HEADACHE.

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of NERVOUS AND SICK HEADACHE, has the satisfaction to make known that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which they might not only alleviate, but actually eradicate by the use of this remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste. HEADACHE, SICK OR NERVOUS. The extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much astonishment. That so much suffering should have existed for ages without any discovery of an effectual preventative or cure, is truly a subject of much regret, but Dr. S. now assures the public that such a remedy has been invented as will convince the most credulous. The principles upon which it acts are simple and plain. It is an admitted fact this complaint, whether called Sick Headache, or Nervous Headache arises primarily from the stomach—those who think they have the Nervous Headache may rest assured that this organ, the stomach, is the first cause, that the system has been vitiated or debilitated, through the stomach, and that only through the same channel must they expect a restoration of the natural and healthy functions of the system.—This object, Dr. Spohn's remedy is eminently calculated to attain. The truth of this position cannot be controverted, and the sooner sufferers with the headache become convinced of it, the sooner will their sufferings end in restoration of health. Dr. Spohn pledges his professional reputation on this fact. The remedy may be had of apothecaries generally throughout the U. S.
