OHIO STATE TICKET.

- FOR GOVERNOR, JACOB DOLSON, COO. of Trembly County. FOR LIEUT. GOVERNOR, ANDREW G. McBURNEY, OF Warren County. FOR TREASURER OF STATE, SIDNEY R. WALKER, OF Lucas County. FOR MEMBER IN SENATE, JACOB DRINKERHOFF, OF Richmond County. (Long Term) JOHN WELCH, Of Athens County. (To fill vacancy) WILLIAM H. WEST, Of Logan County. FOR SENATE, JOHN A. MOHRER, Of Belmont County. FOR HOUSE OF REPRESENTS, JAMES MOORE, Of Coleridge County. FOR CLERK OF THE SUPREME COURT, RODNEY FOOB, Of Clinton County. FOR CHIEF JUDGE, D. B. T. COWEN, Of Belmont.

WHY YOU SHOULD NOT ELECT THEM.

You should not elect Wm. Kennon, Jr., Judge of this District, because, at the commencement of the Rebellion he said of the Rebel States, "Let them depart in peace." Because he has been a persistent denouncer of the war, and every measure of the Government for the suppression of the Rebellion.

Because in a speech in the Court House at St. Clairsville, in the case of Judge Thompson vs. Gov. Pierpont, he said, "You say my client sympathizes with the South. Well, what of it? I want to know what right-minded man in this County don't sympathize with the South." Because a few days ago, when introduced to a returned soldier, he said to him, "I see you wear Old Abe Lincoln's clothes. I consider it a disgrace to any man to wear them."

And because in his speech at Barnesville he said, "For every Southern man hung there ought to be six Northern men hung." You should not elect John W. Miligan State Senator, and Voinnes and Patton Representatives, because they are John C. Calhoun State-Rights Democrats, who believe in the doctrine of Nullification and Secession, and are in favor of repudiating the contract of the Congress of the United States with the Bond-holders, and passing a law in Ohio repudiating that contract and taxing Government Stocks in violation of the decisions of the Supreme Court.

You should not elect I. H. Patterson Treasurer of Belmont County because he regards it as right to take the gold out of the County Treasury and sell it, and pocket the premium, and thus defraud the tax payers. Because, when Treasurer before, he undertook to bribe the Quaker voters by releasing them from the voluntary payment of the war tax if they would not vote.

Because, when defeated the last time he was a candidate, by over five hundred soldiers' votes, he contested the election and tried to have the soldiers' votes thrown out.

And because he made his house the headquarters of rebel soldiers when they came to St. Clairsville, and made tea parties for them, while he persistently refused to contribute money or other means for Union soldiers or their families.

You should not elect J. F. Charlesworth Clerk of the Courts, because, on the evidence of the editor of the St. Clairsville Gazette, published in these columns a few weeks ago, he is not worthy to be trusted in any position of honor, profit or trust.

Because he is an unscrupulous political trickster, who would sacrifice the public interest, every moral consideration and every claim of friendship or honor, to secure his own advancement.

Because he has already more office than his capacity or merits entitle him to. Because he threw out 147 soldiers' votes at the last election, in violation of law, to increase the Copperhead majority in this County.

And because, before he went into the service, after the rebels had fired into Fort Sumter, he said, in the presence of I. Danford and Charles H. Arick, "The war has commenced—in three weeks the Southerners will be in pos-

session of Washington City. I am on their side, and against any G-d-d-n Yankee nation. I owe no allegiance to the United States; I owe my allegiance to Ohio." And since his return from the army, after he, as Commander of the Sons of Liberty in this County, had organized councils or lodges all over the County, he said on the Court House pavement, in the presence of witnesses, "The conscription law is an unjust, unconstitutional law, and ought to be resisted."

You should not elect Jesse Barton Commissioner, because the Gazette says he agreed to give to Isaac H. Patterson, the "Democratic" Treasurer, the gold in the Treasury at the time of settlement, when it was worth 73 per cent premium. And because he is running on the "no-coercion" State Rights, Copperhead, Vallandigham platform. You should not elect the balance of the same ticket for the last above mentioned reason.

THE OHIO "DEMOCRACY."

Those who manage the internal affairs of the so-called "Democratic" Party, outside of the State of Ohio, seem to have learned by the "logic of events" that there is no hope of their success except by separating themselves from the entangling alliances of the past five years, and conforming to the altered condition of affairs. The Ohio "Democracy," however, have not yet learned, judging from their platform and the men they allow to control their organization, that the rebellion is over, slavery dead, the rebels whipped and every where submitting to the new order of things, and that the doctrines of "State Rights," Nullification, Secession, Repudiation and Slavery extension have all been settled by the same power that settled the rebellion itself. In Maine, New York and other States the pro-rebel leaders of the party—the Woods and the Saxtons—have been switched off, and the party placed upon a loyal basis, with Republicans and thorough Union men, who have not acted with that party since the war began, as their candidates. But in Ohio, Mr. Vallandigham, who the people of this State condemned in the election of 1863 by a hundred thousand majority, because of his treasonable utterances and expressed sympathy with the rebellion, is placed in the foreground as the great expounder of Ohio "Democracy," and the platform of the party is nothing more nor less than a reiteration of Vallandigham's views upon the subjects of Secession, or State Rights, Slavery and Repudiation, and we find Mr. Vallandigham endorsing it in the Convention and afterwards, at the solicitation of the pro-slavery, rebel element in the party, we find him perigrinating the State making speeches, in the Brookridge or radical Copperhead counties, in favor of the doctrines of that platform.

We would, at this time, call attention simply to one plank in that platform, as evidence of the correctness of our position. In the fifth resolution, it is declared "That, their ordinances of Secession being void, the so-called seceding States, are still in the Union as States, and are, therefore, entitled to all the reserved rights of States," &c. Now what does this mean? If the rebels of the South have forfeited no rights by their rebellion, but stand just where they did before the passage of their Ordinances of Secession, then it is very clear they are entitled to all the property they owned or held at that time, including their slaves, and that the Government will be bound to remunerate them for every dollar's worth taken or destroyed during the war. The right to hold slaves, was one of their rights before they seceded, and the "Democratic" Party by this resolution declare in favor of restoring slavery, when it declares that these rebel States are entitled to the reserved rights of the States.

Now we ask the "Democracy" of Belmont County to read, in connection with the above resolution, the following extract from the speech of General Sherman, made at a soldiers' Festival at Lancaster, Ohio, and see how widely his views differ, although you claim him as belonging to your party, from Mr. Vallandigham's views upon this subject, as they are set forth in your Platform. Here is what he said: "When the rebels ventured their all in their efforts to destroy our Government, they pledged their homes, their cotton, their all, and even their lives and personal liberty, thrown by them into the issue, were their only by our forbearance and clemency. By this right of conquest we own this ground we stand on to day, conquered from the Indians—the Shawnees, I believe. The State of Ohio is ours by conquest from the French and English. So, soldiers, when we marched through and conquered the country of the rebels, we became owners of all they had, and I don't want you to be troubled in your consciences for taking, while on our great march, the property of conquered rebels. They forfeited their rights to it, and I, being agent for the Government to which I belonged, gave you authority to keep all the quartermasters couldn't take possession of, or didn't want."

"Gen. Cox, Senator Sherman and other abolition leaders have been recently making speeches and are out for Negro Equality, Negro Suffrage and do not want the bondholders to be taxed. Nice men, these fellows. They are for the nigger, and want all burdens saddled on the laboring white. The leaders here are of the same ilk." "Those of the Republican party who think the 'National Debt a National Blessing,' are in favor of assuming the Rebel debt."

"Col. Poorman, the editor of the Belmont Chronicle, addressed a meeting of the faithful in the Town Hall, on Wednesday evening. The only thing said by him worthy of note was his declaration in favor of Negro Suffrage. He said if he had the power he would permit every negro to vote. The sentiment was loudly applauded by the negro worshippers in attendance."

We shall not attempt to show the malicious falsehoods contained in the first two extracts, for every man in the country with brains enough to keep him outside of a Lunatic Asylum, knows very well that they are inventions of the editor of the Jeffersonian, without a shadow of foundation in truth. In the last extract, however, we are made to say what we did not say; and we pronounce the assertion that we declared "in favor of Negro Suffrage," or that we "would permit every negro to vote," an infamous lie, concocted and uttered by a cowardly sneak who has not the courage to tell the truth.—What we did say was: "That so far as we are personally concerned—and for this no party is responsible—if we had the right and the power to determine which should first have a vote, the white men of the South who have been seeking for four long years, upon the field of battle, to overthrow the Constitution and the Union and have killed so many graves with the loyal, liberty-loving heroes of the Republic, or the crippled black man, who, during the terrible rebellion through which we have passed, has stood by the flag of his country, and sacrificed upon the altar of liberty his arm or his leg, that the Republic might live, I would give it to the loyal black man before I would to the Rebel white one." This is what we said, and what we are willing to re-say, and what we ask you to publish as a correction of your malicious misrepresentation, if you

"SHARP" SHOOTING.

When J. F. CHARLESWORTH was a candidate on the Know Nothing ticket in 1856 he printed Republican tickets with his name printed in them, and employed persons to steal the packages of Republican tickets and replace them with these spurious tickets, with his name in them, hoping that the fraud might not be detected and he thus secure his election. In this way he had the tickets intended for Pense Township stolen from the office of Messrs. Lewis, where they had been left to be taken to Bridgeport, and had a full package of fraudulent tickets, done up so as to deceive, left in their place.—His fraud was detected, however, before any harm was done, and he was exposed for it at the time. We mention this circumstance merely to show the reckless and unscrupulous character of the man, as a politician, and as a fitting introduction to what follows.—In our peregrinations over the County we have been looking for the ear-marks of this political trickster, feeling sure we would find him engaged in some of his characteristic tricks, & sure enough he is at work in earnest attempting to sell out the whole ticket on which he is placed, in order to secure his own election. His personal friends in some Townships are offering to vote for one man on our ticket if Union men will vote for him. In Warren Township they propose to sell out Wm. Kennon, Jr., for votes for Charlesworth. In Somerset Township they propose to vote our whole ticket if Union men will vote for him. And in almost every part of the County this selfish, unprincipled politician has his pimps at work trying to sell out his co-candidates for Union votes for himself.

We warn the candidates on the "Democratic" ticket to watch well the movements of this man, for he will sacrifice them, yea, he would sacrifice the best friend he has in the world, to secure his own success; and warn the Union men of the County to watch this fellow and his friends that they do not deceive them into his support, for of all the candidates presented, he is the most unscrupulous and unworthy, and his defeat is demanded by justice and for the public good.

LYING FOR THE PARTY.

The Copperhead editors in this part of the county are the most reckless perverters of truth the world ever knew, and among this reckless pack, the editor of the Guernsey Jeffersonian is, perhaps, the most unscrupulous, and unprincipled, of him, it may with truth be said, he is "A greater liar than Parthen ever led." We have not been in the habit of noticing the vile slanders of this un-matched villifier, and we beg pardon of our readers for introducing him and his slanders to our columns. We do it, however, simply to show to what length these Copperheads are willing to go to further their purposes. In the last issue of that paper we find the following: "Gen. Cox, Senator Sherman and other abolition leaders have been recently making speeches and are out for Negro Equality, Negro Suffrage and do not want the bondholders to be taxed. Nice men, these fellows. They are for the nigger, and want all burdens saddled on the laboring white. The leaders here are of the same ilk."

THE GREAT CRIMES OF THE "DEMOCRACY."

The fact that before the rebellion was inaugurated, its leaders were the governing and the leading spirits of the "Democratic" party, cannot, with any show of truth, be denied. President Johnson, the sum of the party in the North aided its inception and inauguration by their treachery, and encouraged it by their influence during its progress, is a fact that cannot be gainsaid. To the "Democratic Party" then, the great Slavery Rebellion is chargeable. If so, what a fearful account of wrong, crime, suffering, misery, and infamy is it guilty of! We give below a brief epitome of what it has done: It shot down Federal soldiers in Baltimore, on their way to defend the National Capitol; it fired on the flag of our country at Fort Sumter. It seized the public Forts and arsenals, and robbed the National mints and depositories. It organized an armed force hostile to the United States. It has shot down brave soldiers of the Republic on a hundred battle fields. It discarded human and divine justice. It prevented the spirit of our free institutions. It attempted to rivet the chains of bondage tighter on the hands of the African. It forced men into arms against their own Government. It murdered loyal people, drove the defenseless from their homes, outraged their families, stole their treasures, burned their dwellings, ravaged their fields. It organized lawless bands for indiscriminate murder and pillage. It threw trains loaded with innocent women and children from the track, and robbed them of their valuables. It spread pestilence and war throughout the land. It filled our homes with widows and orphans. It fastened an immense war debt on the nation. It captured and burnt our merchant vessels on the high seas. It starved and murdered our prisoners of war. It violated the most solemn oaths. It shot down our soldiers in cold blood after they had surrendered at Fort Pillow. It organized bloody riots in the Northern cities. It tried to fire the city of New York. It tried to introduce yellow fever into the North. It violated all obligations, disregarded all laws, and trampled on the rights of all.

It shot down Union soldiers in the streets of Bucyrus. It burnt and destroyed Christian churches and drove out worshipping assemblies in Crawford County. Finally, it assassinated the Chief Magistrate of the Nation. In short, it has been guilty of perjury, treason, arson, robbery, murder, and assassination. Yet, in the face of this catalogue of infamy, the leaders of the now Copperhead party have the effrontery to come before the people and ask that they will place them in power. What say the people to this request?—[Bucyrus Journal.]

A Scene in the Future.

In a lecture recently delivered at Chicago, Grace Greenwood adverted to a scene that will doubtless one day be a common one.—Speaking of the future of our country, she drew a picture that probably many that read these words may live to see: "We may picture to ourselves a group of noble young lads, some ten years hence, thus proudly accounting for their orphanage—an orphanage which the country should see to it shall not be desolate. Says one, 'My father fell in beating back the invaders at Gettysburg.' Says another, 'My father fell on Lookout Mountain, fighting above the clouds.' Says a third, 'My father suffered martyrdom in Libby Prison.' Says another, 'My father went down in the Cumberland,' yet another, 'My father was rocked into the long sleep below the wave in the iron cradle of the Monitor.' And there will be hapless lads who will listen in mournful envy, saying in their secret hearts, 'Alas, we have no part nor lot in such glorying. Our fathers were rebels!' And here and there a youth more unfortunate, will steal away from his comrades and murmur, in bitterness of soul, 'Ah, God! help me! My father was a Copperhead!'"

How does it come that every man who has been ignominiously dismissed from the service, failed in some military undertaking and was censured by the Government, should be allowed to come back and stand under the banner of Vallandigham and Morgan? Will the Democracy answer? "No dodging."—[Tuscarawas Advertiser.]

A LEAF OF DEMOCRATIC HISTORY.

Inside of the Late Convention—John B. Haskin "Gives Up"—How the Little Slide was Arranged—Marble, Comstock and Cassidy "Redundant"—The Democracy of Ohio, Pennsylvania and New Jersey Denounced—"Bourbon Vallandighamism" and "Jerry Black Buchananism." The Hon. John B. Haskin, Chairman of the Committee of Resolutions of the late New York Democratic State Convention and the author of the Democratic platform, writes a letter to the Herald, giving an inside view of the doings of that body. He says: "The platform of principles adopted at the late Democratic State Convention having met with general favor, and the portion of the article in which my name occurs quoted in your paper of to-day from the World of the day previous having been designed to convey the impression that the platform, as adopted, was the work of many distinguished 'cooks,' and not of the committee of which I had the honor to be chairman, in their behalf, and for the facts, I state that just before the organization of the committee of my lesson at New Haven, Conn., Mr. Calvert Comstock, one of the committee, formerly of the Albany Argus, requested me, as the chairman, to invite Mr. Marble of the World, and Mr. Cassidy of the Argus, to attend and participate in their proceedings. I replied that they were not members of the committee; that the committee would first organize, and after they had considered and digested the resolutions proposed he might invite Messrs. Marble and Cassidy before them for their suggestions and views. These gentlemen did not, however, come before the committee. Upon the organization of the committee I read for its consideration eleven resolutions, handed to me by Mr. Comstock, and which had been printed upon slips in the Argus office. Eight of these, after being discussed in the committee and amended, were adopted, and three of them, contained in the fourth resolution of the series adopted, the one heartily indorsed by President Johnson, I had the pleasure to propose and ask to be incorporated in the platform, and which, after some opposition, was adopted. But with this resolution the distinguished gentlemen named in the World article had nothing whatever to do. Indeed, as Mr. Calvert Comstock, before the platform was submitted and voted upon by the Convention, desired me to omit this from the series, I suggested that some of these gentlemen were opposed to it. I know he urged in the committee that the cold indorsement of the President's restoration policy contained in the fourth resolution was a sufficient allusion to and indorsement of him. I differed with him, and advocated giving President Johnson a cordial and magnanimous support, as well for his past as his future constitutional measures, and with the assistance of Messrs. Jones and Clark, of your city delegation, carried the committee with me, and thus this resolution was adopted."

"During the night the resolutions were adopted by the Committee Mr. Marble dropped into my room and examined them; after which he said to me, 'I had the platform Committee, had done with the other resolutions submitted, prepared jointly by Mr. Tilden and myself. I informed him that the Committee had deemed them redundant and rejected them.' The Committee on Platform are entitled to credit for amending the resolutions submitted and for cropping out of them those which were unnecessary for making the platform symmetrical, comprehensive and strong, and for the last resolution, frankly and honestly indorsing President Johnson. I know that the resolutions, as amended, desired a simple indorsement of him, 'to divide and conquer the end'; but with me the paramount idea—and it induced me to go to the Convention, in view of the curse of the Chicago Platform—was to avoid the Jerry Black Buchananism of the Ohio, the Pennsylvania, the Camden and Anshy Rip Van Winkle, of the New Jersey Democratic Platform, and to give President Johnson a sincere and hearty indorsement to make him the great leader of the people and of the Democratic party, as has great promise in the hands of Andrew Johnson. My association with and knowledge of President Johnson during the thirty-fifth and thirty-sixth sessions of Congress gave me opportunity to know that he was, as a Democrat, conservative; as a statesman, able; and as true a Union patriot as lives."

This individual, more than any other man in Ohio, represents the sentiments of the Democratic Party. This is undeniable. The leaders, governed by policy, may undertake to ignore him, but whenever he appears in the strongholds of the party, he is received with the same enthusiasm with which he was supported for Governor while he was in the saddle of the rebellion. The leaders may adopt platforms which seem to conceal their real sentiments, but when Vallandigham speaks the secession doctrines are blurted out, and are received with approbation. Therefore, it is important for the people, who supported the Government during the four years of war, in front and rear, to see what the Democratic party, which sought to make the rebellion a success, is now aiming at. Vallandigham, in a speech delivered at Bucyrus yesterday, a report of which is published in our dispatches, made two leading points: one was a bitter denunciation of the negro, and the other was repudiation of the national debt. This means, in the event of the success of the Democratic party, the re-establishment of slavery, and the wiping out, by repudiation, of the national debt.—Here we have the Democratic platform, the real, vital, living, speaking principles of that party in a nutshell. These are the questions to be decided at the polls in October. These are the measures advocated by the Southern rebels, and if this rebel party succeeds it gains for the South at that latter lot by the war. Thus we are forced to fight by the ballot the battle which was so gloriously won by the bullet. Men of Ohio! are you ready for the contest?—[Cin. Gaz.]

THE Cincinnati Enquirer still insists that the war was a failure. If it had been declared by secession, restoring the rebels to their former rights, and our government assuming the payment of the rebel debt, the Enquirer would no doubt have thought it no failure. Sam Cox said in a speech during the Chicago Convention that Lincoln was no better than Jeff. Davis, and that they both ought to be executed together. Such is the stuff Copperhead leaders are made of. If Jeff. Davis is a worse traitor than Sam Cox, we can't see it.

Grant at the Tomb of Lincoln.

One of the local papers gives the following account of Gen. Grant's visit to the tomb of President Lincoln at Springfield, Illinois: On Wednesday, the General and such of his party as desired, visited the tomb of Abraham Lincoln, at Oak Ridge Cemetery. The remains are still unburied, and the reception-house just as they came from Washington, watered by the tears of the nation. A guard tent is pitched opposite to this house of the dead, on a rising knoll, surrounded by trees. Three sentries guard the sacred remains night and day, and the stone doors are kept open so that the air may circulate freely through the place. Iron gates protect the remains from a close intrusion, although one can see the two coffins—those of the father and of the dear little son, who was carried there from Washington with him to his final resting place. The grounds are very well and beautiful, and capable of the greatest improvement, as soon as the tree landscape gardener shall appear. It is laid out in roads and lots, and interspersed with patches of greenery and fine shrubs and beds and flowers.—Streams of delicious water run through it, and birds sing in the grand old forest trees—the originals of nature. It is altogether as beautiful as the vale of Tempe, described by Anacharsis. The General was very much impressed with the sight, and stood gazing upon the coffin containing the mortal remains for a long time. He afterward wrote his autograph in the register at the cemetery.

It has been decided by the Secretary of the Treasury to anticipate the payment of the interest of the 5-20 bonds which become due on the 1st of November, and the same will be paid on and after Sept. 25, on presentation of the coupons to the Assistant-Treasurers or those designated depositaries authorized to pay the interest on Government securities.

CAUTION FROM THE AMERICAN WATCH CO.

Having come to our knowledge that imitations of the American Watch have been put upon the market for some time, calculated by their utter want of accuracy to injure our own interests and the public from imposition, we again publish the trade marks by which our Watches may be known, and by which you may be enabled to distinguish the genuine from the counterfeit. We manufacture four styles of Watches. The first is the "AMERICAN WATCH CO. Waltham, Mass." engraved on the inside plate. The second is the "APPLINGTON, TRACY & CO. Waltham, Mass." engraved on the inside plate. The third is the "BARTLETT, Waltham, Mass." engraved on the inside plate. All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect. The fourth has the name "W. ELIABY, Boston, Mass." engraved on the inside plate, and is not named on the dial. All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be desired. It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually furnished with names as clearly applicable to our own as those of the counterfeit. Some are represented as made by the "Waltham Watch Co." others by the "Boston Watch Co." and others by the "New York Watch Co." and others by the "Philadelphia Watch Co." and others by the "London
