THE CITY.

Lumber for sale by J. E. Nichols.

The school children are all dreading that examination.

Ceiling, siding and flooring for sale by J. E. Nichols.

The warm showers, make the grass fairly jump in growth.

Good work and one price to all, at the TRIBUNE steam job office.

Everybody goes to Nichols' lumber yard for lumber of all kinds.

Joseph Allair shot and killed a large mynx last Sunday, near Cheboygan.

Mrs. Fred E. Rich left last night for East Saginaw to attend the funeral of her brother.

F. C. McDonald is getting the material on the ground, for an addition to the rear of his grocery.

All the sawmills are now in operation, but that of W. & A. McArthur, which will start before many days.

Neatness, cheapness and promptness, are three items that are closely observed at the TRIBUNE steam job print.

The immense amount of printing being done at the TRIBUNE job office testifies to the satisfaction we always endeavor to give.

Judge Frank Emerick, of Alpena passed through Cheboygan Monday on his way to Gaylord to hold a term of the Ostago County Circuit Court.

The propeller Messenger commencing next Monday will extend her route to Chicago, making only one trip per week, taking in the west shore of lake Michigan.

The Bay City Tribune says lumber shipment from that port is very slow, and that the tally boys in order to kill time, are having their photographs taken in groups.

The Detroit Evening Journal is booming. Last Saturday they printed 41,800 copies. They have got into their new office provided with the latest presses and are bound to deserve and win success.

Duggan & Workman, have had an arched way put in connecting their billiard hall with the north room in their building, which they have had neatly painted and propose using for a reading room.

George Mosher formerly editor of the Potoskey Record, it is reported will start a paper at Mackinac City the first of next month, to be called The Straits Journal. Mr Mosher is a newspaper man experience, and will get out a live paper.

S. H. Taylor, has placed \$25,000 insurance on the mill of the Cheboygan Lumber Company, in the different companies of his agency. He was obliged to draft eleven separate diagrams, one for each company taking a risk, and did it in good style.

The ladies of the Baptist society will give a Longfellow entertainment at the parlors of Mr. and Mrs. Frank Packard, on Tuesday evening, June 3rd at eight o'clock. Refreshments will be served. A cordial invitation is extended to all. Admission 25 cents.

The more a person reads the papers in regard to the chances of the leading candidates to come before the Republican Convention next week, the less they find out. The advocates for the different candidates all claim that their man is the coming man. It is hard to tell where the lightning will strike, but next week will settle the question as to who is to be the next President.

The Potoskey papers announce that Geo. Mosher, at one time editor of the Record will start a paper called the Straits Journal at Mackinac City early in June. A tramp printer, who passed through Cheboygan before breakfast one day last week, remarked that it would be terrible thin picking for a newspaper at that place unless the half-breeds and bull-frogs subscribed liberally. Seriously speaking, though, we think Mackinac City could get along very nicely for some time without a newspaper. The place is all right, what business men it has are energetic and straight forward, and its future is promising, but the field is not ready yet to give a newspaper that support which would make the venture a success.

H. J. Miner is in Chicago on business. Pat. McCann from St. Ignace was in town Monday.

The Metropolitan Billiard Hall sports a new awning.

James Moloney of St. Ignace, is well known in Cheboygan as Slippery Jim, is at the point of death, his friends have given up all hopes of his recovery.

A. W. Kirtland, brother of Capt. Chas. E. Kirtland, arrived in Cheboygan Friday, and is looking over the farming lands in this county with a view of settling here.

The Michigan Central will sell tickets to East Saginaw and return, June 2nd, 3rd, 4th, good to return not later than June 5th, for one fare for the round trip, on account of the Michigan state band tournament.

The Cheboygan base ball club are anxious to meet some base ball club, from some of our neighboring towns, on the green and test their skill. Here is a chance for the St. Ignace club to win glory—if they can.

The rush at Miss Hendryx & Co's five and ten cent bazaar has been so great that they have almost had a clearing out sale. But they have ordered a large invoice of new goods which will be open to the inspection of their customers in a few days.

We would call attention to the card of the Kirtland sisters, who offer their service to our citizens as teachers of piano, organ, vocal culture, and dancing. These ladies are too well known to Cheboygan people to need any commendation from us.

Geo. W. Bell, has been in attendance at every meeting of the village council since he was appointed Village Attorney, and C. J. Hunt, Village Clerk, has only missed one meeting, and that was a special meeting called during his absence from the village.

Capt. Chas. E. Kirtland is in receipt of a letter from Capt. Spencer, of the steamship Massachusetts, highly endorsing the former's instrument for testing the marine compass. Capt. Spencer has given it a thorough test and says it is all that could be wished for.

The Packard—McGinn logs were turned over by Deputy U. S. Marshall Nuite to Mr. McGinn this week, and were replevied by Sheriff Harrington Packards Tuesday evening and Wednesday were being manufactured into lumber as fast as the capacity of the mill would allow.

A petition to the Senate and House of Representatives in Congress is being circulated in our village, and being signed by most of the business men remonstrating against the enactment of any measure relating to the telegraph which shall increase the number of public officials or establish a governmental monopoly of the telegraph business.

Monday a young lad Merritt White, seven or eight years of age, accidentally shot himself while handling a revolver. It was another case of "didn't know it was loaded" and resulted in a very narrow escape for the boy. The ball, a 22 caliber, passed through one hand, struck him in the left breast and passed up under the skin several inches, toward the shoulder.

E. Nelson left last Thursday night, by rail for Chicago.

The steamers on the inland route will commence running in about two weeks.

The paddler is here. Look out for him, and save your rags, copper, old rubber &c. and when he calls on you he will take them off your hands and give you in exchange tinware, glassware, notions, &c.

The ladies of the M. E. church Aid Society elected the following officers yesterday: President—Mrs. H. P. Farmer. Vice-President—Mrs. E. W. Wiggins. Secretary—Mrs. E. T. Thompson. Treasurer—Mrs. H. Lynn.

Frawley & Brown received the first strawberries of the season Wednesday morning. They remembered the printers and for once we could afford to eat some of the first of the season. They also had new potatoes.

W. W. Strohn, having failed to qualify as mayor of Oconomowoc, Wis. a special election was held to elect a new mayor and the result was a Republican was elected. This shows that Captain Strohn's popularity won success for the Democracy at the regular election.

Our citizens should all try and make the observance of Memorial day a grand success. This is the first observance of the day in Cheboygan, and as many as possible should take part in paying tribute to the memory of those who served their country in its hour of danger.

W. S. Humphrey's trotting nags Mollie Harris and Wm. T. left Sunday night in a special car for Lansing, where they will enter in the races at that city commencing next Tuesday. The week following they are down for the races at Kalamazoo. Under the skillful handling of Wm. Sullivan, a good report may be expected from both horses.

Frank Graham, foreman at the saw mill at Gilchrist, last Sunday accompanied by his young son went out hunting killed a bear and was bringing it home on a stone boat; stopping to lunch, he laid his rifle on the carcass and when ready to start again took hold of the muzzle to pick it up and in drawing it to him the hammer caught and discharged the gun, the ball striking him in the side of the head making a hole deep enough to lay ones head in. The boy in response to a motion by his father went for help, but the man died a few minutes after his wife and assistance arrived. He was buried Tuesday, the Messenger stopping at Gilchrist with colors at half mast during burial, the Captain crew and passengers attending. The deceased left a wife and three children two boys and a girl. He had just moved his family up from St. Ignace about a week previous. The employees in the mill raised a purse of \$150, and presented Mrs. Graham.

Couldn't Joke Him

One of our French citizens has recently embarked in the grocery business on the east side, and is not very well up in some of the finer grades of goods. One day this week the mother of a prominent grocer sent a young girl to the store of the French grocer for a can of French mustard. The Frenchman got up on his dignity at once at the idea of them trying to play such a joke on him, and sent back word that she could go to her son's store and get a can of Irish mustard.
