. m. Commencement of the College of Music (Carl Barus, Dean), and annual address by Rev. J. P. E. Kumer, D.D., Monday evening, St. Paul M. E. Church, 8 o'clock; the annual Art Exhibition (Miss Sarah A. Wilson, Dean), at the College, Tuesday, 1 and 3 p. m., and Wednesday, 9 a. m. to 6 p. m.; Commencement of the College of Letters and Science, Wednesday, 8 p. m., St. Paul M. E. Church; Alumnae exercises, College Chapel, Thursday, 10 a. m., June 17th.

Local Personal.

Dr. D. H. Moore and family leave for Denver July 1st.

Mr. J. B. Chickering will spend the summer in Massachusetts.

Mr. O. F. Tice, of the firm of Tice & Huntington, will sail for Europe next Thursday.

Rev. J. N. Irwin, pastor of Trinity M. E. Church, will leave with his family some time in August for a year's study in Leipzig.

Mr. Charles B. Russell has been elected Director of the Lincoln Club to fill the vacancy caused by the resignation of Mr. Geo. Morlein.

Messrs. John Shillito, Jr., Chas. O. Lockwood and W. G. Stubbs have gone to the latter's property in Northern Georgia, where it is reported gold has been found in sufficient quantities to warrant the formation of a mining company.

MILLERS' EXPOSITION.

Test of the Steam Engines--Children's Day--Meeting of the Commissioners.

The attendance at the Millers' Exposition was not as good yesterday as on the previous day. The attendance, however, was fair, 4,126 visitors being in the building.

At the meeting of the Commissioners yesterday complaint was made by exhibitors that Norrkye, Moorman & Co. were violating the rules of the Exposition by running stones that had been used before.

A number of exhibitors of bags and bagging presented a protest against the additions to the premium list. Referred.

A list of premiums for amateur bakers who may compete on Bakers' Day was ordered prepared.

Mr. James A. Abel was made Superintendent of Power Hall.

The price of entries for competition for the Millers' Journal medal was fixed at \$5. The Board also decided to sell "merchandise" and manufacturers' tickets in packages of fifty for \$10 a package. Merchants are invited to buy these for distribution among their employes.

A suit of clothes was received from Mabley, to be used as a premium for Bakers' Day--next Thursday.

Mr. Gordon was appointed as a committee of one to engage some one to keep the exhibition advertised in the daily press.

On motion of Mr. Simpkinson the resolution regarding the Lockwood Medal was reconsidered and the entry fee for competitors was reduced from \$25 to \$5.

Thomas Davis was appointed Secretary to the Board of Commissioners, vice Jesse F. Dorman, resigned.

It was resolved to have a field day for Cincinnati amateur bakers. Next Tuesday was decided upon as the time.

The test of the five automatic out-of-steam engines deserves more than a passing notice. Mr. John W. Hill, who gained for himself an enviable reputation by his thorough test of the Hunt-street Pumping-works engine, has the matter in charge, and experts from Europe and all parts of this country will be present to witness the process and learn the results. Several parties have delayed purchasing engines until after this test was made, in order that they might be advised which engine was the best. The test is expected to throw light on several important subjects connected with engineering, and the results are looked for with interest by the mechanical engineers.

The engines are all 18 inches diameter of cylinder and are worked at 600 feet piston speed. The fly-wheels are 16 feet in diameter with 25 inch face and make 75 revolutions per minute. Each engine is furnished with a complete condensing apparatus including a by-pass valve to change from a

condensing to a non-condensing engine and each competitor has filed with the expert a summary showing the dimensions and weight of each part of this engine and the capacity of the boiler will furnish 4,500 pounds of steam per hour at 90-100 pounds pressure, and the safety valves will be set to blow at 10 pounds above the mean pressure carried.

The water delivered to the boilers will be drawn from the city mains and the condensing water from the canal. The overflow from the hot well will be measured in transit to the canal to determine the weight of water expended in effecting the vacuum. The water weighed in the boilers will represent the condensation by work and condensing water, and the difference between the weight of water measured and the quantity weighed to the boilers will represent the weight of condensing water required to produce a vacuum in the condenser.

The steam pressure in the pipe leading to the engine, will be fixed at ninety pounds, and the vacuum, the overflow, the temperature, the resistance, and the friction, will be watched and carefully noted. The deviation of trials will be ten hours while acting as a condenser, and ten hours while acting as a non-condenser. The economy of the engine will be deduced from the net weight of steam supplied during trial. The engines will be tested one at a time, and will be open to the public, but the final reports of the experts will not be made for several weeks.

NOTES. The attendance yesterday was 4,126. Commissioner Eagan is officer of the day. Five dollars is the entrance fee for the Lockwood medal. To-day is set apart for children, the price of admission for them being reduced to fifteen cents. To-day's matinee music is as follows: March--"Im leichten Schritt".....Carl Overture--"Ruebenah".....Flotow Waltz--"Immerleiden".....Grunl Selections--"Trovatore".....Verdi Overture--"American".....Cattin Polka--"Victoria".....Strauss Reveries--"Faust".....Vieuxtemps Selections--"Die Irrfahrt um's Glueck".....Gounod Overture--"Die Irrfahrt um's Glueck".....Suppe Paraphrase--"Lorely".....Neuwada Selections--"L'ile de Tulipatan".....Offenbach Finale--March, "Wiener Schuetzen".....Strauss

The following is the programme this evening at 7:30 o'clock: March--"Casino".....Bauer Overture--"Poet and Peasant".....Suppe Waltz--"Accelerationen".....Strauss Selections--"Arlino".....Verdi Intermission. Overture--"William Tell".....Rossini Nocturne Reliquio--"Monastery Bells".....Wely Selections--"Mme. Favart".....Offenbach Intermission. Medley--"Chips".....Beyer Waltz--"Kate Kearney" (Irish Airs).....Coote Air--"Good Night, Farewell".....Kuecken Finale--"Bacchus".....Kos

If you want your baby to look bright do not put it to sleep with laudanum when restless, but use Dr. Bull's Baby Syrup. 25 cents a bottle.

AN INTERESTING ESSAY

ON SKIN DISEASES

As They Exist in This Country,

And the Best Mode of Treatment

By a Prominent New Physician.

To Secure a Speedy and Permanent Cure.

There is no country in the world where Skin Diseases are so common as in the United States, and where the respectable and cleanly people are so subject to the various Skin Diseases. There are many known causes for this state of things; and one is that, in this country, there is less sulphur found in nature, less in the vegetables and in the water, than in many other countries; and, secondly, there are more people in this country that suffer with nervous diseases than any other, and nervous weakness or irritation is a very fruitful cause of the development of many cases of a certain class of Skin Diseases. There is but one remedy in nature for Skin Diseases, and when that is abundantly found in the water and general articles of food, the disease does not exist to any very great extent, and that remedy is Sulphur, and there is no preparation of Sulphur known to either the public or profession equal to GLENN'S SULPHUR SOAP; it contains all the active properties of the Sulphur without any of the extraneous or objectionable matter so often found in Sulphur, and is combined with softening and soothing oils that give immediate relief. See that "C. N. CRITTENTON" is printed on each pack, without which name is genuine. Sold by drug stores and fancy goods dealers at 25c; 3 cakes 99c. Sent by mail on receipt of price, and six cakes for each cake. C. N. CRITTENTON, Sole Proprietor, 115 Fulton street, New York.

"STOVES AND THINGS."

THE HIGHEST PREMIUM!

(FIRST PRIZE MEDAL)

The Only One in the Stove Department Awarded

AT THE

Seventh Cincinnati Industrial Exposition,

1879!

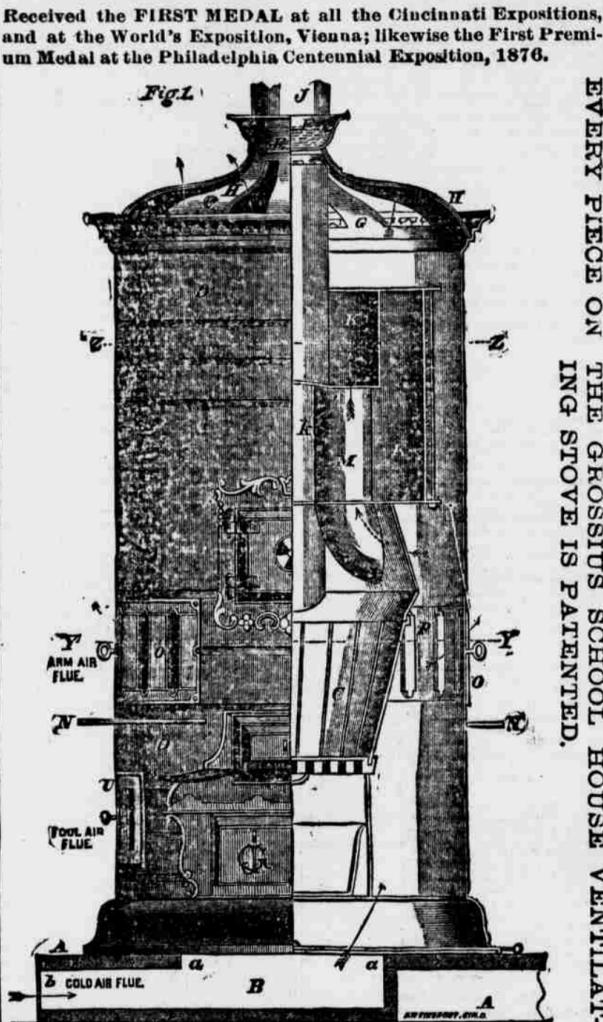

GROSSIUS' PATENT

School House Ventilating Stoves

AND

WARM AIR FURNACES

Received the FIRST MEDAL at all the Cincinnati Expositions, and at the World's Exposition, Vienna; likewise the First Premium Medal at the Philadelphia Centennial Exposition, 1876.

The above cut is a picture of the Stove used in all the Cincinnati Public Schools; also in the following named States: Pennsylvania, Ohio, Indiana, Illinois, Michigan, and other States. The Stove was patented in the years 1867, 1868, 1869, 1870, 1871, and 1880. All violators of the patent will be strictly punished according to the law.

CINCINNATI, April, 1879. JOHN GROSSIUS, Esq.: We, the undersigned Principals of the Public Schools, acknowledge the merits of your Patent School House Ventilating Stove, and having thoroughly examined the product herein described, we respectfully recommend the same to the Public:

- W. A. FILMORE, Principal Second Int. School. WM. S. FLINN, Principal Ninth Dist. School. E. H. PRICHARD, Principal Third Int. School. WM. MUELLER, Principal Fifteenth Dist. School. H. H. RASCHIG, Principal Tenth Dist. School. Y. C. YOWELL, Principal Twenty-fourth Dist. School. A. S. REYNOLDS, Principal Second Dist. School. JOHN AKLES, Principal Twelfth Dist. School. J. H. LAYCOCK, Principal Eighth Dist. School. A. E. BURNETT, Principal Ornamental Pennsylvania Department. JAS. E. SHERWOOD, Principal First Dist. School. N. K. ROYSE, Principal Sixth Dist. School. AUGUST H. BODE, Principal Thirteenth Dist. School. W. B. WHEELER, Principal Eleventh District School. GEO. F. SANDS, Principal Fourth Int. School. J. A. SCHEIDEMANILE, Principal Fourteenth District School. G. A. CARNAHAN, Principal First Int. School. PETER H. CLARK, Principal Gains and Western.

The Grossius Stove is used in the University of Cincinnati, and I agree entirely with the preceding judgment of it. JOHN GROSSIUS keeps constantly on hand a large assortment of best Cooking and Heating Stoves. Do not forget the place. GODFREY LUDWIG, supt. of Buildings.

IRON TONIC.

A Preparation of IRON and CALISAYA BARK, in combination with the Phosphates. Endorsed by the Medical Profession, and recommended by them for Dyspepsia, General Debility, Female Diseases, Want of Vitality, &c.

W. P. HILL, Crockett Station, Tenn., writes: "DR. HARTER'S IRON TONIC has done wonders here. A lady who had been doctored nearly to death for several years, has been cured of Debility and Great Prostration by the use of DR. HARTER'S IRON TONIC, which raised her from her bed, where she had been lying for many months."

Dr. Harter: us to tender you his grateful acknowledgments for the great benefit his wife received from the use of your IRON TONIC. He tells us that, after having paid three or four hundred dollars doctors' bills, two bottles of your IRON TONIC did her more good than all other medicines she ever used. She was troubled with Dyspepsia of the Young, Whites, &c., from which she is much relieved. CENTREVILLE, TENN. J. A. PATRICK & Co.

MANUFACTURED BY THE DR. HARTER MEDICINE CO., No. 218 NORTH MAIN STREET, ST. LOUIS.
