ROBERT OGDEN,
Plumber and Steam Fitter,
No. 63 JEFFERSON STREET, ABOVE THIRD,
DAYTON, OHIO.
HAVING been a resident of this city but a short time Mr. O. would take this occasion of selecting one from among a score of letters he received from gentlemen who had received their plumbing done from him, as his first place of residence.
From W. W. W. Ind. April 20th, 1899.
Having had occasion to use the services of a plumber, I was introduced to Mr. Ogdren, a gentleman who had done up in my kitchen. The job that was to be done was very difficult, and required the nicest kind of mechanics. I am happy to add that the work was performed to my entire satisfaction, and as a matter of fact, I take pleasure in recommending him to my fellow citizens.
PHILO RUMSEY.
He would also like the privilege of giving one among several recommendations he has received since his residence here.
Mr. Ogdren has done considerable work in the plumbing line in my house, which is very satisfactory.
J. R. YOUNG.
DAYTON, Aug. 10, 1899.

PARAGON
Self-Generating
GAS LIGHT
COMBINING
Simplicity, Safety
AND ECONOMY!!
THIS VALUABLE & Portable Self-Generating Gas Burner is now offered to the public in full confidence. Its simplicity, safety, economy and brilliancy of light is equal to any other lamp in use. It is a simple, safe, reliable and economical lamp. It will burn for 100 hours, equal to the light from six ordinary wax tapers. The burner can be readily applied to all styles of solar, hard or coal oil, mantle, ordinary hanging lamp. Also to chandeliers of all kinds. A gas light can be desired, at a small expense. Old lamps will be taken in exchange for new ones. Alterations made as desired. It is also admirably adapted to lighting of churches, lecture rooms, halls, stores, etc., and the fixtures you can be changed without the expense of purchasing new ones. For sale at the City of Dayton, by W. W. WILSON, No. 116 Main street, and also by A. W. RICE, corner of Jefferson and Third streets, DAYTON, OHIO.

At a meeting, last evening, of the Democratic Central Committee of this county, the nomination of Hon. HENRY SWANSON, by the Democracy of Preble, as our candidate for State Senator, was unanimously confirmed. The Committee, also, at the same time, nominated T. J. S. SWARTZ, of this city, as our candidate for Member of Board of Equalization. Our ticket is now complete. Democrats, go to work—every man of you, and charge home upon the common enemy, and give them no quarter from this time till after the election.

DAYTON MARBLE.—Dayton Stone is famous wherever there are facilities for its transportation; and it is justly noted, for a better quality of Stone for building purposes, and for all durable, ornamental stone work is not to be found in the West. Pasco & Webster, of this city are, we believe, more largely interested in the trade than any other firm. An outline of their business would be interesting to the local and general reader, but we have not the necessary data to give it now, if we had the time and space to spare. We will, however, remark that they have five yards in this city where stone from the quarries in this neighborhood is deposited, and from whence they are sent to order to almost every point in the west by Canal and Railroad. At three of these yards a large number of hands are employed in dressing the stone which is ordered for buildings in the city and from distant points. At the yard on Jefferson st., the major part of the fine work is done, and the curious person is struck with astonishment when he beholds the chiselling which metamorphoses huge blocks of shaggy marble into the most elegant ornaments of every possible style. Indeed, it seems impossible that it could be done; yet the intelligent and patient workman "brings out" the creations of the draughtsman, Mr. Pasco, into the most attractive shapes; and after while the rough block takes the exact proportions which taste and measurement designed. Some estimate may be made of the magnitude of the trade of this firm alone when we say that their expenses average about \$150 per day. The fine dressed stone furnished by them for the New Lutheran church now in course of erection will amount to over \$3000, while that furnished the superb building for Mr. Phillips on Main, between 3d and 3d st., will amount to about the same sum. We give these two items to afford an idea of the extent of orders for stone, which are received by P. & W. from every direction. Their transient work is enormous, and their trade this season, notwithstanding the hard times, will reach a great many thousand dollars.

Other firms here are also largely engaged in the stone business, but they do not enter so extensively in the dressing trade.

The Empire says that the meeting, addressed by Mr. Lincoln on Saturday, numbered about 200 persons. If Senator Douglas had been in Mr. L.'s place on that occasion, the Empire would have made the number 5,000 at the very least.—Journal.

What the Empire "would have made" in the case you suppose, has little to do with the fact in regard to the number at the Court House last Saturday afternoon. We estimated the number at "about 200 persons"; and that was a fair estimate, according to many Republicans who agreed with us. It is highly probable that we would have estimated the crowd at a much higher figure had Senator Douglas occupied the place of Mr. Lincoln on Saturday; our Main Street neighbor would have done the same, we feel sure, and for the reason that there would have been a great many more people present. You did not think this—did you?—at the moment you penned the above paragraph, with the intention of giving your readers the impression that we would have lied about the number, had Douglas occupied the stand instead of Lincoln. It is a very stupid paragraph, neighbor, and unworthy of you.

Central Institution Co.—The advertisement of this reliable institution will be found in another column. A glance at the Board of Directors will certainly have the effect of imparting confidence in it to property holders. Knowing as we do the reliability of the Board and the Stockholders, we cordially recommend the "Central" to our readers both in city and country. Mayor Liddings, long known to the public as the courteous and efficient Secretary of the "Firmen's" is Secretary of the "Central." We need not speak in laudatory terms of him, as his numerous constituency in the insurance line already know him as a "fair and square" business man. "Being in a position" to learn of any dislikes in his transactions in that business if any existed, we feel authorized to say that his administration of insurance in this City and Valley has met with universal approval.

Mr. Kreidler is sureroged to the company.—Having been long engaged in that vocation, he is well posted in his duties, and will continue, we doubt not, to give satisfaction to the company and the public. Again, we ask our readers to read the advertisement.

Photography is rapidly approaching a state of perfection. The Scientific Artisan, of Cincinnati, recently promised each subscriber a picture taken by a machine invented in that city, which is capable of making 20,000 impressions in an hour, its speed being only limited by the velocity of light and the time required for working its mechanical devices.—The gold items, however, are more prospective than real. He does not speak very flatteringly of present operations, but expects to make a good account of his time next season. There are entirely too many people at the minus this year. People are rather discouraged from making a venture in that direction by the moderate, reasonable letters received from Comly and his friends. We wish him the greatest possible success in his exertions out there, believing that he deserves the best of luck.

Mr. Treasurer Kenney has already sent out his "Notice To Tax Payers." As the people desire to be reminded of these things, our worthy Treasurer has given them due notice of what is expected of them. Get ready to fork over in time, and avoid the disagreeable rush at the close of the time given in which to pay taxes.

The publishers of the Louisville Democrat continue to send us their Weekly, which is of a nearly equal account to us. If their condition is such that they cannot afford to send the Daily in exchange, they had better save the trouble and expense of the present arrangement.

Lincoln spent some time Saturday in showing his brethren that the Constitution did not use the word "slave," in alluding to the "institution," which was to prove that its framers looked to the ultimate eradication of the system, etc.; and he said that one unacquainted with the "institution" would never dream of its existence, from a perusal of the Constitution. "Is this as it will," as our Millian friend is wont to say, we venture that one unacquainted with our country, who would read a report of Lincoln's speech here on Saturday, would never dream that there were any white people here, so studiously did the honorable gentleman avoid a reference to them. It was "nigger nigger nigger" from commencement to close. We honestly believe that by the time these black Republican gentlemen get through with the canvas, the entire white population north and south—if we may except the few who were born white by mistake, and have ever since mourned because they are not niggers—will be sick of the subject—sickened with it; will hate the very sight of niggers. The question, "Have we white folks among us?" will take the place of this miserable, sickening, stinking nigger dispute, and it will be answered in the affirmative. We have had enough of niggers to do for a thousand years; serious folks are beginning to fear, from the lullabuloo made about niggers, that white people are to exchange places with 'em! Some white people ought to.

The Dayton Sleeping Cars.—We find in the Memphis Bulletin of August 27th, the following handsome notice of the sleeping cars manufactured by Barney, Parker & Co. of this city for the Memphis & Charleston Railway.

SLEEPING CARS ON THE MEMPHIS AND CHARLESTON RAILROAD.—We have the pleasure of announcing the arrival of two magnificent sleeping cars from the establishment of Barney, Parker & Co., Dayton, Ohio, to be placed at once upon the night train of the Memphis and Charleston Railroad. To state that they were built by Barney, Parker & Co. is equivalent to saying that they are the very perfection of cars, as this firm now stand at the head of car building in the entire Union. The cars of this Dayton, Ohio, are in the highest style of ornamentation and finish, while the interior arrangements seem to be perfect for their adaptation as a luxurious day and night car. Hair cushions, mattresses and pillows, costly curtains, marble washstands, and every convenience for the comfort of the traveler are complete.

Each car contains two saloons—the forward saloon for gentlemen, the after for ladies—the gentleman and ladies are to be separated in the liberal arrangements. Ventilation, too, seemed to be perfect, there being a window in each berth.

Forty four persons only are accommodated by berth; on account of the limited number they will always be in demand, and especially as the small sum of fifty cents will secure a luxurious bed for the night.

We see favorable notices of this firm in the papers in every direction. There is no clap-net about it; for they have deservedly the reputation of getting up the best cars, in every respect, now furnished railroads throughout the Union. Their work speaks for them, and orders are coming in upon them from roads in all directions.

The Sacred Order—The Pioneer—The following mysterious "billet" was dropped into our box at the P. O., doubtless by mistake. Determined to post the people on the doings of the "Order," we have, after considerable meditation, determined to "blow the thing," and run the risk of the scorn which usually attaches to a surreptitious act! It has been claimed that it is the intention of "the Order" to take Cuba. It need no longer be surmised—behold the proof! Read!

I. O. S. M.—To the Brethren of the Valiente Lodge No. 7, I. O. S. M., hereby greets the Sister Lodge in an around the State of Ohio in the sacred bonds of Love, to well and prosper, and do by these presents extend a cordial invitation to the several Lodges and the Brethren individually, to be present at "A Grand State Fair of the Order," in Cincinnati, O., on Thursday night, Sept. 22d. As this Fair takes place during the Exhibition of the Ohio State Fair, it is expected that the attendance will be unusually large; and the Brethren are requested to bring their robes and Regalia.

A Grand Charity Ball will be given by the I. O. S. M., on Wednesday Evening, Sept. 21st, at Odd Fellows' Hall.

The Republican Plan.
Here is the plan of Mr. Dennison, the Republican candidate for Governor, for the safe keeping of the public money. It is the plan he will recommend to the Legislature to adopt, and for which he will use his influence with that body. Here it is as reported by the Cincinnati Gazette, in Dennison's speech at Lebanon, and subsequently reiterated by him at Portsmouth:

"This act—the Ohio Sub-Treasury Law—purported to be an amendment of Kelly's Act. He thought this act of protection of the Treasury to be found in the statute books of any State. Kelly's act authorizes the State Treasurer to keep the money received, in the State vault or deposit it with CORPORATIONS or INDIVIDUALS, of whose soundness he was satisfied, and who had given a bond approved by the State Auditor and the Attorney-General."

That is, says the Enquirer, the kind of system under which Biles, Bralin and Gibson made such deep dips into the taxpayers' big pocket, and which defied the scrutinizing eyes of Legislative Committees and Auditors. The same class of men, who fingered the public funds under those Treasurers, are again about, and through Dennison and the Republican Legislature, hope to once more live in clover under the shield of "the most perfect system of protection of the Treasury to be found in the statute books of any State."

By the by we notice that we are forced to the Cincinnati Journals for news from Dayton.—[Max-a-check Press.]
We will send you our daily on your paying the difference between it and your weekly paper—\$3 per year. You will then have the same source of Dayton information as the Cincinnati papers.

One effect of Senator TRUESSEL's speech at Cleveland, is said to have been to make the Democracy mad.—[Commercial.]
And "one effect" of Lincoln's speech in Dayton was to make the Republicans mad.

A United States naval chaplain who has recently been endeavoring to implant within the breasts of the Japanese youth the precepts of Christian civilization, furnishes the following names of some of his pupils:

It is stated as an evidence of the immense size of the new ship that is to be built at the Portsmouth Navy Yard, that it is to be charged double price, on account of the advantage they will have of arriving in port ahead of their fellow passengers.

The Irish papers of the latest date say the potato crop of 1899 promises to turn out the best grown in Ireland since the good old times, when the market value of that article of food ruled from twenty four to thirty-five cents the cwt.

A Card.
DELICIA HALL, Sept. 19th, 1899.
At an adjourned meeting of the Deliquit City Co. No. 4, the following resolutions were offered and unanimously adopted:

1. Resolved, That this company herewith return their most sincere thanks to the Firmen of Zanesville, and especially to the "Hope House Company" for their cordial reception and their cordial hospitality bestowed upon us during our stay with them, upon the occasion of the late State Firmen's Parade, and we "hope" that their plans may meet with success, and we may soon have an opportunity to reciprocate the favors and attentions received by us at their hands.

2. Resolved, That we shall embrace the first opportunity that will offer, to return the material and effectual aid rendered by "Young America Fire Co. No. 1," of Urbana, the "Terminator" of Circleville, and others, at the tournament, and that we will endeavor to cement the existing feeling of good fellowship closer and closer, the oftener we meet.

3. Resolved, That we will always remember with gratitude the treatment rendered at the hands of the ladies of Zanesville, by those of our number who attended at the "Firmen's Ball," and their kind deportment towards us as strangers, convince us that they appreciate the true worth of the firmen.

4. Resolved, That we recommend the "Star House" of Zanesville to the public, as a No. 1 hotel, and its gentlemanly proprietor as a man who takes the deepest interest in the welfare and comfort of his guests. We also take this method to return him our compliments for the present received by our Foreman from him, and prior to our leaving Zanesville, we were duly appreciated by us, and which compelled us to acknowledge the "corn."

5. Resolved, That these resolutions be published in the Dayton papers, and copies of them forwarded to the parties mentioned therein.
