Tuesday evening a young lad named Duffany, employed at the Cheboygan Lumber company mill taking the laths from the lath gang, while attempting to remove some bark from under the saws got his right hand badly mutilated. The saws caught in his coat sleeve and drew his hand into the gang of five saws, cutting the fingers into fragments. Dr. Perrin was called and found it necessary to amputate the greater portion of the hand. He and Dr. Gerow performed the operation, taking off about one half of the main portion of the hand, saving the thumb and upper part.

TERRIBLE ACCIDENT.

Necessitating a Surgical Operation -
Loving Mother attempts to take a
pair of Shears from Her Child.

PARENTS BE CAREFUL.

Domestic accidents are common to women, and some of them are very serious. Mrs. Warner, of South Rondout, Ulster Co., N. Y., some weeks ago attempted to take a pair of shears from her child, with which it was playing. A slight struggle ensued, in which the point of the shears entered Mrs. Warner's left eye, entirely destroying the sight. Her family physician did what he could, but intensely painful inflammation arose, which, by sympathy, threatened the loss of the other eye. Total blindness to a woman having the care of a household is an irretrievable calamity. In this strait Mrs. W. applied to the well known and skillful surgeon, Dr. David Kennedy, of Rondout, N. Y., who removed the injured eye by a very successful operation, setting aside all danger from further harm to the sight of the other eye. But, owing to pain and mental distress, her system needed a tonic and restorative medicine. To do this work the Doctor prescribed "Kennedy's Favorite Remedy," which sustained its reputation and laid a sure foundation of health. Dr. Kennedy's "Favorite Remedy" removes all impurities from the blood, regulates the Liver and Kidneys. Cures Constipation, and all diseases and weaknesses peculiar to females. It is for sale by all our druggists at ONE DOLLAR a bottle.
