

Population of Jackson County.

The following is the population of the townships now comprising Jackson county. The population of Jackson county in 1840, including the townships of Richland, Harrison, and portions of Clinton and Washington, not attached to Clinton county, was 9744. We think there is no old boundary, not less than 15,000, which would give us a gain, since 1840, of over 60 per cent:

MESSAGE BY AN INDIAN CHIEF.—In the Cherokee Advocate of Oct. 12th, we find the message of John Ross, principal Chief of the Cherokee Nation, to the Legislature of his tribe. In brevity Mr. Ross's message might probably serve as a model for Governors of the pale faces, or even for their great father at Washington. He laments the death of President Taylor, adding due moral reflections thereon, expressing peculiar regret at the death of Dr. W. Butler, late U. S. agent among the Cherokee, returns thanks to Divine Providence for the goodness of the crops, rejoices that peace and good order generally prevail in the nation, while he laments at the growth of a class of intemperate and evil characters, and proposes building a jail to correct them—suggests that the expenses of the Government ought to be diminished, and thinks it indispensable that a census of the people be taken, in order that the appropriation lately made by U. S. Government, may be justly distributed,—and all in but little more space than is occupied by this paragraph. Truly John Ross is a man of business and wastes no words.

The Navy Board.

We learn that the business submitted to the consideration of the Board of Naval Officers, which has been in session during the past week, has been rapidly despatched; and the question of assimilated rank so far disposed of that the views of the Board will be presented to the army Board to-morrow. The next point to be considered is, what punishment shall be substituted for the lash, which was ordered to be abolished by congress at its last session.—As was predicted by the old and experienced officers of the service, much difficulty has already arisen on board of the ships at the several naval stations, and the most fearful consequences are anticipated.—Drunkenness has seriously increased; the lives of the officers jeopardized; and the advice of the department and the President has been invoked to arrest the evil. They of course can do nothing in the premises. The law of Congress is imperative respecting flogging in the Navy; and the only remaining part of the old law on the subject, which is left unrepelled is that providing for such other punishment as the sentence of a court-martial may direct, &c. From the number of the other questions yet to be submitted to the Board, its session will probably be extended to the first of December.—*Washington Republic.*

A BANKRUPT REPUBLIC.—The Mexican Congress has been in secret session discussing the financial ruin of the republic. The Minister of the Finance has in formal document announced to that body that the government finds itself actually without facilities of any kind to provide the least resources for its existence. The same document says:

"Of the \$500,000 the Congress lately conceded to the Government, together with other expenses, \$50,000 was paid to the persons who made loans to the Treasury without premium; with the rest of the government has been compelled to face the necessities of four months.

The sums thus borrowed were obtained from private individuals in loans of five or six thousand dollars, as a mere matter of favor. The document concludes thus:

"The President orders me to notify the Chamber that with the payments made today the Treasury is exhausted."

In this startling crisis the Minister of Finance proposes to obtain a revenue of ten or twelve millions of dollars (the present revenue being only six and a half millions annually) by a number of measures, which are alluded to by a Mexican correspondent of the New York Tribune.

THROUGH IN FIFTEEN HOURS.—We clip the following paragraph from the New York Tribune:

Gen. Robinson of Pittsburgh, President of the Ohio and Pennsylvania Railroad Company has just closed a contract in Boston for a number of first class Express locomotives, with all the latest improvements and adapted to the highest rate of speed. They are to be delivered in the spring, and will be capable of carrying passenger trains through fifteen hours from Cincinnati to Pittsburgh, by way of Columbus, which connection will be completed next year. The time from Pittsburgh to Massillon will be four hours.

FROM THE WEST INDIES.—At Kingston, Jamaica, during 24 hours ending the 28th ult., there were 53 new cases of cholera and 30 deaths; at Port Royal 21 new cases and 11 deaths. For the 24 hours ending on the 29th there were at Kingston 25 new cases and 35 deaths; at Port Royal 18 new cases and 3 deaths.—The total deaths at Kingston, since the disease appeared, are 331; at Port Royal 181.

DROWNED.—The body of a man by the name of Thompson was found in the Scioto river, opposite Jasper, in Pike county, on Sabbath morning last. The facts elicited by the Coroner's Jury were that he had been sick some two weeks previous to his death; and it is supposed that in the delirium of fever he went to the river for a drink of water, and by some accident was precipitated into the river, as his hat was found upon the bank in a situation showing that this was the object of his visit there. He was about 30 years old.—The verdict of the Coroner's Jury was 'Found drowned.'—*Pikean Journal.*

Review of the Portsmouth Market for the week ending Nov. 18, 1850.

GENERAL REMARKS.—We have had rather a quiet week with reference to the trade for the past weeks. The arrivals of freight by canal and river have been fair, and as the hog killing will soon commence we may look for still more activity in this branch of business.

We notice many flat boats or broad horns passing down to find markets below.

Money matters are tolerably easy, and both Bank and Brokers are discounting prompt business paper as offered.

River is on a stand for last three days; and the regular Pittsburgh and other Packet boats are running with their usual punctuality.

We append the following transactions of our market:

FLOUR AND GRAIN.—There has been a moderate business done in flour and owing to low quotations from below a decline has been submitted to. \$3.50 has been the average quotations for the past week, and at which, our review leaves it. In wheat there has been a falling off in arrivals, but the same prices are still paid as before 65 to 70 cents. But few oats are coming in, they would bring 30 cents from wagons.

COFFEES.—We quote prime coffees at 12 1/2 to 13c., and notice that holders are firm at quotations.

TOBACCO.—Sales of Sutherland Tobacco to the trade at 30 a 35c. The lowest grades of Tobacco heretofore sold in this market are now worth 20 a 25c. at the manufactories.

SOAP & CANDLES.—We quote Mould Candles at 9c by box, and Soap at 4 a 4c.

CHEESE.—With limited supply is held at 6c.

WHISKEY.—No decline in Whiskey yet noticed. 21 a 22c are the lowest average sales.

NEW FRUITS.—Are now arriving, and at prices more favorable to consumers than last season.

BUCKWHEAT FLOUR.—Is selling at \$2.50 per 100 lbs. to the trade.

PROBROS.—Sales at the landing at \$25.00 usual time.

WOOD & COAL.—Full supplies of Coal may be found at the wharf. 7c at the wharf, at the regular rate.

SUGAR & MOLASSES.—The stock of old Sugar and Molasses was so nearly closed out at date of our last review, as to have made the transactions of limited interest. Some new parcels of both are now on the way, and will have arrived during the coming week.

PARKER LIBERATED.—We learn by telegraph that Wm. Parker, sentenced to one year's imprisonment in the Penitentiary for killing Benoni Baker, at the last term of Pike Common Pleas, is at liberty, and was last night on his way home to his family. We suppose he has been reprieved by the Governor, as numerous signed petitions have recently been sent to him praying for it.—*Pikean Journal.*

ADVANCE IN PORK.—New York, Nov. 14, P. M.—There was considerable movement in Pork to-day, and 1,900 bbls sold, chiefly Mess, at \$11.50 a 11.75; Prime, \$8.37. 400 bbls Lard sold at 7 1/2 a 7 3/4.—Other articles unchanged.

MARRIED.

At Economy, Ohio, on the 12th inst., by Rev. W. H. BECKER, Mr. N. H. PARKER, of Portsmouth, and Miss ELIZABETH D. BOOKWALTER, of the former place.

Look here, my Friend!

Stop, and let us Reason Together.

Are you a Father, laboring for the support of a family, and suffering from general debility and low spirits, so that life almost seems a burden, use Dr. S. D. HOWE'S SHAKER'S SARSAPARILLA.

ARE YOU A MOTHER, suffering from disease to which females are generally subject, use Dr. S. D. HOWE'S SHAKER'S SARSAPARILLA—it will certainly cure you.

Male or female, old or young, ALL and EVERY FAMILY should have this EXCELLENT FAMILY MEDICINE by them. Call at our depot, or on one of our Agents, and get a pamphlet, gratis, who you will find.

Facts! Facts! Facts!!!

That can be substantiated by thousands of living witnesses in this city and country, viz: That the

Shaker Sarsaparilla,

As prepared by Dr. S. D. HOWE, has been the means of permanently curing more diseases to which the human family are continually subject, than any other preparation of Sarsaparilla ever yet brought before the public.

The purity and efficacy of the Shaker preparation is well known and requires no long list of certificates and cures to introduce it; its increased demand for the past twelve years, is its best recommendation.

This medicine has established its high reputation throughout New York and New Hampshire, and the eastern States generally, by its numerous and well attested cures; and also by the recommendation and approval of the first physicians, who now use it in their private practice.

It is the only Sarsaparilla that acts on the Liver, Kidneys and blood at the same time, which renders it altogether more valuable to every one, particularly Females.

Dr. Mussey, Professor in the Ohio Medical College, says the Shaker preparations are truly valuable, and recommends them to the public.

No MERCURY—NO MINERAL—NO POISONOUS DRUGS IN THE SHAKER'S SARSAPARILLA.

REMEMBER,

It is warranted to be purely and ENTIRELY VEGETABLE.

And as a Female and Family medicine it has no equal.

Be sure that you inquire for Dr. S. D. HOWE'S SHAKER'S SARSAPARILLA, and take no other.

Price \$1 per bottle or 6 bottles for \$5.

Notice

I S hereby given to all whom it may concern that on or about the 5th day of September, 1850, a bright bay horse colt, supposed to be four years old last spring, about fifteen hands high, black mane and tail and black legs, was left at my tavern house in Clay Township Scioto county, by a person whose name is to me unknown, with a request to keep said colt until the owner should come and pay charges and take said colt away, or until said person could return from the farance region, which he said would be in a few days, and that since said time, neither the person who left said colt nor any one else has appeared to claim said colt, pay charges and take him away. Notice is therefore given that if the owner of said colt does not appear on or before the 14th day of December next, and pay the charges on said colt, I will sell him at public outcry at my premises on that day to the highest bidder to pay the expenses which have accrued for keeping and feeding him.

NEW BOOT AND SHOE MANUFACTORY.

THE undersigned having associated themselves together under the name and style of

R. BELL & CO.,

for the purpose of prosecuting the Boot and Shoe manufacturing business in all its various branches, would respectfully inform the citizens of Portsmouth, and the public generally, that they have commenced operating in the brick block two doors south of Messrs. Davis, Smith & Co., on Market street, at which place they intend keeping on hand every variety of Boots, Shoes, Slippers and Gaiters of their own manufacture at

Wholesale and Retail.

TO FURNACE MEN and DEALERS; we can furnish Boots and Shoes at such prices as will make it their interest to purchase at us, and can furnish them just such sizes, kinds and quantities as may be best adapted to their wants, and of such we solicit an examination of our Stock. We believe with many others, that no good article is to be had elsewhere, and we are therefore, in the west, and with a view of testing its practicability, we have embarked in this enterprise, hoping to succeed, not only in benefiting ourselves, but to contribute in a proportionate degree to the benefit of others.

We will supply customers with our own work at retail at the lowest possible prices, made to order, of whatever material they may desire, and will give particular and prompt attention to orders at home and from abroad.

We are also receiving a full assortment of

Eastern Work,

comprising the different varieties of style usually kept in this market, to which we invite the particular attention of purchasers, as all our stock has been purchased direct from Manufacturers for CASH, and will be sold at very low rates.

To Manufacturers we offer the choicest Kip, Calf, Kid, Morocco, Lining and Binding Skins, together with Sole and Upper Leather and a general assortment of Shoemakers Kit and Findings. Suffice it to say that we expect to keep constantly on hand a full supply of

BOOTS, SHOES AND LEATHER

of all descriptions, which will be offered to dealers and consumers at such rates as cannot fail to meet the views of the lowest buyers, and we will spare no pains to please all who favor us with a call.

We pledge ourselves to FAIR TRADE and SMALL PROFITS, and all we ask is a fair trial, and such a share of patronage as the quality of goods, low prices and a disposition to accommodate may entitle us.

Let the Afflicted Read!

The principles of disease, like that of the principle of life, is alike incomprehensible to mankind. We only are able to point out what will weaken the one or give strength to the other. The value of the Brandreth Pills depends upon their wonderful power in strengthening the principle of life, and weakening the principle of disease, and finally expelling it from the body. Let us consider the subject carefully: would disease affect us if our blood were pure? Then, in proportion that Brandreth's Pills purify the blood, they tend to restore health. The very action upon the system which Brandreth Pills possess, convinces all who use them that they remove only the impure humors. For if they took away the healthy fluids from the body, it would be weakened. But the contrary is the case. The body becomes stronger every day, from the use of the Brandreth Pills, as is known by the experience of tens of thousands of our citizens.

Where is the man of sense, whose mind is unprejudiced, who, from the infectious smell after death, would not say, would this body have been bereft of life, had putrefaction been prevented?—are men born but to be sick, shall the lower animals live their full extent, and man only prematurely perish? Let us follow nature, and cleanse the blood from impurities, and we shall live to the full extent of the oil in our lamp of life.

But continued purging will wear out the body—some otherwise sensible people affirm, that it is like wearing out the kettle by dint of rubbing. Does, then, rust preserve metallic substances? It would be admitting that impurities in the blood preserve it in a healthy condition. We know better. We know that the result of an impure state of the blood is to occasion salt rheum, erysipelas, weakness, general debility, pains in the breast, back and side; also, fits, palsy, dyspepsia; in fact; wherever the impurity finds a weak portion of body, there it produces pain and disease.

I have known many persons purged twenty and thirty days in succession, and the result is always successful; in every instance, the most remarkable improvement took place. I remember one person, who I know had worms, from his peculiar symptoms; he persevered for forty days; every day for the forty days, no appearance of worms was seen, but after that time he voided great numbers, some of extraordinary size. What effect would have resulted from his long course of cathartics?—what would have become of him, if he had not been purged to a radical cure? It would be impossible to show the benefit to be derived from a proper perseverance with the Brandreth Pills in these limits. They must be used to be sufficiently appreciated.

Millinery Establishment.

MISS E. J. RICHEY,

Milliner and Mantua Maker,

Front, a few doors below Court Street Portsmouth, Ohio.

HAS just received the most splendid stock of Millinery ever brought to this city, which she offers to sell at greatly reduced rates.

Her stock consists, in part, of Bonnets, Laces, Ribbons, Flowers, Plumes, Belts, Buttons, Silks, Satins, Cuffs, Collars, caps, toys and ornaments. Her assortment of Broad Laces, and bridal trimmings are particularly fine, and are of the latest styles and newest patterns. For variety, quality and cheapness, her stock has never been equalled in this place, and she has no fears of being unable to please the taste of any who may wish to purchase.

Miss R. thinks her friends for the liberal patronage heretofore bestowed upon her, and takes this occasion to say that she continues to manufacture dresses, bonnets and mantillas; also to alter, bleach and trim Bonnets, and will exert herself to not only merit the continued patronage of old customers, but hopes to have the pleasure of waiting upon any number of new ones.

Ladies are invited to call and examine her large assortment.

The terms upon which this Company insures are peculiarly favorable to the insured,—much more so, it is believed, than the terms of any other Life Insurance Company, to wit: The great security afforded by the fact of a Fund of \$100,000, \$30,000 of which has been paid in cash, and \$50,000 secured in the estate, by Bond and Mortgage of Real Estate. Rates of Premiums greatly reduced from the rates of other Companies, and more equitably graduated for the benefit of married women secured from the creditors of their husbands. The insured not liable to assessments for losses.

No extreme dividends taken by this Company. An annual dividend to all policy holders, payable in cash; also, additions made to Life Policies every five years.
