E. H. SAGER, of Burt Lake was down on business this week and reported all lovely up there.

PROF. LOWRIE will leave next Monday for a brief visit to his former home, Adrian. He will return on Saturday.

DR. J. B. PATTERSON, of Rogers City has been up this week visiting old friends.

GEO. MCALEY, who has been spending the winter here, left Tuesday for New Mexico. His wife remains here for the present.

O. M. CLEMENT started for a trip to Marquette and other upper peninsula points Wednesday. He expects to be gone a couple of weeks.

I. E. DEGWIN returned from his visit to his old home in New York state Saturday. He reports having had a splendid time during his absence.

ALEX. RANVILLE, who sailed the Mary last season, and who is to captain the City of Cheboygan the coming season came over from Mackinac Monday.

ALFRED NOBLE, Esq. Gen'l. Supt. St. Mary's Falls Canal and several of his assistants, passed through here on the train Thursday on their way to the Sault.

HON. H. W. SEYMOUR, passed through here on his way home from Lansing on Tuesday evening. He reports that the special session of the legislature was a lively one.

J. SHERWOOD, of Lapeer, spent Wednesday here looking over the town to see what the prospects for picture business were and now thinks of coming back in a short time and engaging in the drug and stationary business.

At the Congregational church tomorrow evening the pastor, Rev. A. H. Lowrie, will lecture on "Books and Reading." Young people are especially invited.

The Van Raaite expects to start on her first trip to Manistique as soon as the first of April which will be about six weeks sooner than she got started last year.

McArthur, Smith & Co. have about completed their invoice and closed up the books of their lumber business for the past year. They show a very successful year's business.

The railroad company is negotiating with McArthur, Smith & Co. for more river front, but it is not certain yet that they will secure it as the firm have need of what they have left.

The steam ferry Algoma has made regular trips all the week up to this morning when she was unable to cross on account of the ice drifting into the passage from the south.

The St. Ignace Republican started on its second year a full-fledged newspaper that is all printed at home. Bro. Bissell is to be congratulated upon the success that has attended the publication under his management.

The McArthur, Smith & Co. dock under the management of Mr. Johnson, is being prepared for the opening of navigation which will soon be at hand. By the time the boats are here Mr. Johnson will be ready for them.

Mrs. Rabideau, mother of Mrs. Robert Robinson, died Thursday evening, about 5 o'clock, aged 65 years. The cause of her death was a tumor in her stomach. For two months she has not been able to eat anything, and her sufferings have been very severe.

J. D. Smith is making arrangements to clear, plough and put into crops three hundred acres of land near Strongsville, Chippewa county. It is unnecessary to say that there is very little clearing to be done on the land, as it is in the famous "burnt tract."

Dr. O. B. Weed leaves next Tuesday for Charlevoix where he will locate for the practice of his profession and with his brother engage in the drug business. The many friends of the Doctor will regret his leaving and we can assure our neighbors that in him they will secure a reliable business gentleman.

W. Chandler has purchased fifty-two feet front on Main street nearly opposite the store of Wetmore & Paddock, of J. L. Ford and the new TRIBUNE building will be erected on that location, instead of on the lot in the Central House square as was first intended. The change in location was made to secure more frontage, as in the last named locality Mr. Chandler had only twenty six feet front. The construction of the building will commence as soon as the weather will permit.
