He keeps constantly on hand for sale, **LUMBER WAGONS, ONE HORSE WAGONS, CUTTERS, SLEIGHS, &c.**

Farmers, Look Here!

He manufactures Bull & Post's **CULTIVATOR,** a new article patented April 6th, 1852, to which he would call the attention of agriculturists. As a labor saving machine, it is capable of doing double the amount of work of any ordinary Cultivator.—This implement has two long shares, one on each side, constructed of steel, and fastened on the mould boards in such a manner as to move the entire surface of the ground, thereby cutting all roots and weeds that come in contact with the shares which may be graduated by the clevis to run from two to six inches in depth.

The three small plows attached to the shares answer the same purpose of the common tooth cultivator, and in addition to the shares and plows, is a metallic blade rake attached to the rear of the Cultivator, which serves to cut and break up the sod and hard lumps, leaving the earth in a fine and pulverized condition. The effectiveness of this cultivator renders second hoeing unnecessary, which is a saving of time and labor.

Mr. Perrin also manufactures a larger sized machine, constructed upon the same principle as the above, but with larger shares, and containing two small plows in addition to the corn cultivator, which is designed to put in grain, and working upon summer fallows. They are light, and of durable construction, readily handled and of easy draught.

This CULTIVATOR obtained the first premium at the Ohio State Fair, held at Cleveland in Sept., 1852. Shop on Front-st., Perrysburg, Ohio.—11ft

The British Quarrelles, and Blackwood's Magazine.

LEONARD SCOTT & CO., New York, continue to re-publish the following British periodicals, viz:

THE LONDON QUARTERLY REVIEW (Conservative.)
THE EDINBURGH REVIEW (Whig.)
THE NORTH BRITISH REVIEW (Free Church.)
THE WESTMINSTER REVIEW (Liberal.)
BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

The present critical state of European affairs will render these publications unusually interesting during the year 1854. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the daily journal, and the ponderous tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

Arrangements are in progress for the receipt of early sheets from the British publishers, by which we shall be able to place all our reprints in the hands of subscribers about as soon as they can be furnished with the foreign copies. Although this will involve a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:—
Per ann.
For any one of the four Reviews \$3.00
For any two of the four Reviews 5.00
For any three of the four Reviews 7.00
For all four of the Reviews 8.00
For Blackwood's Magazine 3.00
For Blackwood and three Reviews 9.00
For Blackwood and the four Reviews 10.00

Payments to be made in all cases in advance. Money current in the state where issued will be received at par.

CLIPPING.—A discount of 25 per cent. from the above prices will be allowed to clubs ordering four or more copies of any one or more of the above works. Thus: Four copies of Blackwood, or of one Review, will be sent to one address for \$9; four copies of the four Reviews and Blackwood for \$30; and so on.

POSTAGE.—In all the principal cities and towns, these works will be delivered, through agents, FREE OF POSTAGE. When sent by mail, the postage to any part of the United States will be but 24 cents a year for Blackwood, and but 12 cents a year for each of the Reviews.

Remittances and communications should always be addressed, post-paid, to the publishers,
