

The Ohio river is closing up with ice and navigation is suspended above Cincinnati.

The trial and execution of rebel prisoners is going on with speed in Canada.

SPIRITUS VITAE, is the name of a newly discovered and, it is said, certain remedy for the Hydrophobia. It is applied externally.

Correspondence of the Courier & Enquirer.

WASHINGTON, Dec. 8.

The late news received from your city, has created a much greater panic among the Administration people than you are aware of. The President as well as the Heads of Department are on tiptoe for the receipt of the mail to-night, and are trembling in every limb lest there should be some new and fearful exposition. The packages of last night were endorsed to be sent immediately to the Secretary of the Treasury, and were so sent long after 8 o'clock last night. To-night they wait the arrival in conclave.

General Grant's property has been attached even to the carriage and horses. His being stricken from the rolls of the army was determined in Cabinet meeting, and the Secretary of War is said to have felt much as the stern Roman did when he passed sentence on his own son. Those who have partaken most liberally of the hospitality and kindness of the General are loudest in their reproaches, particularly the creatures of this administration. I appeal to you, if in the whole history of our Government, from the commencement of Mr. Adams' Administration, a period of forty years, whether there was a tythe of the peculations, fraud, and disgraceful conduct that have marked the agents of Jackson and Van Buren during the short period of their political career.

BET ROOT SUGAR.—The cultivation of the Sugar Beet is making rapid advances on the Continent of Europe, and the sugar manufactured from it bids fair, at no distant day, to drive out of market that obtained from cane. A late foreign paper says that in Bahama, although the population amounts to but little over 3,000, 900 souls there are 87 manufactories of beet root sugar in full work, and many more ready to commence.

Public attention is beginning to be turned to this branch of agriculture in this state. We understand that in Onondaga county, several farmers are preparing to engage in the business quite extensively. We doubt whether it will be found profitable as a business. Families may make enough for their own consumption, and find their account in it, as many do in making maple sugar, but so long as sugar from the cane can be obtained at the present low price, from Louisiana and the West Indies, it will always command the preference in this. In Michigan and parts of Illinois and Wisconsin, the soil of which is very favorable to the culture of the sugar beet, and where, in consequence of the great cost of transportation, cane sugar is very high, the manufacture of beet sugar is undoubtedly to be rendered a profitable business.—Buff. Pat.

PHILADELPHIA, Dec. 10.—5 P. M.

I have no news from Harrisburg, later than what is contained in the Gazette, which I enclosed. The prevailing impression here is, that the difficulty is, or will be settled without further trouble—the Senate, you will perceive were in session on Saturday.—Courier and Enquirer.

COUNTERFEITERS TAKEN.—The Rochester Democrat states that "Two fellows were taken by the watch, last night, assisting some citizens, on a charge of passing counterfeit money. They had \$300 of the Lewis Bank with them, all spurious \$3 bills. Their names are Willis and Baldwin.

About the first of November, a traveler in Scott county, Miss., was murdered by being shot in the back, and robbed of \$10,000 in bank bills. The murderers escaped with their booty.

The Richmond Whig gives out an intimation of a court-martial correspondence between Mr. Van Buren and Mr. Bidler, and that the latter is not satisfied with Mr. Clay's plan of a Bank.

In Rochester, on Tuesday last, several boxes, containing 700 lbs of canister powder were found, packed up in imitation of dry goods, and consigned to a house in Buffalo, in the warehouse of J. Allen & Co.

Ladies should not marry until they have given up tight lacing. The marriage state must be free from bondage.

There is now a church in the town of Cahokia, Illinois, which was built in 1838, by the French. The bell has hung in its steeple more than a century.

STEPHEN C. PHILLIPS, late a Representative in Congress from Massachusetts, has been elected Mayor of the city of Salem.

MISSOURI.—On the 21st ult. THOMAS H. BENTON was re-elected a Senator of the United States for the term of six years from the 3d day of March next, when his present term of service will expire. He received, in joint ballot of the two branches of the State Legislature, 75 votes; his Whig opponent, ANSEL LEONARD, receiving 43 votes.—Nat. Int.

The Russian Consul residing at Boston when on a visit to his children in Montreal, where they have been in a seminary, was arrested as a spy! Sir John Colburn ordered his liberation, but not till his papers were opened, &c. The arrest was probably without cause, and may make some trouble between the British and Russian Governments.—Nat. Int.

ANOTHER APPALLING STEAMBOAT EXPLOSION.—The Steamboat Augusta, was shattered to fragments by the bursting of her boilers a few miles from Natchez on the 3d inst. The Natchez Courier says the boilers and whole machinery were rent into trifling pieces; the social hall and its appurtenances were shattered into atoms, and nearly the entire cabin was swept away. The names of the passengers dead and missing are not given. The boat was not very full of passengers. Five persons were found dead on the boat when towed back to Natchez, and 15 more or less wounded, of whom two or three were expected to live. Of twenty-eight deck hands and firemen, only eight could be mustered after the explosion. The Captain, missing, and first engineer, dead. No ladies on board.

The explosion was caused by holding on steam, while a drifting float passed the boat.—Cleveland Herald

NEW PLAY.—The editor of the Picayune has written a play called "The Pirate Husband, or the Enslaved Shrimp." Julius Precocious, the fat Brigand, is the principle character.

ILLINOIS.—The legislature met on the 9d.—Gen. Ewing was chosen Speaker of the House, having received 43 votes. Mr. Lincoln received 55. B. Bond Esq. was elected Secretary of the Senate. The opposition party prevailed in the Senate, the Administration party in the House.—Clev. Herald.

DREADFUL.—Every mail from New Orleans increases the list of destroyed by the explosion of the Gen. Brown. The latest accounts place the number lost at 108! Four persons were killed by the bursting of the boilers of the steamboat Motto in Galveston Bay, Nov. 24th. Several others were seriously wounded.—lb.

LATEST FROM MEXICO.—The N. O. Transcript of the 7th inst., states that the French steam ship Meteor, 60 hours from Vera Cruz, with despatches from the French Consul, reports that the Castle of St. Juan de Ulloa had been taken after a bombardment of 3 hours. Loss of the French was 3 killed and 300 wounded; the Mexicans between 3 and 400 killed.—lb.

RAYS OF LIGHT APPROACHING.—Commodore Elliot arrived here this morning, accompanied by several subordinate officers, with authority from the general government, to command the U. S. force at Carlisle, or any other means in his power to quell the insurrection.—This afternoon, a company of volunteers arrived from Chambersburg for the same purpose. We understand that volunteers from different parts are on the march, and others ready at a moment's warning.

Since the above was in type, we learn that Major Gen. Patterson has arrived from Philadelphia, with about seventy men, in the cars this evening—and that about 500 more of his brigade of volunteers are on their way, and will arrive here to-morrow morning.

ARRESTS FOR TREASON.—Charles F. Munch of this place, Charles Fry of the county of Philadelphia, and John Savage of the city of Philadelphia, have been arrested for treason, and entered into recognizance for their appearance at trial. Other arrests are going on. McCahen, the incendiary from the Post Office of Philadelphia, learning that writs were out, precipitately left here this morning.

A FATAL DUEL.—A duel, fatal in its consequences, was fought at New Orleans, on the 29th ult. between Marigny, son of the late Governor of Louisiana, and Greish, a lawyer of that city. The latter individual was killed. Both were undoubtedly right honorable gentlemen. The survivor has ascended much higher in the scale of gentility since the murder of his fellow, than if he had studied and practised Chesterfield for an age.—Baltimore Sun.

GEN SCOTT arrived yesterday morning from Detroit, and left this morning at 6 o'clock for Buffalo.

We understand he reports the excitement at Detroit as rapidly subsiding, and that no further patriot movements are now anticipated in that quarter.—Clev. Her.

BLACK LIST.

R gamblers and ringtailed roasters—  
"Black spirits and green,  
Blue spirits and gray."

rise up from the vasty deep—return from Canada, Texas, Illinois and Wisconsin, and listen while we overhaul the log-book of your characters, and then take our receipt and go hence without day. Verily your name is legion, and poor devils you are in earnest, to cheat a printer out of his paper.

Each honest foot should wear a cow-hide boot, To kick such sneaking rascals from the world.

A BRAINARD CROSBY, Constable of Waterville, evaporated between two days—gone to Winnebago county, Illinois. The poor goose owes us \$7.50

PHILIP OENSCHAIN, (spells his name fill-up) a literary constable from Maumee—tried up and blew away to Illinois. He did much credit to the place—especially when he left. Ows about 5.00

JAMES PORTER of Brainerd—popped off from a superabundance of fixed air. Ows 3.50

WILLIAM SPAFFORD, steam saw-mill man at Marengo—steamed off to Delaware county, and forgot to pay for his paper. Amount 3.50

WILLIAM C. CRAMPTON, painter of Perryburg—got cramped in his circumstances, and put through the black swamp—he is now at Lower Sandusky, if he has not run again. Total, 1.50

A. H. LANGDON, Providence—long legged fellow, and much given to drinking cheap liquor—gone to parts unknown. Providentially owed us only 1.50

ELI HENDERSON, Maumee, ran for Justice of the Peace, and then ran away—succeeded the last time, and disappeared in a blaze of glory, like a genuine loco loco. Dr. to tickets and paper say 1.75

URI SCRIBNER, (urinus spiritus of a goose) Damascus, a poor, miserable, sore-eyed sucker, that got into our subscription list, by virtue of the only decent suit of clothes he ever had on his back—ran away in about six months, owing us 1.75

This is but the beginning of a long roll, and we intend to amplify and enlarge as our custom increases in that line. It is not those alone who have run, that will get served up, but those that stand, but won't deliver—those that cry "never subscribed," "don't like your paper and won't pay for it" and the like, and those that promise and neglect to perform, and many other difficult cases. In short, gentlemen delinquents, pay, or look out!

MARRIED.

In this city, on the 18th inst. by the Rev. B. H. Hickox, Mr. NATHANIEL GILBERT, of this place, to Miss LUVINA ROBBINS, of Pittsfield, Miss.

Appropriately accompanying the foregoing notice, we received a bountiful loaf of rich cake, and a bottle of excellent wine, which having served around, as they do at weddings, to the denizens of our office, we (ourselves in the chair) proposed the following toast, which we are happy to say, was drunk with enthusiasm. "The newly married pair.—Rich in affection and in hope; may the sunshine of love, ever guide their footsteps through the world; may their cares be few, their responsibilities little, and may they have plenty of little responsibilities."
