These lands are among the best farming lands in this section of the state. We also have for sale, cheap.

Lot D in Nelson's Addition to Cheboygan village, with good frame house, well, &c., near R. R. Depot.

**FRAZER & BROWN,** Main Street, oppo. Van Arsdale's 11 June

## NORTHERN TRIBUNE.

SATURDAY, JUNE 25, 1881.

**Fox's New York Comedy Company.**

The Gilberts, supported by Fox's N. Y. Comedy company opened a weeks engagement at the Town Hall last Monday night appearing in Brette Hartes romance of M'Liss. The house was well filled. The play was a vivid picture of border life and the leading characters by the Gilberts were artistic representations, and the support all that could be desired. Belle Gilbert is a charming Soprano and at once captured the audience by her singing and acting. James Gilbert is immensely funny and kept the house in a roar of laughter. Tuesday evening's "The Hand" was presented Wednesday evening. Daughter of the Regiment and Dodging for a Wife, and by many was considered the best of the series. Thursday evening Col. Sellers was presented in an admirable manner. They will close the season to-night with Steele Mackay's beautiful drama of Won at Last, and the roaring farce of the Fool of the Family. The general verdict is that this is the best company that has appeared in the village, and that large audiences which have greeted them nightly shows that they at once struck a popular chord and have admirably succeeded in retaining their hold. Coming, as they did, after our citizens had had three weeks of the theatre, the success they have attained, proves their worth and must be highly gratifying to the members of the excellent company and especially so to the management. Their plays have been new, their scenery the best presented by any company exhibiting here, and the plays presented in a manner that could not be excelled upon a stage so limited in capacity as is that of our Town Hall. Citizens can always be sure of liberal patronage, and ever they visit our village and the many friends they have made during their brief stay will be glad to have them return at some future day. They play at Charlevoix next week.

**A Naval Engagement.**

A brief naval engagement between two of the mosquito fleet of this port took place off the harbor last Thursday morning. The crafts engaged were the tugs G. W. Cuyler and Eva English. The result was not very sanguinary, more wind than blood being wasted. The two tugs had run out after the schooner Ellen Spry. The Eva got along side of the vessel first but the captain of the Spry said he was afraid she was not large enough to handle the vessel, and that he would prefer the Cuyler. Capt. Mosier assured him of his ability to handle him all right and while they were discussing the matter the Cuyler threw her heaving line to the vessel for the purpose of getting her low line but drifted away before the low line was secured and the line was passed to the Eva English. This seemed to arouse the ire of Captain Brown, of the Cuyler and he came on to the vessel with a revolver in her hand and an ax in the other jumped on the Eva and cut the low line with the ax. Considerable shooting was done with their mouths, but the broadsides did little damage. The Eva brought the vessel in port. We understand the engagement will be renewed in the courts and the whole matter fully investigated, when the right and wrong of the case will be clearly shown.

**The Driving Park Race Track.**

From time to time we have made brief mention of the improvement being made upon the track at the Driving park, but few are aware of the work that has been done or amount of money expended. The managers started out with the intention of securing as good a half mile track as was in the State and they flatter themselves that the result has been obtained. They have expended over \$1,700 and have left nothing undone to secure a perfect track. That they have succeeded, all who have seen the track, since it was completed, concede. They have arranged for a series of races, the first to take place next Monday between the well known pacers owned in our village, Peter Spooner's mare and James Duggan's horse Sleepy Tom. The second will take place on the fourth of July and will be for races in different classes. The third will be a few days later between Peter Spooner's mare and W. S. Humphrey's little black mare. In view of the excellence of the track and the long dispute between the owners of these nags as to the merits of their respective animals, as to speed, well contested and interesting races may be anticipated and we have no doubt will attract a large crowd to witness the contests.

**The Congregational Summer Resort.**

The Potosky Daily Record says: The 800 acres donated by Thompson Smith and others, to the Congregationalists of the United States as a National resort, is to be improved this season. One gentleman from Niles is already considering the feasibility of constructing a \$5,000 house, and the policy of immediately improving it, and putting up other residences is exciting considerable interest in this as well as other States. The land consists of a strip two miles wide between Mullet and Burt Lakes, and is situated about 20 miles from Potosky. We trust the above may prove to be one of the best of the kind in the West, and that the work of improving the grounds may be commenced at once. There could not be a better location found for such a resort, but we fear the Record's source of information is not very reliable and that the news is too good to be true.

Attention is called to time table of the Western Transportation company, published in another column of this issue.

S. LeGault & Son have just received a large assortment of dry goods.

The mansions have the foundation for Mrs. Bennett's new block completed.

The excavation for the foundation of A. Fexer's new building is completed.

Go see those expressive instantaneous photographs of babies at Mr. Davidson's gallery.

We are in receipt of the Michigan Manual for 1881. It is full of valuable information.

McIntire & Ried have arranged for a daily supply of fresh strawberries raised in this county.

Rev. L. C. Rogers arrived on the Flora Friday morning. Services at the St. James church to-morrow at the usual hours.

The Cheboygan Cornet band give an excursion on the propeller A. C. Van Raalte to Mackinac and St. Ignace, to-morrow. Fare for the round trip one dollar.

D. Feeny advertises some choice building lots for sale in West Duncan, on the east side of the river, upon which are terms. Now is the time to secure a lot for a home.

Fox & Gilbert's New York comedy company leave on the Champlain at midnight for Charlevoix, Capt. Seymour and his troupe will remain until that hour their accommodations.

The ladies of the Episcopal church are making arrangements for a grand excursion on the Fourth. When they undertake anything it is sure to be a success so that our citizens may anticipate a pleasant time.

H. J. Miner, the Clothier has leased one of the rooms in the new Bennett block, now being built, and will occupy it as soon as completed. His business has already grown to such proportion as to require more room.

We would call attention to the new advertisement of McArthur, Smith & Co. on the inside of this issue. They are offering great bargains in goods that have been especially selected to meet the wants of this market.

The Mullet Lake house will be opened for the summer season on Monday July 4th. It was formerly in the hands of an evening and a grand supper. The City of Cheboygan will leave Jno. F. McDonald's dock at 5:30 p. m.

Cady Perrin met with a painful accident this morning. He and Bertie Nieh-nick stepped into H. J. A. Todd's and were examining a toy pistol and while the latter was handling it, it went off and the effect was Cady's face was filled with powder.

It is expected that the improvements in the Methodist church will be held one week from to-morrow in the lead-ing Methodist church of this city and the members of that congregation will have reason to be proud of it.

Mr. Carr, engineer in charge of the harbor improvements has written to Major Harwood in regard to the bar ferried in the river, upon which the propeller Celtic stuck last Sunday, and asked permission to have it dredged out and taken to the wharf. The bar is a great impediment to navigation.

Rev. W. M. Campbell went to Grand Rapids this week and purchased a handsome pipe organ for the Methodist church. It is said to be a very fine toned instrument. It was formerly in the lead-ing Methodist church of this city and cost him over \$650. The church has recently put in a \$3,000 organ and Mr. Campbell learning their old organ was for sale went down and purchased it. He had thought of getting a new one, but he pronounced perfect in every respect and as good as new. It will arrive here next week.

While the interest in base ball is increasing in most places in the state, the interest here seems to have entirely died out. There are a number of excellent players in our village and the recent improvements at the Driving park make that a superb ball ground and we have no doubt it could be secured for games should a club be formed. Can not a game be arranged for the Fourth to add to the other attractions at the Park on that day.

**Personal.**

Rev. W. M. CAMPBELL arrived via the inland route, yesterday from a trip to Grand Rapids.

J. B. HAYES, State Road Commissioner arrived in the village last evening via the inland route.

JOHN GOLDEN returned on the Flora yesterday morning from a business trip to Port Huron and Detroit.

WM. SAULSON, formerly of this village now of St. Ignace, came over on the Flora yesterday.

GIDEON GAMBER, a well known hotel man of Adrian, spent several days in the village this week.

FRANK STEPHEN, presenting attorney yesterday morning from a visit to their friends in the southern part of the state.

C. H. DUNBAR, of the Detroit Post and Tribune was in the village this week in the interest of that paper and favored the TRIBUNE office with a number of copies.

H. H. KEZAR left on a Western boat Tuesday for Milwaukee on his way to Lake Superior to measure a quantity of lumber for Ross & Co. of Quebec, for shipment.

REV. L. C. ROGERS, of St. James Episcopal church, ordained at Grace church Detroit on the 12th inst., preached his annual sermon, after ordination, at St. Jude's church, Fenton, last Sunday morning.

ROYS J. CRAM arrived on the Keweenaw Sunday. He is going to have the dredge that sunk in the river patched up so she can be towed to Saginaw, where the machinery will be taken out and placed in a new hull that is being built.

A. J. ECKER, loan broker, real estate and collection agent, of Greenville, Mich., will be at the Grand Central hotel during the first part of July, for the purpose of transacting business in his line. He will have money to let in large or small amounts, from 2 to 5 years, on real estate security, at reasonable terms. 25

**Marine.**

The Keweenaw was in on time Sunday morning.

The Idaho called in at Duncan Thursday evening bound down.

The schooner Imperial, loaded lumber at Duncan City this week for Chicago.

The Flora was in yesterday morning and called in the afternoon on her way down.

The Pearl arrived up on time Thursday evening and went down yesterday forenoon.

The steamer Saginaw arrived up Monday night and called in Tuesday forenoon going down.

The propeller Lawrence arrived Saturday afternoon from Chicago and left on the return the same evening.

The schooner John Miner, with a cargo of cedar ties from Georgian bay, passed up Wednesday night leaving badly.

The schooner Ellen Spry arrived Thursday morning after a cargo of railroad ties from P. M. Lathrop. She carries 25,000 ties.

The propeller Champlain arrived last night with considerable freight. She is loading cedar posts, lath and pickets for Chicago.

The Nashua stopped to load on her way up and consequently, did not arrive until Monday morning. She called in at noon on the way down.

The steam barge Burlington with the barges Keating, Church and Hale arrived early this morning and are loading lumber for Chicago.

Are we going to have a new tug at this port. The Post and Tribune say the tug Dina which tows logs at Cheboygan was inspected Monday.

The schooner Fleetwing arrived Tuesday evening, loaded lumber from the Cheboygan Lumber Co. and cleared yesterday forenoon for Chicago.

The tug John Owen passed down Thursday afternoon with two large rafts of timber in tow. One was from Charlevoix and the other from Millicoque.

The schooner Wm. Home and Belle Hanson, that brought the railroad iron, finished loading lumber and cleared Tuesday for Cleveland in tow of the tug Lyon.

The barges S. H. Orton, L. J. Farwell, Golden Rule, Ajax, and Richard Martin, loaded lumber at Duncan City, take 2,000,000 feet of lumber to Tonawanda, New York. They expect to go off this evening.

The tug Alanson Sumner, arrived at Duncan City Thursday forenoon with five barges in tow. They load lumber for Tonawanda. The Sumner came up to this harbor Thursday afternoon. She was formerly an ocean tug, brought from New York through the St. Lawrence river.

The propeller Ste. Marie has made her regular trips this week arriving Tuesday and Thursday evenings and departing Wednesday and Friday mornings. Capt. Mosier is much pleased at the prospects of a good business on the route.

The new dredge went to work Thursday morning on the harbor. There is, or was, about 11,000 yards of dredging to be done under last seasons contract. The dredge works well, some parts a little stiff yet but will improve by use.

The steam yacht R. C. Wilson has been quite unfortunate recently, striking snags and bending her shaft. She had to be hauled out again last Monday. The logs running in the river is a great impediment to the navigation of the inland route and cause many a delay and often damage.

The tug W. S. Carjans arrived Wednesday night with Carkin, Slickney & Cram's new dredge, No. 6, and a new dump scow in tow. She had bad weather coming up and lay at Presque Isle a couple of days. Got up once near Crawford's quarry and was compelled to turn back. The Carkin went to Lake George in Sault river, Thursday and brought a dump scow from there.

The wrecking tug Leviathan arrived at Milwaukee on Saturday night with the schooner Nabob, recently released from the beach near Cana Island. The vessel was docked, and an examination showed that she required considerable new keel and bottom plank. Otherwise the craft is in good shape. The Leviathan will now attempt the release of the schooner E. C. L. ashore in Sister Bay.

The propeller Celtic of the Merchants line from Chicago to Montreal, called in Sunday for the first time and had the misfortune to get aground opposite McArthur Smith & Co.'s warehouse. She was drawing less than eleven feet. Major Carr, Monday sounded the river and found a bar had formed, caused, he thinks, by the sunken dredge turning the current to the east bank of the river and washing the sand out into the center of channel.

**Instantaneous Photographs.**

Mr. Davidson never fails of getting beautiful life like instantaneous photographs of the babies.

**Post-Office Matters.**

Since the night train was placed upon the Grand Rapids and Indiana railroad direct pouches have been made up for the Cheboygan office at Detroit, Grand Rapids, Cadillac and Kalkaska. These are taken right from the morning train, by the mail carrier and brought through to this office without passing through the Potosky office. The mail arriving at Potosky on the evening train goes through the Potosky office the same as heretofore. These same pouches are made up here, by postmaster Ford and sent direct to the above-named places, the mail carrier delivering them to the mail agent on the train leaving Potosky in the evening.

Mr. Ford has also received notice that his office has been made a Foreign money order office and as soon as arrangements are perfected, which will be in a very short time, he will be prepared to issue money orders on the offices of Great Britain and Ireland, Italy, Norway, France and Algeria, Holland, Denmark, Luxemburg and the Dominion of Guernsey. He reports the money order business of the office rapidly increasing and that the business for the present month will largely exceed that of any previous month since his appointment as postmaster. A portion of this may be attributed to the men at work on the railroad, many of whom remit a portion of their wages to their homes, but aside from this there has been a large legitimate increase of the business. The change in the manner of making up the mail, for the direct pouches, will increase the labors of the office for Mr. Ford and his deputy.

**Fourth of July at the Cheboygan Driving Park.**

The following is the programme of exercises at the driving park on the Fourth.

**PROGRAMME.**

Rifle shooting at two hundred yards off hand for the champion badge of Cheboygan county. Open to any rifle and sights, to commence at nine o'clock a. m. sharp. Team glass ball shot, between two teams of the Cheboygan gun club, of four members on each side—eighteen yards rise from Card trap, to commence promptly at 10:15 o'clock a. m.

Afternoon races.—Pacing race, free for all for a purse of thirty dollars, \$20 to 1st horse, and \$10 to 2nd. Running race—free for all, single dash of half mile for a purse of fifteen dollars, \$10 to 1st horse, and \$5 to second. Trotting race—open to all horses in Cheboygan county, barring W. S. Humphrey's black mare, Daisy, and P. H. McDonald's black horse.

Sleepy Jack.—For a purse of fifty dollars twenty five dollars to 1st horse \$15 to 2nd, and \$10 to 3rd. In the first two races three horses enter and in the last race must be 4 enter and 3 starting. Races to commence at 2 o'clock. In the afternoon, and all races to be in accordance with the American national trotting association rules, each entry must be accompanied by an entrance fee of 10 per cent. of the purse for the race in which entry is made. Those entering horses in races to choose the judges for the race on the grounds by a majority vote of those entering for that race.

**Healthfulness of Milk.**

If any one wishes to grow fleshy, says the Household, a pint of milk taken on retiring at night will soon cover the scrawny bones. Although we see a good many fleshy persons now-a-days, there are a great many lean and lank ones, who sigh for the fashionable measure of plumpness, and who would be vastly improved in health and appearance could their figures be rounded with good solid flesh. Nothing is more covered by a thin woman than a full figure, and nothing will so raise the fire and provoke the scandal of "clipper-build" as the consciousness of plumpness in a rival. In case of fever and summer complaint, milk is now given with excellent results. The idea that milk is feverish has exploded, and it is now the physician's great reliance in bringing through typhoid patients, or those in too low a state to be nourished by solid food. It is a mistake to scrimp the milk pitcher. Take more milk and buy less meat. Look to your milkman; have large sized, well filled milk pippers on the table each meal, and you will have sound flesh and save doctor's bills.

**A Card.**

Mr. and Mrs. Wm. Smith desire to return their thanks to their numerous kind friends for the sympathy manifested for them, in their sorrow, over the death of their infant son and the assistance so kindly rendered them in paying their last tribute to their loved one, and for their attendance at the funeral and would assure one and all that they will ever bear in remembrance the kindness shown them on this sad occasion.

**NOTICE.**

By a late ruling of the Commissioner of Internal Revenue, all Farmers, Lumpmen, and others that handle tobacco, will be required to pay the special tax, required by law—as dealers in manufactured tobacco, of five dollars a year.

Deputy Collector, Internal Revenue.

All parties that have been doing so should make the proper return and pay all taxes due at once, and thereby save trouble.

**Important to Travelers.**

Special inducements are offered you by the Burlington route. It will pay you to read their advertisement to be found elsewhere in this issue.

A fine stock of dry goods at McArthur Smith & Co.'s.

Don't fail to attend Prof. Sweet's dance at the Town Hall, on Thursday evening next.

Remember the dance at the Town Hall on the 30th inst.

The contract for building a new span for what is known as the Spooner bridge, across the Cheboygan river above the forks, was let last Monday to John Snyder for \$620. The towns of Grant and Inverness will jointly foot the bill.

**CONDENSED NEWS.**

Eight persons were drowned at Cincinnati, June 16, by the upsetting of a ship.

The City of Rome, next to the Great Eastern, the largest steamship in the world, was launched on the Clyde Wednesday of last week.

The first annual examination of the pupils in the Indian training school at Carlisle, Pa., took place June 16, and gave great satisfaction to all who witnessed it.

Hamilton Dixon, a wealthy Philadelphia manufacturer, has closed a trade for four million acres Florida state lands, the largest land transaction on record.

A Frankfurt idea of founding a German university in one of the western states of America is taking practical shape. Several banking houses at Berlin have proffered their aid.

Slas M. Waite, the Brattleboro, Vt. bank President charged with making false returns to the government under the national banking act, has been sentenced to six years imprisonment.

Great excitement prevails along the boundary between Arkansas and the Indian territory. A body of 1,000 armed men entered the Choctaw reservation, having secured the permit tax. The white militia is under arms, threatening to burn the houses of the invaders and stampede their cattle, while the Indians are ready to begin bloodshed.

**STATE NEWS.**

The Surveyors of the Alpena and Bay City Railroad route, have finished the entire survey from Alpena to Standish.

A band of gypsies, 50 strong, has squatted near Gogewic lake and begun robbing the farmers around Battle Creek.

The Gladwin Record states that the forest fires have done more damage in that county than by Thomas Nestor, and Nestor & Stone.

An Abbe has passed a resolution giving the Bay City & Alpena R. R. Co. the right of way through the streets of that village for their railroad.

The Board of Supervisors of Charlevoix county have voted to again submit to the people the question of annexing the county seat to Boyne City.

Governor Jerome left the Callaghan-Howell compilation bill die because it was plainly unconstitutional, and the railroad frog bill die because it was impossible to carry out.

Contracts have been made at East Saginaw for a building and power for making the Maxim electric light. The light is for general use in stores, houses, business offices, etc.

The Flint Democrat says that Miss Lena Berthel, of that city, is 19 years old, and only 28 inches tall. She refused a circus offer a few days ago.

What is called a sporadic case of the genuine Asiatic cholera, proved fatal at Jackson Tuesday morning. The victim was James Barry, a married man, about thirty-five years of age.

The increase in post-offices in the United States between Dec. 1 last and May 25 is 775, making a total of 44,433. The increase in Michigan during the same period is 17, making a total of 1,417.

Prof. Estabrook will teach a summer normal class at Olivet, beginning July 12 and continuing five weeks. July 12 to August 13, there will be a conservatory of music at Olivet, under direction of Geo. H. Howard, A. M.

Wm. E. Rogers has sold the Rogers City mill to E. O. Avery of Alpena. Mr. Avery went to New York and bought directly from Mr. Rogers, and is now engaged in moving the structure to Alpena, where he intends to re-erect it.

The Chicago and Northwestern railroad company are under contract with the mining counties of Marquette and Menominee counties to transport no circus, manager or tent show north of the Menominee river. It is claimed by the mining companies that the advent of a circus or tent show into the district during the shipping season results in thousands of dollars of damage to their interests.

**Unclaimed Letter List.**

The following is a list of letters remaining in the Cheboygan postoffice, uncalled for June 18. Persons calling for them will please say that they are advertised:

Bodie Noah, McArthur Alex., Brown Jno., McArthur J. A., Christie H. M., McGill James, Corbin Isaac, E. Cleghorn, Thos. Cross, Isaac Wm. Pomeroy, G. L. **Notice.**

By a late ruling of the Commissioner of Internal Revenue, all Farmers, Lumpmen, and others that handle tobacco, will be required to pay the special tax, required by law—as dealers in manufactured tobacco, of five dollars a year.

Deputy Collector, Internal Revenue.

All parties that have been doing so should make the proper return and pay all taxes due at once, and thereby save trouble.

**Important to Travelers.**

Special inducements are offered you by the Burlington route. It will pay you to read their advertisement to be found elsewhere in this issue.

A fine stock of dry goods at McArthur Smith & Co.'s.

Don't fail to attend Prof. Sweet's dance at the Town Hall, on Thursday evening next.

Remember the dance at the Town Hall on the 30th inst.

The contract for building a new span for what is known as the Spooner bridge, across the Cheboygan river above the forks, was let last Monday to John Snyder for \$620. The towns of Grant and Inverness will jointly foot the bill.
