THE following persons have been summoned to appear on the 24th inst. to serve as jurors in the Probate Court in the case of the Board of Education of Union township against Benj. Howell, being an appropriation proceeding for additional ground for a school house site: John King, David Thoburn, Pease, Jr.; John Moore, Flushing, Lp.; Jos. Smith, Somerset; Francis McCann, Wm. Lodge, Richmond; Nathan Schofield, Samuel Douglas, Warren; Jonathan Lynn, Goshen; E. E. Neal, Bellaire; John D. Hays, Wheeling; Amos Workman, Jr., Pultney.

THE Barnesville Fair, which was held last week, was not a success as a display. In fact, it was a failure, except in the speed ring, where some very good races occurred on Thursday and Friday afternoons. The stock pens were absolutely without interest, less than half-dozen cattle and two pigs being the sum total of entries. The farmers' hall was without display, and the dorsal hall was a sorry spectacle. The total lack of interest in this year on the part of the agriculturalists and stockmen is ascribed to the fact that the speed ring premiums were paid in full, while all others were scaled to forty cents on the dollar.

MRS. NANCY POPE, mother of Robt. Pope, Esq., died suddenly at the residence of her son near Loydsville early on Sunday morning, in the 86th year of her age. She had been in her accustomed health the day previous and retired to bed as usual. A little before midnight the family were aroused by her labored breathing, and at 2 in the morning death ensued. Deceased was long a member of the M. E. church at St. Clairsville, and a consistent and blameless life. The funeral services took place on Monday and were conducted by Rev. W. H. Huskell, and a large number of friends followed the remains to the M. E. cemetery in this place.

A TERRIFIC hail and wind storm passed through portions of Kirkwood and Union tps. about 6 o'clock on Sunday afternoon. The storm lasted about five minutes, and was from to two miles wide, and traveling from the northwest in a southeasterly direction. At Hendrysburch the storm was furious, blowing down the old Trimmer mill, which of recent years has been used as a stable, and shattering the window panes in the north sides of the houses in its path. The tobacco and corn were cut to shreds and driven into the ground by the force of the hail, which at times was as large as a pea, and of a size - some of it measuring six inches round. Among the principal losses of tobacco was that of Chas. Anderson, who puts his loss at \$500. Extending into Union, Lou. Morrison was badly pounded. The drainage to fruit along the storm belt was serious.

GILBERT MCBRIDE, a somewhat eccentric individual and not altogether clear in his mind, aged about 70 years, and resides with his brother-in-law, Samuel R. Finney, about three miles east of town, disappeared from home Wednesday evening of last week, but as he was returning on Friday, his absence caused no special uneasiness until the next day, when not hearing anything of his whereabouts, Mr. F.'s family began to fear that some harm had befallen him, and a search was instituted in the neighborhood. No tidings of the missing man being obtained, a thorough search of the farm was made, and in passing an unfrequented spot about half mile from the house, on Friday evening, almost forty-eight hours after his disappearance, one of the searching party heard a low moan, and hastening in the direction from which it came, found McBride lying near a spring in a helpless condition, and scarcely able to articulate. He was at once taken home, and Dr. John E. West, of this place, was summoned, who, upon examination, found that two of the ribs of the unfortunate man were broken and that he had sustained other injuries. McBride said that while feeding the calves on the hill side where they were pasturing, one of them struck him and near a spring in a helpless condition, and scarcely able to articulate. He was at once taken home, and Dr. John E. West, of this place, was summoned, who, upon examination, found that two of the ribs of the unfortunate man were broken and that he had sustained other injuries. McBride said that while feeding the calves on the hill side where they were pasturing, one of them struck him and near a spring in a helpless condition, and scarcely able to articulate. He was at once taken home, and Dr. John E. West, of this place, was summoned, who, upon examination, found that two of the ribs of the unfortunate man were broken and that he had sustained other injuries. McBride said that while feeding the calves on the hill side where they were pasturing, one of them struck him and near a spring in a helpless condition, and scarcely able to articulate. He was at once taken home, and Dr. John E. West, of this place, was summoned, who, upon examination, found that two of the ribs of the unfortunate man were broken and that he had sustained other injuries. McBride said that while feeding the calves on the hill side where they were pasturing, one of them struck him and near a spring in a helpless condition, and scarcely able to articulate.
