

Later from California—Arrival of the Crescent City. New York, Nov. 21—7 P. M. The steamship Crescent City has arrived from Chagres. She brings 350 passengers and about \$150,000 in gold dust. The cholera was committing terrible ravages at Jamaica. One thousand had died in three weeks at Kingston, and 600 in the interior.

SECOND DISPATCH. The Crescent City has half a million of dollars in the hands of passengers, and \$1,000,000 on freight. The news of the admission of California was received with general satisfaction in San Francisco.

The news from the mines is of a mixed description. Wherever the streams have been dammed, a plentiful yield has been the result, but several of the dams have recently given way in consequence of a rise in the river, and the labor of months has thus been rendered fruitless.

Gold-bearing quartz begins to be discovered, and this, in the end, will form the great resource of the miners when the surface gold fails.

The news from the overland emigrants is most distressing. It was estimated that over 2,000 persons were behind in the desert, a large portion of whom were destitute of provisions. The cholera had broken out among the emigrants, and was carrying them off with fearful rapidity.

The expediency of making a requisition on the Collector of this port for an advance of \$100,000 has been suggested, and it is probable the citizens will resort to this means of alleviating the terrible distress of which the accounts reach us from day to day. The resources of private benevolence are exhausted, and it is but right the Government should afford assistance.

People are leaving San Francisco as fast as they could get away, on their return to the United States. One or two cases of cholera had occurred at San Francisco prior to the 16th of October.

Cincinnati Market. CINCINNATI, Nov. 22. Flour and Grain.—100 bushels sold from river at \$3.50; 140 do at same. There are no buyers this morning at over 3.50. Nothing new in Grain.

Hogs.—Market remains unsettled. Some holders offer to sell at \$4, while others ask more; and there are a few buyers at that figure, while others are holding off; and those who are operating at \$4, take special pains to keep their transactions private, and consequently it is difficult to get the particulars of sales.

Provisions.—The only sale heard of to-day was the lot of 800 hogs at 64c. Whiskey.—The demand is rather better to-day. Sales of 75 bbls from canal, 150 do from railroad, and 40 do from do at 23c; and 100 do from wagons at 23 1/2, and 20 do from canal at 23c.

NEW BIRTH MANUFACTORY. WHOLESALE AND RETAIL. ONE DOOR WEST OF THE FRANKLIN HOTEL. PORTSMOUTH, OHIO.

S. R. ROSS, WHOLESALE GROCER. COMMISSION. On the 24th inst., by R. B. Alford, Esq., Mr. AMURSE ABBOTS and Mrs. ANN CONEY, both of this city.

With this announcement we received a fine cake as a compliment to the printer and an evidence that the happy couple had not forgotten one of the essential ingredients in their cup of future felicity.—They have the best wishes of all the inmates of the office that theirs may be a long life of enjoyment here, and the prospect of a still happier one here a ter.

DIED. At Albany, Athens county, Ohio, on the 16th inst., Mrs. ANGELINE LINDLEY, wife of Dr. John N. Lindley, and niece of Mr. James Lodwick, of this place.

Look here, my friend! stop, and let us reason together. Are you a Father, laboring for the support of a family, and suffering from general debility and low spirits, so that life almost seems a burden, use Dr. S. D. HOWE'S SHAKER Sarsaparilla.

ARE YOU A MOTHER, suffering from disease to which females are generally subject, use Dr. S. D. HOWE'S SHAKER Sarsaparilla—it will certainly cure you. Male or female, old or young, ALL AND EVERY FAMILY should have this EXCELLENT FAMILY MEDICINE by them. Call at our depot, or on one of our Agents, and get a pamphlet, gratis, which you will find.

Facts! Facts! Facts!!! That can be substantiated by thousands of living witnesses in this city and country, viz: that the Shaker Sarsaparilla, As prepared by Dr. S. D. HOWE, has been the means of permanently curing most diseases to which the human family are continually subject, than any other preparation of Sarsaparilla ever yet brought before the public.

The purity and efficacy of the Shaker preparation is well known and requires no long list of certificates and cures to introduce it; its increased demand for the past twelve years, is its best recommendation.

This medicine has established its high reputation throughout New York and New Hampshire, and the eastern states generally, by its numerous and well attested cures; and also by the recommendation and approval of the first physicians, who now use it in their private practice.

It is the only Sarsaparilla that acts on the Liver, Kidneys and blood at the same time, which renders it altogether more valuable to every one, particularly Females. Dr. Mussey, Professor in the Ohio Medical College, says the Shaker preparations are truly valuable, and recommends them to the public. No MERCURY—No MINERAL—No POISONOUS DRUGS in the Shaker Sarsaparilla.

REMEMBER. It is warranted to be purely and ENTIRELY VEGETABLE, And as a Female and Family medicine it has no equal. Be sure that you inquire for Dr. S. D. HOWE'S SHAKER Sarsaparilla, and take no other. Price \$1 per bottle or 6 bottles for \$5. For sale by DR. S. D. HOWE & CO., Proprietors.

No. 1 College Hall, Cincinnati, Ohio. To whom all orders must be addressed, and by J. L. McVeigh & Co., Portsmouth, S. R. Ross, Publisher; Bennett & Davis, Waverly, Portsmouth, Oct. 14, '50—591.

Review of the Portsmouth Market for the week ending, Nov. 25, 1850. GENERAL REMARKS.—The transactions of the past week in the aggregate amount to a handsome sum, and indicate what we have all along contended for, that our trade in Portsmouth is steadily increasing, and that the present fall and winter trade will be a heavy one. We have it on good authority that there is to be an accession of two or three new business firms, to those already here, and in our special department, as Commercial Importers we wish them "Good speed" and "Good Luck."

THE WEATHER has not been as favorable for our outdoor operations the week preceding. THE RIVER has a downward tendency, though on a stand for the last 24 hours. FLOURS.—We notice but little change in prices current last week. The attention of our readers is respectfully called to the following review of our market:

WHEAT.—The market opened last Monday languidly at \$3.50 with demand only for furnaces and home supplies. About the middle of the week owing to a large shipping demand at Cincinnati the sales were made at slightly improved figure, and with a corresponding advance here.—At the close of Saturday's operation the sales were at \$3.60. In which we have no change to notice. Some prime parcels arrived during the week and holders realized 70c; therefore, Flour is low in Buffalo. A letter to one of our leading houses, received on Friday, states that the writer was buying Michigan and Ohio flour straight brands at \$3.50 and \$3.57 there. Sales of oats from wagon on Saturday, at 25c. Holders of new corn are offering at 28c cents from their cribs.

COFFEE.—The transactions in Coffee have been confined to immediate wants for retailing. With a general impression that it must decline, it is bought sparingly. We continue the quotations at 12 and 12 1/2 cents.

SUGAR AND MOLASSES.—Sales of New Molasses at 37c. Large supplies are on the way and a decline is certain. In Sugar the old stock is almost wholly closed out, and sales of new have been made at 63 by the lb. We hear of a choice lot of Golden Syrup offered at 44 cents.

TOBACCO.—This article is still buoyant, and the advance is almost unprecedented in the wide range of Commercial prices. Kentucky G twist is almost wholly out of market even at present asking rates, owing to scarcity of low grades. Leaf tobacco and tobacco growers must certainly retrench the use, to modify the deficiency.—The supplies at New Orleans alone are short this season over 100,000 lbs.—We see good Cavendish still selling at range in prices from 25c to 45c per lb. Cigars, especially lower grades have materially advanced.

TEAS.—The trade in Teas especially Green Teas, has been steadily increasing, and a large portion of them are purchased directly from first hands in the eastern cities. We quote 50 to 60c as the average for Y. H. Imperial and G. P.

FEATHERS.—A slight advance is noted. Sales from shore at 32 cents.

DRIED FRUIT.—Dried peaches bring \$1 per bushel on arrival.

SEALED PROPOSALS will be received at the Railroad Office in Portsmouth, Ohio, until the first day of January, A. D. 1851, for the Grading, Masonry and Bridging of 25 miles of the above named road—30 miles extending from Portsmouth to the 20th mile post, two miles East of Bloomfield, Scioto county, and five miles extending from Jackson, Jackson county, southerly to station number 2046.

The character of the work is such as is usually found in the State, consisting of about 30 sections of Grading, varying from five to eighty thousand cubic yards.

Plans and specifications will be ready for examination after the 15th day of December next, and the line ready for inspection after about the 20th of December.

Contractors proposing for the Bridging may bid according to plans furnished by the Engineer, or according to plans furnished by themselves.

Also, for 60,000 White or Burr Oak, Black Walnut or Yellow Locust Cross-Ties, 6 inches thick, 10 inches wide, and 8 feet long, to be delivered proportionally along the line, before October 1, A. D. 1851.

Blank Proposals will be furnished to Contractors, and all necessary information given, at the Office of the company, concerning the quantity and quality of the work, by the chief Engineer, or by the resident Engineers on the line, after the 15th day of December next.

By order of the Board of Directors, J. W. WEBB, Chief Engr. Scioto & Hocking Valley Railroad Office, Portsmouth, Nov. 19, 1850.

NEW BOOT AND SHOE MANUFACTORY. THE undersigned having associated themselves and joined under the name and style of R. BELL & CO., for the purpose of presenting the Boot and Shoe manufacturing business in all its various branches, would respectfully inform the citizens of Portsmouth, and the public generally, that they have commenced operating in the brick block two doors south of Messrs. Davis, Smith & Co., on Market street, at which place they intend keeping on hand every variety of Boots, Shoes, Slippers and Garters of their own manufacture at

Wholesale and Retail. TO FURNACE MEN and DEALERS; we can furnish Boots and Shoes at such prices as will make it their interest to purchase at home, and can furnish them just such sizes, kinds and quantities as may be best adapted to their wants, and of such we solicit an examination of our Stock. We believe with many others, that no good cause exists to prevent successful manufacturing in the west, and with a view of testing its practicability, we have embarked in this enterprise, hoping to succeed, not only in benefiting ourselves, but to contribute in a proportionate degree to the benefit of others.

We will supply customers with our own work at retail at the lowest possible prices, made to order, of whatever material they may desire, and will give particular and prompt attention to orders at home and from abroad. We are also receiving a full assortment of Eastern Work, comprising the different varieties of style usually kept in this market, to which we invite the particular attention of purchasers, as all our stock has been purchased direct from Manufacturers for CASH, and will be sold at very low rates.

To Manufacturers we offer the choicest Kip, Calf, Kid, Morocco, Lining and Binding Skins, together with Sole and Upper Leather and a general assortment of Shoemakers Kit and Findings. Suffice it to say that we expect to keep constantly on hand a full supply of

BOOTS, SHOES AND LEATHER of all descriptions, which will be offered to dealers and consumers at such rates as cannot fail to meet the views of the lowest buyers, and we will spare no pains to please all who favor us with a call. We pledge ourselves to FAIR TRADE and SMALL PROFITS, and all we ask is a fair trial, and such a share of patronage as the quality of goods, low prices and a disposition to accommodate may entitle us.

The terms upon which this Company insure Life are peculiarly favorable to the insured—much more so, it is believed, than the terms of any other Life Insurance Company, to wit: The great security afforded in a Guaranty Fund of \$100,000, \$20,000 of which has been paid in cash, and \$80,000 secured in the safest manner, by Bond and Mortgage of Real Estate. Rates of Premium greatly reduced from the rates of other Companies, and more equally graduated.

Insurance for the benefit of married women secure from the creditors of their husbands. The insured not liable to assessments so long as the policy remains in force. No extreme hazards taken by this Company. An annual dividend to all policy holders, payable in cash; also, additions made to Life Policies every five years.

Notes taken in part for premiums. Policies issued upon application without delay, causing no loss of insurance to the parties. Lives of either sex insured between the ages of fourteen and sixty, inclusive, for one year, five years, or for life.

The Pamphlets and Tracts published by the Company will be found to contain much valuable information respecting the nature, principles, application, and the benefits of Life Insurance. Also, an examination of the plans of the other Mutual Companies of this country, and a full explanation of the plan proposed by this Company, together with various tables, one showing the rates of premium for the term of life, of several Companies, compared with the rates of this Company, and another giving the rates of this Company, for all ages and terms at which insurance is made.

Pamphlets and Tracts furnished gratis, and applications received and forwarded by T. R. PATTERSON, Agent. B. F. CONWAY & Co.'s office, Front St. J. M. SHACKLEFORD, M. D., Medical Examiner. Portsmouth, July 24, 1850—1md-trwo

Let the Afflicted Read! The principle of disease, like that of the principle of life, is alike incomprehensible to mankind. We only are able to point out what will weaken the one or give strength to the other. The value of the Brandreth Pills depends upon their wonderful power in strengthening the principle of life, and weakening the principle of disease, and finally expelling it from the body. Let us consider the subject carefully: would disease affect us if our blood were pure? Then, in proportion that Brandreth's Pills purify the blood, they tend to restore health. The very action upon the system which Brandreth's Pills possess, consists in making them that they remove only the impure humor. For if they took away the healthy fluids from the body, it would be weakened. But the contrary is the case. The body becomes stronger every day, from the use of the Brandreth Pills, as is known by the experience of tens of thousands of our citizens.

Where is the man of sense, whose mind is unprejudiced, who, from the fact that he would not die, would this body have been bereft of life, had putrefaction been prevented?—are men born but to be sick, still the lower animals live their full extent, and man only prematurely perishes? Let us follow nature—let us cleanse the blood from impurities, and we shall live to the full extent of the oil in our lamp of life.

But continued purging will wear out the body—some otherwise sensible persons affirm that it is like wearing out the kettle by dint of rubbing. Does, then, rust preserve metallic substances? It would be admitting that impurities in the blood preserve it in a health condition. We know better. We know that the result of an impure state of the blood is to occasion salt rheum, erysipelas, weakness, general debility, pains in the breast, back and sides; also, fits, palsy, dyspepsia; in fact, wherever the impurity finds a weak portion of body, there it produces pain and disease.

I have known many persons purged twenty and thirty days in succession, and the result is almost successful; in every instance, the most remarkable improvement took place. I remember one person, who I know had worms, from his peculiar symptoms; he persevered for forty days; every day for the forty days, no appearance of worms was seen, but after that time he voided great numbers, some of extraordinary size. What effect would have resulted from three or four doses of cathartics?—what would have become of him, if he had not been purged to a radical cure? It would be impossible to show the benefit to be derived from a proper perseverance with the Brandreth Pills in such cases. They must be used to be sufficiently appreciated.

A. Hechinger & Co., HAVING recently commenced the manufacture of Cooking, Parlor and Office Stoves, Hollow Ware, and Tin ware, are now prepared to offer to the public a

Larger Assortment than can be found in the city of Portsmouth, or in Scioto or the adjoining counties. Amongst their favorite patterns will be found

The Reliance Cooking Stove! one of the very best stoves of the premium form yet introduced, which, for strength, durability and utility, commends itself to farmers and tavern keepers.

THE BANG-UP AIR-TIGHT, a combination of every essential requisite claimed for the best of cooking stoves ever in use before—strong, compact, durable in form—has a large oven which renders it a most perfect baker, and is economical as regards fuel. Its reversible interior flues are most peculiar in formation, insuring a strong draft, a desideratum not hitherto attained.

Parlor and Office Stoves. They have different sizes of new and elegant patterns; also, the Franklin Coal Stove, for burning coal, with numerous other patterns of heating stoves—resent a variety and choice for selection—and will be sold at Wholesale and Retail, at the lowest Cincinnati market price. They are also prepared to cast
